Trinity Industries, Inc. and Subsidiaries
Notes to Consolidated Financial Statements
(Unaudited)

Note 1. Summary of Significant Accounting Policies

Basis of Presentation

The foregoing consolidated financial statements are unaudited and have been prepared from the books and records of Trinity Industries, Inc. and its consolidated subsidiaries ("Trinity," "Company," "we," or "our") including the accounts of its wholly-owned subsidiaries and its partially-owned subsidiaries, TRIP Rail Holdings LLC ("TRIP Holdings") and RIV 2013 Rail Holdings LLC ("RIV 2013"), in which the Company has a controlling interest. In our opinion, all normal and recurring adjustments necessary for a fair presentation of the financial position of the Company as of June 30, 2017, and the results of operations for the three and six months ended June 30, 2017 and 2016, and cash flows for the six months ended June 30, 2017 and 2016, have been made in conformity with generally accepted accounting principles. All significant intercompany accounts and transactions have been eliminated. Because of seasonal and other factors, the results of operations for the six months ended June 30, 2017 may not be indicative of expected results of operations for the year ending December 31, 2017. These interim financial statements and notes are condensed as permitted by the instructions to Form 10-Q and should be read in conjunction with the audited consolidated financial statements of the Company included in its Form 10-K for the year ended December 31, 2016.

Stockholders' Equity

In December 2015, the Company's Board of Directors renewed its \$250 million share repurchase program effective January 1, 2016 through December 31, 2017. Under the program, 1,942,200 shares were repurchased during the three and six months ended June 30, 2017, at a cost of approximately \$52.4 million. Certain shares of stock repurchased during June 2017, totaling \$10.5 million, were cash settled in July 2017 in accordance with normal settlement practices. During the six months ended June 30, 2016, the Company repurchased 2,070,600 shares at a cost of approximately \$34.7 million. There were no shares repurchased during the three months ended June 30, 2016. As of June 30, 2017, the remaining authorization under the program totaled \$163.0 million.

Revenue Recognition

Revenues for contracts providing for a large number of units and few deliveries are recorded as the individual units are produced, inspected, and accepted by the customer as the risk of loss passes to the customer upon delivery acceptance on these contracts. Revenues for certain customer-requested "bill and hold" arrangements, primarily in the Energy Equipment Group, are recognized when all of the following conditions have been met: the risks of ownership have passed to the customer, the customer has made a fixed commitment to purchase the goods, there is a fixed delivery schedule consistent with the customer's business purpose, the customer's goods have been segregated from our inventory and are not available to fill other orders, the goods are complete and ready for shipment, and no additional performance obligations exist for the Company. Revenue from rentals and operating leases, including contracts that contain non-level fixed rental payments, is recognized monthly on a straight-line basis. Revenue is recognized from the sales of railcars from the lease fleet on a gross basis in leasing revenues and cost of revenues if the railcar has been owned for one year or less at the time of sale. Sales of railcars from the lease fleet owned for more than one year are recognized as a net gain or loss from the disposal of a long-term asset. Fees for shipping and handling are recorded as revenue. For all other products, we recognize revenue when products are shipped or services are provided.

Financial Instruments

The Company considers all highly liquid debt instruments to be either cash and cash equivalents if purchased with a maturity of three months or less, or short-term marketable securities if purchased with a maturity of more than three months and less than one year. The Company intends to hold its short-term marketable securities until they are redeemed at their maturity date and believes that under the "more likely than not" criteria, the Company will not be required to sell the securities before recovery of their amortized cost bases, which may be maturity.

Financial instruments that potentially subject the Company to a concentration of credit risk are primarily cash investments including restricted cash, short-term marketable securities, and receivables. The Company places its cash investments and short-term marketable securities in bank deposits and investment grade, short-term debt instruments and limits the amount of credit exposure to any one commercial issuer. Concentrations of credit risk with respect to receivables are limited due to control procedures that monitor the credit worthiness of customers, the large number of customers in the Company's customer base, and their dispersion across different industries and geographic areas. As receivables are generally unsecured, the Company maintains an allowance for doubtful accounts based upon the expected collectibility of all receivables. Receivable balances determined to be uncollectible are charged against the allowance. The carrying values of cash, short-term marketable securities (using level two inputs), receivables, and accounts payable are considered to be representative of their respective fair values. At June 30, 2017, one Rail Group customer's net receivable balance, all current, accounted for 13% of the consolidated net receivables balance outstanding.

Recent Accounting Pronouncements

On January 1, 2017, the Company adopted Accounting Standards Update 2016-09, "Compensation - Stock Compensation: Improvements to Employee Share-Based Payment Accounting", ("ASU 2016-09") which changed how companies account for certain aspects of share-based payments to employees. ASU 2016-09 requires, among other things, that excess tax benefits or deficiencies related to vested awards, previously recognized in stockholders' equity, be included in income tax expense when the awards vest. The adoption of ASU 2016-09 resulted in an adjustment to retained earnings of \$0.6 million, net of tax, as of January 1, 2017 related to the cumulative effect of the standard. For the three and six months ended June 30, 2017, the effect on the provision for income taxes included in the consolidated statement of operations was an additional provision of \$2.7 million and \$2.4 million, respectively.

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2014-09, "Revenue from Contracts with Customers," ("ASU 2014-09") providing common revenue recognition guidance for U.S. GAAP. Under ASU 2014-09, an entity recognizes revenue when it transfers promised goods or services to customers in an amount that reflects what it expects in exchange for the goods or services. It also requires additional detailed disclosures to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. ASU 2014-09 will become effective for public companies during interim and annual reporting periods beginning after December 15, 2017.

The Company plans to adopt ASU 2014-09 effective January 1, 2018 using the modified retrospective method of adoption. Under this method, the guidance will be applied only to the most current period presented in the financial statements and the cumulative effect of initially applying the standard will result in an adjustment to the opening balance of retained earnings as of the date of adoption. Using both internal and external resources, the Company continues to evaluate the requirements of the standard and their application to our various business units. While our technical analysis is on-going, we anticipate a change in the timing of revenue recognition for our wind towers and utility structures product lines within our Energy Equipment Group, no longer recognizing revenue when products are delivered, but under the new guidance, recognizing revenue over time as products are manufactured. The impact of this change cannot be reasonably estimated at this time. We expect revenue recognition policies related to our other business segments to remain substantially unchanged as a result of adopting ASU 2014-09, although this could change based on our on-going analysis. Additionally, we do not anticipate significant changes in business processes or systems.

In February 2016, the FASB issued Accounting Standards Update No. 2016-02, "Leases", ("ASU 2016-02") which amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets and making targeted changes to lessor accounting. ASU 2016-02 will become effective for public companies during interim and annual reporting periods beginning after December 15, 2018, with early adoption permitted. The Company plans to adopt ASU 2016-02 effective January 1, 2019. We are continuing to assess the potential effects of the new standard, including its effects on our consolidated financial statements and the accounting for revenue from full service leases.

In December 2016, the FASB issued Accounting Standards Update No. 2016-18, "Restricted Cash", ("ASU 2016-18") which clarifies how entities should present restricted cash and restricted cash equivalents in the statement of cash flows. The new guidance requires a reconciliation of totals in the statement of cash flows to the related cash and cash equivalents and restricted cash captions in the balance sheet. ASU 2016-18 will become effective for public companies during interim and annual reporting periods beginning after December 15, 2017 with early adoption permitted. The Company plans to adopt ASU 2016-18 effective January 1, 2018. The effect of adopting this standard is not expected to be significant.

In March 2017, the FASB issued Accounting Standards Update No. 2017-07, "Compensation - Retirement Benefits: Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost" ("ASU 2017-07") which changes how companies that sponsor defined benefit pension plans present the related net periodic benefit cost in the income statement. The service cost component of the net periodic benefit cost will continue to be presented in the same income statement line items, however other components of the net periodic benefit cost will be presented as a component of other income and excluded from operating profit. ASU 2017-07 will become effective for public companies during interim and annual reporting periods beginning after December 15, 2017 with early adoption permitted. The Company plans to adopt ASU 2016-18 effective January 1, 2018. The effect of adopting this standard is not expected to be significant.

Note 2. Acquisitions and Divestitures

In May 2017, we completed the acquisition of the assets of a lightweight aggregates business in our Construction Products Group. The purchase price of the acquisition was not significant. There was no divestiture activity for the three and six months ended June 30, 2017. There was no acquisition or divestiture activity for the three and six months ended June 30, 2016.

In July 2017, we completed the acquisition of the assets of a trench shoring products business in our Construction Products Group for a total purchase price of approximately \$42 million.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for that asset or liability in an orderly transaction between market participants on the measurement date. An entity is required to establish a fair value hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are listed below:

Level 1 – This level is defined as quoted prices in active markets for identical assets or liabilities. The Company's cash equivalents and restricted cash are instruments of the U.S. Treasury or highly-rated money market mutual funds.

Level 2 – This level is defined as observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. The Company's fuel derivative instruments, which are commodity swaps, are valued using energy and commodity market data. Interest rate hedges are valued at exit prices obtained from each counterparty. See Note 7 Derivative Instruments and Note 11 Debt. The equity instruments consist of warrants for the purchase of certain publicly-traded equity securities and are valued using the Black-Scholes-Merton option pricing model and certain assumptions regarding the exercisability of the options under the related agreement.

Level 3 – This level is defined as unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The carrying amounts and estimated fair values of our long-term debt are as follows:

The estimated fair values of our senior notes and convertible subordinated notes were based on a quoted market price in a market with little activity as of June 30, 2017 and December 31, 2016 (Level 2 input). The estimated fair values of our 2006, 2009, 2010, and 2012 secured railcar equipment notes and TRIP Rail Master Funding LLC (“TRIP Master Funding”) secured railcar equipment notes are based on our estimate of their fair value as of June 30, 2017 and December 31, 2016. These values were determined by discounting their future cash flows at the current market interest rate (Level 3 inputs). The carrying value of our Trinity Industries Leasing Company (“TILC”) warehouse facility and 2017 promissory notes approximate fair value because the interest rate adjusts to the market interest rate (Level 3 input). The fair values of all other financial instruments are estimated to approximate carrying value. See Note 11 Debt for a description of the Company’s long-term debt.

Note 4. Segment Information

The Company reports operating results in five principal business segments: (1) the Rail Group, which manufactures and sells railcars and related parts, components, and maintenance services; (2) the Construction Products Group, which manufactures and sells highway products and other primarily-steel products and services for infrastructure-related projects, and produces and sells construction aggregates; (3) the Inland Barge Group, which manufactures and sells barges and related products for inland waterway services; (4) the Energy Equipment Group, which manufactures and sells products for energy-related businesses, including structural wind towers, steel utility structures for electricity transmission and distribution, storage and distribution containers, and tank heads for pressure and non-pressure vessels; and (5) the Railcar Leasing and Management Services Group (“Leasing Group”), which owns and operates a fleet of railcars as well as provides third-party fleet leasing, management, maintenance, and administrative services. The segment All Other includes our captive insurance and transportation companies; legal, environmental, and maintenance costs associated with non-operating facilities; and other peripheral businesses. Gains and losses from the sale of property, plant, and equipment related to manufacturing and dedicated to the specific manufacturing operations of a particular segment are included in the operating profit of that respective segment. Gains and losses from the sale of property, plant, and equipment that can be utilized by multiple segments are included in operating profit of the All Other segment.

Sales and related net profits ("deferred profit") from the Rail Group to the Leasing Group are recorded in the Rail Group and eliminated in consolidation and reflected in the "Eliminations - Lease subsidiary" line in the table below. Sales between these groups are recorded at prices comparable to those charged to external customers, taking into consideration quantity, features, and production demand. Amortization of deferred profit on railcars sold to the Leasing Group is included in the operating profit of the Leasing Group, resulting in the recognition of depreciation expense based on the Company's original manufacturing cost of the railcars. Sales of railcars from the lease fleet are included in the Leasing Group, with related gains and losses computed based on the net book value of the original manufacturing cost of the railcars.

The financial information for these segments is shown in the tables below. We operate principally in North America.

Note 5. Partially-Owned Leasing Subsidiaries

The Company, through its wholly-owned subsidiary, TILC, formed two subsidiaries, TRIP Holdings and RIV 2013, for the purpose of providing railcar leasing in North America. Each of TRIP Holdings and RIV 2013 are direct, partially-owned subsidiaries of TILC in which the Company has a controlling interest. Each is governed by a seven-member board of representatives, two of whom are designated by TILC. TILC is the agent of each of TRIP Holdings and RIV 2013 and as such, has been delegated the authority, power, and discretion to take certain actions on behalf of the respective companies.

At June 30, 2017, the Company's carrying value of its investment in TRIP Holdings and RIV 2013 totaled \$217.3 million. The Company's weighted average ownership interest in TRIP Holdings and RIV 2013 is 39% while the remaining 61% weighted average interest is owned by third-party investor-owned funds. The Company's investments in its partially-owned leasing subsidiaries are eliminated in consolidation.

Each of TRIP Holdings and RIV 2013 has wholly-owned subsidiaries that are the owners of railcars acquired from the Company's Rail and Leasing Groups. These wholly-owned subsidiaries are TRIP Master Funding (wholly-owned by TRIP Holdings) and Trinity Rail Leasing 2012 LLC ("TRL 2012," wholly-owned by RIV 2013). Railcar purchases by these subsidiaries were funded by secured borrowings and capital contributions from TILC and third-party equity investors. TILC is the contractual servicer for TRIP Master Funding and TRL 2012, with the authority to manage and service each entity's owned railcars. The Company's controlling interest in each of TRIP Holdings and RIV 2013 results from its combined role as both equity member and agent/servicer. The noncontrolling interest included in the accompanying consolidated balance sheets represents the non-Trinity equity interest in these partially-owned subsidiaries.

Trinity has no obligation to guarantee performance under any of the partially-owned subsidiaries' (or their respective subsidiaries') debt agreements, guarantee any railcar residual values, shield any parties from losses, or guarantee minimum yields.

The assets of each of TRIP Master Funding and TRL 2012 may only be used to satisfy the particular subsidiary's liabilities, and the creditors of each of TRIP Master Funding and TRL 2012 have recourse only to the particular subsidiary's assets. Each of TILC and the third-party equity investors receive distributions from TRIP Holdings and RIV 2013, when available, in proportion to its respective equity interests, and has an interest in the net assets of the partially-owned subsidiaries upon a liquidation event in the same proportion. TILC is paid fees for the services it provides to TRIP Master Funding and TRL 2012 and has the potential to earn certain incentive fees. TILC and the third-party equity investors have commitments to provide additional equity funding to TRIP Holdings that expire in May 2019 contingent upon certain returns on investment in TRIP Holdings and other conditions being met. There are no remaining equity commitments with respect to RIV 2013.

See Note 11 Debt regarding the debt of TRIP Holdings and RIV 2013 and their respective subsidiaries.

Note 6. Railcar Leasing and Management Services Group

⁽¹⁾ Depreciation, maintenance and compliance, and rent expense are components of operating profit. Amortization of deferred profit on railcars sold from the Rail Group to the Leasing Group is included in the operating profit of the Leasing Group resulting in the recognition of depreciation expense based on the Company's original manufacturing cost of the railcars. Interest expense is not a component of operating profit and includes the effect of hedges.

During the six months ended June 30, 2017 and 2016, the Company received proceeds from the sales of leased railcars as follows:

	Six Months Ended June 30,	
	2017	2016

Leasing Group:		
Railcars owned one year or less at the time of sale	\$ 7.1	\$ 126.1

Equipment consists primarily of railcars leased by third parties. The Leasing Group purchases equipment manufactured predominantly by the Rail Group and enters into lease contracts with third parties with terms generally ranging from one to twenty years. The Leasing Group primarily enters into operating leases. Future contractual minimum rental revenues on leases are as follows:

	Remaining six months of 2017	2018	2019	2020	2021	Thereafter	Total

Future contractual minimum rental revenue	\$ 271.9	\$ 478.2	\$ 392.6	\$ 313.0	\$ 215.3	\$ 478.2	\$ 2,149.2

Debt. The Leasing Group's debt at June 30, 2017 consisted primarily of non-recourse debt. As of June 30, 2017, Trinity's wholly-owned subsidiaries included in the Leasing Group held equipment with a net book value of \$1,729.8 million which is pledged as collateral for Leasing Group debt held by those subsidiaries, including equipment with a net book value of \$41.4 million securing

capital lease obligations. The net book value of unpledged equipment at June 30, 2017 was \$2,281.5 million. See Note 11 Debt for the form, maturities, and descriptions of Leasing Group debt.

Partially-owned subsidiaries. Debt owed by TRIP Holdings and RIV 2013 and their respective subsidiaries is nonrecourse to Trinity and TILC. Creditors of each of TRIP Holdings and RIV 2013 and their respective subsidiaries have recourse only to the particular subsidiary's assets. TRIP Master Funding equipment with a net book value of \$1,290.1 million is pledged as collateral for the TRIP Master Funding debt. TRL 2012 equipment with a net book value of \$560.0 million is pledged solely as collateral for the TRL 2012 secured railcar equipment notes. See Note 5 Partially-Owned Leasing Subsidiaries for a description of TRIP Holdings and RIV 2013.

Off Balance Sheet Arrangements. In prior years, the Leasing Group completed a series of financing transactions whereby railcars were sold to one or more separate independent owner trusts ("Trusts"). Each of the Trusts financed the purchase of the railcars with a combination of debt and equity. In each transaction, the equity participant in each of the respective Trusts is considered to be the primary beneficiary of the Trust and therefore, the accounts of the Trusts, including the debt related to each of the Trusts, are not included as part of the consolidated financial statements. The Leasing Group, through wholly-owned, qualified subsidiaries, leased railcars from the Trusts under operating leases with terms of 22 years, and subleased the railcars to independent third-party customers under shorter term operating rental agreements.

These Leasing Group subsidiaries had total assets as of June 30, 2017 of \$145.6 million, including cash of \$54.1 million and railcars of \$63.7 million. The subsidiaries' cash, railcars, and an interest in each sublease are pledged to collateralize the lease obligations to the Trusts and are included in the consolidated financial statements of the Company. Trinity does not guarantee the performance of the subsidiaries' lease obligations. Certain ratios and cash deposits must be maintained by the Leasing Group's subsidiaries in order for excess cash flow, as defined in the agreements, from the lease to third parties to be available to Trinity. Future operating lease obligations of the Leasing Group's subsidiaries as well as future contractual minimum rental revenues related to these leases due to the Leasing Group are as follows:

	Remaining six months of 2017	2018	2019	2020	2021	Thereafter	Total

Future operating lease obligations of Trusts' railcars	\$ 14.6	\$ 29.2	\$ 28.8	\$ 26.1	\$ 26.1	\$ 117.9	\$ 242.7
Future contractual minimum rental revenues of Trusts' railcars	\$ 21.6	\$ 34.2	\$ 23.5	\$ 14.3	\$ 9.5	\$ 13.7	\$ 116.8

Operating Lease Obligations. Future amounts due as well as future contractual minimum rental revenues related to operating leases other than leases discussed above are as follows:

	Remaining six months of 2017	2018	2019	2020	2021	Thereafter	Total
(in millions)							
Future operating lease obligations	\$ 5.9	\$ 12.0	\$ 9.5	\$ 7.7	\$ 7.6	\$ 13.5	\$ 56.2
Future contractual minimum rental revenues	\$ 6.7	\$ 9.2	\$ 6.8	\$ 4.5	\$ 3.3	\$ 4.1	\$ 34.6

Operating lease obligations totaling \$7.4 million are guaranteed by Trinity Industries, Inc. and certain subsidiaries. See Note 6 of the December 31, 2016 Consolidated Financial Statements filed on Form 10-K for a detailed explanation of these financing transactions.

Note 7. Derivative Instruments

We may use derivative instruments to mitigate the impact of changes in interest rates, both in anticipation of future debt issuances and to offset interest rate variability of certain floating rate debt issuances outstanding. We also may use derivative instruments to mitigate the impact of changes in natural gas and diesel fuel prices and changes in foreign currency exchange rates. Derivative instruments that are designated and qualify as cash flow hedges are accounted for in accordance with applicable accounting standards. See Note 3 Fair Value Accounting for discussion of how the Company valued its commodity hedges and interest rate swap at June 30, 2017. See Note 11 Debt for a description of the Company's debt instruments.

⁽¹⁾ Based on the fair value of open hedge as of June 30, 2017

During 2005 and 2006, we entered into interest rate swap derivatives in anticipation of issuing our 2006 Secured Railcar Equipment Notes. These derivative instruments, with a notional amount of \$200.0 million, were settled in 2006 and fixed the interest rate on a portion of the related debt issuance. These derivative instrument transactions are being accounted for as cash flow hedges with changes in the fair value of the instruments of \$4.5 million in income recorded in Accumulated Other Comprehensive Loss ("AOCL") through the date the related debt issuance closed in 2006. The balance is being amortized over the term of the related debt. The effect on interest expense is due to amortization of the AOCL balance.

Between 2007 and 2009, TRIP Holdings, as required by the TRIP Warehouse Loan, entered into interest rate swap derivatives, all of which qualified as cash flow hedges, to reduce the effect of changes in variable interest rates in the TRIP Warehouse Loan. In July 2011, these interest rate hedges were terminated in connection with the refinancing of the TRIP Warehouse Loan. Balances included in AOCL at the date the hedges were terminated are being amortized over the expected life of the new debt with \$3.5 million of additional interest expense expected to be recognized during the twelve months following June 30, 2017. Also in July 2011, TRIP Holdings' wholly-owned subsidiary, TRIP Master Funding, entered into an interest rate swap derivative instrument, expiring in 2021, with an initial notional amount of \$94.1 million to reduce the effect of changes in variable interest rates associated with the Class A-1b notes of the TRIP Master Funding secured railcar equipment notes. The effect on interest expense is primarily a result of monthly interest settlements.

In May 2017, TRL 2017 purchased an interest rate cap derivative, which qualified as a cash flow hedge, to limit the Libor component of the interest rate on the 2017 promissory notes to a maximum rate of 3%. The effect on interest expense is primarily the result of amortization of the cost of the derivative and is not expected to be significant during the next twelve months.

See Note 11 Debt regarding the related debt instruments.

Other Derivatives

Natural gas and diesel fuel

We maintain a program to mitigate the impact of fluctuations in the price of natural gas and diesel fuel. The intent of the program is to protect our operating profit from adverse price changes by entering into derivative instruments. For those instruments that do not qualify for hedge accounting treatment, any changes in their valuation are recorded directly to the consolidated statement of operations. The effect on operating income for these instruments was not significant. The amount recorded in the consolidated balance sheet as of June 30, 2017 for these instruments was not significant. The amount recorded in the consolidated balance sheet as of December 31, 2016 for these instruments was an asset of \$0.3 million.

We have a \$600.0 million unsecured corporate revolving credit facility that matures in May 2020. As of June 30, 2017, we had letters of credit issued under our revolving credit facility in an aggregate principal amount of \$92.6 million, leaving \$507.4 million available for borrowing. Other than these letters of credit, there were no borrowings under our revolving credit facility as of June 30, 2017, or during the six month period then ended. Of the outstanding letters of credit as of June 30, 2017, approximately \$3.8 million is expected to expire in 2017 and the remainder primarily in 2018. The majority of our letters of credit obligations support the Company's various insurance programs and generally renew by their terms each year. Trinity's revolving credit facility requires the maintenance of ratios related to minimum interest coverage for the leasing and manufacturing operations and maximum leverage. As of June 30, 2017, we were in compliance with all such financial covenants. Borrowings under the credit facility bear interest at a defined index rate plus a margin and are guaranteed by certain 100%-owned subsidiaries of the Company.

The Company's Convertible Subordinated Notes due 2036 ("Convertible Subordinated Notes") bear an interest rate of 3 7/8% per annum on the principal amount payable semi-annually in arrears on June 1 and December 1 of each year. In addition, commencing with the six-month period beginning June 1, 2018 and for each six-month period thereafter, we will pay contingent interest to the holders of the Convertible Subordinated Notes under certain circumstances. The Convertible Subordinated Notes mature on June 1, 2036, unless redeemed, repurchased, or converted earlier. We may not redeem the Convertible Subordinated Notes before June 1, 2018. On or after that date, we may redeem all or part of the Convertible Subordinated Notes for cash at 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest (including any contingent interest) up to, but excluding, the redemption date. Holders of the Convertible Subordinated Notes may require us to purchase all or a portion of their notes on June 1, 2018 or upon a fundamental change, in each case for cash at a price equal to 100% of the principal amount of the notes to be purchased plus any accrued and unpaid interest (including any contingent interest) up to, but excluding, the purchase date.

The Convertible Subordinated Notes are recorded net of unamortized discount to reflect their underlying economics by capturing the value of the conversion option as borrowing costs. As of June 30, 2017 and December 31, 2016, capital in excess of par value included \$92.5 million related to the estimated value of the Convertible Subordinated Notes' conversion options, in accordance with ASC 470-20. Debt discount recorded in the consolidated balance sheet is being amortized through June 1, 2018 to yield an effective annual interest rate of 8.42% based upon the estimated market interest rate for comparable non-convertible debt as of the issuance date of the Convertible Subordinated Notes. Total interest expense recognized on the Convertible Subordinated Notes for the three and six months ended June 30, 2017 and 2016 is as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
	(in millions)			
Coupon rate interest	\$ 4.3	\$ 4.3	\$ 8.7	\$ 8.7
Amortized debt discount	4.6	4.2	9.1	8.4
	<u>\$ 8.9</u>	<u>\$ 8.5</u>	<u>\$ 17.8</u>	<u>\$ 17.1</u>

Holders of the Convertible Subordinated Notes may convert their notes under the following circumstances: 1) if the daily closing price of our common stock is greater than or equal to 130% of the conversion price during 20 of the last 30 trading days of the preceding calendar quarter; 2) upon notice of redemption; or 3) upon the occurrence of specified corporate transactions pursuant to the terms of the applicable indenture. Upon conversion, the Company is required to pay cash up to the aggregate principal amount of the Convertible Subordinated Notes to be converted. Any conversion obligation in excess of the aggregate principal amount of the Convertible Subordinated Notes to be converted may be settled in cash, shares of the Company's common stock, or a combination of cash and shares of the Company's common stock, at the Company's election. The conversion price, which is subject to adjustment upon the occurrence of certain events, was \$24.43 per share as of June 30, 2017. The Convertible Subordinated Notes were not subject to conversion as of July 1, 2017. See Note 17 Earnings Per Common Share for an explanation of the effects of the Convertible Subordinated Notes on earnings per share. The Company has not entered into any derivatives transactions associated with these notes.

The \$1.0 billion TILC warehouse loan facility, established to finance railcars owned by TILC, had \$167.6 million in outstanding borrowings as of June 30, 2017. Under the facility, \$832.4 million was unused and available as of June 30, 2017 based on the amount of warehouse-eligible, unpledged equipment. The warehouse loan facility is a non-recourse obligation which expires in April 2018 and is secured by a portfolio of railcars and operating leases, certain cash reserves, and other assets acquired and owned by the warehouse loan facility trust. The principal and interest of this indebtedness are paid from the cash flows of the underlying leases. Advances under the facility bear interest at a defined index rate plus a margin, for an all-in interest rate of 2.95% at June 30, 2017. Amounts outstanding at maturity, absent renewal, are payable under the facility in April 2019.

On May 15, 2017, Trinity Rail Leasing 2017, LLC, a Delaware limited liability company ("TRL 2017") and a limited purpose, indirect wholly-owned subsidiary of the Company owned through TILC, issued \$302.4 million of promissory notes (the "2017 Promissory Notes") due May 15, 2024, of which \$301.1 million was outstanding as of June 30, 2017. The 2017 Promissory Notes are obligations of TRL 2017 and are non-recourse to Trinity. The 2017 Promissory Notes bear interest at Libor plus a margin for an all-in interest rate of 2.91% as of June 30, 2017, payable monthly. The 2017 Promissory Notes are secured by a portfolio of railcars and operating leases thereon, certain cash reserves, and other assets acquired and owned by TRL 2017.

Terms and conditions of other debt, including recourse and non-recourse provisions, are described in Note 11 of the December 31, 2016 Consolidated Financial Statements filed on Form 10-K.

Note 12. Other, Net

Other, net (income) expense consists of the following items:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
(in millions)				
Foreign currency exchange transactions	\$ (0.3)	\$ (2.6)	\$ 1.3	\$ (2.9)
Other	0.8	(2.3)	—	(2.7)
Other, net	\$ 0.5	\$ (4.9)	\$ 1.3	\$ (5.6)

Other for the three and six months ended June 30, 2017 includes \$1.5 million and \$1.1 million, respectively, in expense related to the change in fair value of certain equity instruments. Other for the three and six months ended June 30, 2016 includes \$2.1 million in income related to the change in fair value of certain equity instruments.

Note 13. Income Taxes

The provision for income taxes results in effective tax rates that differ from the statutory rates. The following is a reconciliation between the statutory U.S. federal income tax rate and the Company's effective income tax rate on income before income taxes:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Statutory rate	35.0 %	35.0 %	35.0 %	35.0 %
State taxes	1.5	1.2	1.5	1.1
Noncontrolling interest in partially-owned subsidiaries	(0.7)	(1.0)	(0.6)	(1.1)
Settlements with tax authorities	—	—	(3.5)	—
Equity compensation	3.0	—	1.5	—
Other, net	2.1	(0.1)	1.6	0.5
Effective rate	40.9 %	35.1 %	35.5 %	35.5 %

Our effective tax rate reflects the Company's estimate for 2017 of its state income tax expense, income attributable to the noncontrolling interests in partially-owned leasing subsidiaries for which no income tax expense is provided, excess tax deficiencies related to equity compensation in accordance with ASU 2016-09, and the impact of the completion of income tax audits that resulted in a net tax benefit. See Note 5 Partially-Owned Leasing Subsidiaries for a further explanation of activities with respect to our partially-owned leasing subsidiaries.

Taxing authority examinations

During the six months ended June 30, 2017, the Internal Revenue Service ("IRS") formally closed its audit of the 2006-2009 tax years and accordingly, we have adjusted unrecognized tax benefits and deferred tax amounts related to these tax years resulting in a \$5.8 million tax benefit. The 2013 audit has concluded and all issues have been agreed upon by us and the IRS and the revenue agent report has been sent to The Joint Committee of Taxation for final review. The statute of limitations for this tax year has been extended to June 30, 2018. The 2013-2016 tax years remain open.

We have various subsidiaries in Mexico that file separate tax returns and are subject to examination by taxing authorities at different times. The 2007 tax year of one of our Mexican subsidiaries is still under review for transfer pricing purposes only, and its statute of limitations remains open through October 2017. The remaining entities are generally open for their 2010 tax years and forward.

Unrecognized tax benefits

The change in unrecognized tax benefits for the six months ended June 30, 2017 and 2016 was as follows:

	Six Months Ended June 30,	
	2017	2016
	(in millions)	
Beginning balance	\$ 28.2	\$ 65.2
Additions for tax positions related to the current year	—	3.0
Additions for tax positions of prior years	0.1	1.0
Reductions for tax positions of prior years	—	(0.1)
Settlements	(23.3)	—
Ending balance	<u>\$ 5.0</u>	<u>\$ 69.1</u>

Additions for tax positions related to the current year in the amount of \$3.0 million recorded in the six months ended June 30, 2016 were amounts provided for tax positions that will be taken for federal and state income tax purposes when we file those tax returns. Additions for tax positions related to prior years of \$0.1 million and \$1.0 million recorded in the six months ended June 30, 2017 and 2016, respectively, are due to a state filing position. The reductions for tax positions of prior years of \$0.1 million for the six months ended June 30, 2016 were primarily related to changes in state taxes. Settlements during the six months ended June 30, 2017 were due to the resolution of our 2006-2009 income tax years.

The total amount of unrecognized tax benefits including interest and penalties at June 30, 2017 and 2016, that would affect the Company's overall effective tax rate if recognized was \$5.3 million and \$15.2 million, respectively. There is a reasonable possibility that unrecognized federal and state tax benefits will decrease by \$1.3 million by June 30, 2018, due to settlements and lapses in statutes of limitations for assessing tax for tax years in which an extension was not requested by the taxing authority.

Trinity accounts for interest expense and penalties related to income tax issues as income tax expense. Accordingly, interest expense and penalties associated with an uncertain tax position are included in the income tax provision. The total amount of accrued interest and penalties as of June 30, 2017 and December 31, 2016 was \$3.6 million and \$8.9 million, respectively. Income tax expense included an increase of \$0.1 million and a decrease of \$5.3 million in interest expense and penalties related to uncertain tax positions for the three and six months ended June 30, 2017, respectively. Income tax expense included an increase of \$0.4 million and \$0.9 million in interest expense and penalties related to uncertain tax positions for the three and six months ended June 30, 2016, respectively.

Trinity contributed \$2.4 million and \$3.1 million to the Company's defined benefit pension plans for the three and six months ended June 30, 2016, respectively. Total contributions to the Company's defined benefit pension plans in 2017 are expected to be approximately \$2.5 million. The Company participates in a multiemployer defined benefit plan under the terms of a collective-bargaining agreement that covers certain union-represented employees. The Company contributed \$0.3 million and \$0.9 million to the multiemployer plan for the three and six months ended June 30, 2017, respectively. The Company contributed \$0.6 million and \$1.1 million to the multiemployer plan for the three and six months ended June 30, 2016, respectively. Balances at June 30, 2017	\$ (22.9)	\$ 0.4	\$ (88.2)	\$ (110.7)

See Note 7 Derivative Instruments for information on the reclassification of amounts in accumulated other comprehensive loss into earnings. Reclassifications of unrealized before-tax losses on derivative financial instruments are included in interest expense in the consolidated statements of operations. Approximately \$1.9 million of the before-tax reclassification of net actuarial gains/(losses) of defined benefit plans are included in cost of revenues with the remainder included in selling, engineering, and administrative expenses in the consolidated statement of operations for the six months ended June 30, 2017.

Note 16. Stock-Based Compensation

Stock-based compensation totaled approximately \$8.6 million and \$16.2 million for the three and six months ended June 30, 2017, respectively. Stock-based compensation totaled approximately \$12.5 million and \$22.8 million for the three and six months ended June 30, 2016, respectively.

Note 17. Earnings Per Common Share

Basic net income attributable to Trinity Industries, Inc. per common share is computed by dividing net income attributable to Trinity remaining after allocation to unvested restricted shares by the weighted average number of basic common shares outstanding for the period. Except when the effect would be antidilutive, the calculation of diluted net income attributable to Trinity per common share includes 1) the net impact of unvested restricted shares and shares that could be issued under outstanding stock options and 2) the incremental shares calculated by dividing the value of the conversion obligation in excess of the Convertible Subordinated Notes' aggregate principal amount by the average price of the Company's common stock during the period. See Note 11 Debt for further explanation of the Company's Convertible Subordinated Notes. Total weighted average restricted shares and antidilutive stock options were 6.6 million shares and 6.5 million shares for the three and six months ended June 30, 2017, respectively. Total weighted average restricted shares and antidilutive stock options were 7.0 million shares for the three and six months ended June 30, 2016, respectively.

Highway products litigation

We previously reported the filing of a False Claims Act (“FCA”) complaint in the United States District Court for the Eastern District of Texas, Marshall Division (“District Court”) styled Joshua Harman, on behalf of the United States of America, Plaintiff/Relator v. Trinity Industries, Inc., Defendant, Case No. 2:12-cv-00089-JRG (E.D. Tex.). In this case, in which the U.S. Government declined to intervene, the relator, Mr. Joshua Harman, alleged the Company violated the FCA pertaining to sales of the Company’s ET-Plus® System, a highway guardrail end-terminal system (“ET Plus”). On October 20, 2014, a trial in this case concluded with a jury verdict stating that the Company and its subsidiary, Trinity Highway Products, LLC (“Trinity Highway Products”), “knowingly made, used or caused to be made or used, a false record or statement material to a false or fraudulent claim” and awarding \$175.0 million in damages. Following unsuccessful settlement negotiations to resolve this dispute and the District Court’s denial of the Company’s post-verdict motion for judgment as a matter of law, on June 9, 2015 the District Court entered judgment on the verdict in the total amount of \$682.4 million, comprised of \$175.0 million in damages, which amount is automatically trebled under the FCA to \$525.0 million plus \$138.4 million in civil penalties and \$19.0 million in costs and attorneys’ fees.

On June 23, 2015, the District Court approved the Company’s posting of a supersedeas bond in the amount of \$686.0 million (the “Bond”) and ordered a stay of the execution of the District Court’s June 9, 2015 entry of judgment of \$682.4 million against the Company pending resolution of all appeals. The Company obtained the Bond on an unsecured basis and the annual premium is currently \$3.7 million.

On July 7, 2015, the Company filed a Motion for New Trial with the District Court and on August 3, 2015, the Motion was denied. On August 28, 2015, the Company filed a Notice of Appeal to the United States Court of Appeals for the Fifth Circuit (“Fifth Circuit”). On March 21, 2016, the Company filed its opening appellate brief. On March 28, 2016, six separate *amicus curiae* briefs were filed in the Fifth Circuit by the following organizations and individuals in support of Trinity’s appeal seeking a reversal of the judgment: (i) Eleven states - Texas, Alabama, Arkansas, Colorado, Indiana, Louisiana, Nevada, Oklahoma, South Carolina, Utah and Wisconsin; (ii) the National Association of Manufacturers, United States Chamber of Commerce, and the American Tort Reform Association; (iii) five former United States Department of Justice Officials; (iv) Mothers Against Drunk Driving; (v) the Cato Institute; and (vi) the Washington Legal Foundation. On June 9, 2016, Mr. Joshua Harman filed his responsive appeal brief in the Fifth Circuit. On June 16, 2016, six *amicus curiae* briefs were filed in the Fifth Circuit by several organizations and individuals in support of Mr. Harman’s opposition to the Company’s appeal. On July 21, 2016, the Company filed its reply brief in this matter and on December 7, 2016, the Fifth Circuit heard the parties’ oral arguments. The Fifth Circuit’s ruling on the Company’s appeal is pending.

Texas A&M Transportation Institute (“TTI”), a member of The Texas A&M University System, designed the technology employed in the ET Plus. The Texas A&M University System is the owner of patents issued by the U.S. Patent Office that cover the ET Plus. Trinity Highway Products manufactures and markets the ET Plus pursuant to an exclusive license granted by The Texas A&M University System. In 2005, Trinity Highway Products contracted with TTI to conduct crash testing of the ET Plus to demonstrate compliance with the governing crash test criteria set out in National Cooperative Highway Research Program Report 350 (“Report 350”). Following the 2005 crash testing, TTI prepared and provided to Trinity Highway Products the test report on the crash test performance of the ET Plus. This report was reviewed by the Federal Highway Administration (the “FHWA”) in their 2005 acceptance of the product for use on the national highway system and determination of the product’s eligibility for federal-aid reimbursement. In a memorandum dated June 17, 2014, the FHWA confirmed that “The Trinity ET Plus with 4-inch guide channels became eligible for federal-aid reimbursement under FHWA letter CC-94 on September 2, 2005. In addition, the device is eligible for reimbursement under FHWA letters CC-94A and CC-120.” In this memorandum the FHWA confirmed that the reimbursement eligibility applies at guardrail heights from 27 ¾” to 31”. The memorandum goes on to state that an “unbroken chain of eligibility for federal-aid reimbursement has existed since September 2, 2005 and the ET Plus continues to be eligible today.”

Preceding the October 2014 trial in this matter, the Company filed a Petition for Writ of Mandamus with the Fifth Circuit based, in part, on the District Court’s failure to apply precedential case law. The Fifth Circuit denied this petition, but expressed concern regarding the District Court’s failure to issue a reasoned ruling rejecting the Company’s prior motions for judgment as a matter of law. The Fifth Circuit also stated that the FHWA’s authoritative memorandum of June 17, 2014 appears to compel the conclusion that the FHWA, after due consideration of all the facts, found the ET Plus sufficiently compliant with federal safety standards and therefore fully eligible, in the past, present and future, for federal-aid reimbursement claims. Additionally, the Fifth Circuit noted that a strong argument could be made that the Company’s actions were neither material nor were any false claims based on false certifications presented to the government. We believe this reinforces our prospects for a successful outcome on appeal.

Crash testing and FHWA assessments

Following the October 20, 2014 jury verdict, the FHWA requested that the Company conduct eight separate crash tests pursuant to crash test criteria set out in Report 350. Due to the FHWA’s request for additional ET Plus crash tests, on October 24, 2014 the Company announced that it would suspend shipment of the ET Plus to customers. The FHWA-requested tests were conducted in December 2014 and January 2015 at Southwest Research Institute, an FHWA-approved and independent research facility. Following

completion of the first four tests at a 27 ¾" guardrail installation height, and again after completion of the second four tests at a 31" guardrail installation height, the FHWA reported that the ET Plus passed all tests. Performance results from eight successful crash tests validate Trinity Highway Products' long standing position that the ET Plus performs as tested for both guardrail installation heights when properly installed and maintained. On March 11, 2015, the FHWA and the American Association of State Highway and Transportation Officials ("AASHTO") released the findings of a joint task force ("Task Force I"), comprised of representatives from the FHWA, AASHTO, the state Departments of Transportation of South Dakota, New Hampshire, Missouri, Ohio, Delaware, and Wyoming, and the Ministry of Transportation of Ontario, Canada, that evaluated field measurement data collected by FHWA engineers from more than 1,000 4-inch ET Plus devices installed on roadways throughout the country. Task Force I concluded there is no evidence to suggest that there are multiple versions of the 4-inch ET Plus on the nation's roadways. Task Force I also concluded that the ET Plus end terminals crash tested at Southwest Research Institute in December 2014 and January 2015 were representative of the devices installed across the country.

The FHWA and AASHTO formed a second joint task force ("Task Force II") comprised of representatives from the FHWA, AASHTO, the state Departments of Transportation of Iowa, Georgia, New Hampshire, North Carolina, New York, Michigan, Missouri, Delaware, and Utah, and independent experts to further evaluate the in-service performance of the ET Plus and other guardrail end terminals through the collection and analysis of a broad array of data. In a report dated September 11, 2015, the FHWA and AASHTO released the findings, conclusions, and recommendations of Task Force II, including but not limited to, the following: there are no performance limitations unique to the ET Plus; there will be real-world accident conditions that exceed the performance expectations of all manufacturers' guardrail end terminal systems; and additional crash testing of all existing Report 350 compliant guardrail end terminals, including the ET Plus, "would not be informative" and "would be irrelevant".

The Company is vigorously pursuing a reversal of the \$682.4 million judgment before the Fifth Circuit. Appellate review will continue to result in legal expenses that are expensed as incurred. We remain confident in the performance of the product at issue in this matter, and we maintain that the allegations in the case are baseless and without merit. We believe our filing in the Fifth Circuit articulates in a clear and convincing way why the judgment should not stand.

Based on information currently available to the Company, including, but not limited to the significance of the successful completion of eight post-verdict crash tests of the ET Plus and the favorable findings and conclusions published by both Task Force I and II regarding ET Plus end terminal systems installed on the nation's roadways, we do not believe that a loss is probable in this matter, therefore no accrual has been included in the accompanying consolidated financial statements.

Revenues from sales of the ET Plus, included in the Construction Products Group, totaled approximately \$0.9 million and \$2.3 million for the three and six months ended June 30, 2017, respectively. Revenues from sales of the ET Plus, included in the Construction Products Group, totaled approximately \$1.1 million and \$1.9 million for the three and six months ended June 30, 2016, respectively.

State, county, and municipal actions

Trinity is aware of 29 states and the District of Columbia that have removed the ET Plus from their respective qualified products list.

Mr. Harman has also filed nine separate state qui tam actions pursuant to: the Virginia Fraud Against Taxpayers Act (Commonwealth of Virginia ex rel. Joshua M. Harman v. Trinity Industries, Inc. and Trinity Highway Products, LLC, Case No. CL13-698, in the Circuit Court, Richmond, Virginia); the Indiana False Claims and Whistleblower Protection Act (State of Indiana ex rel. Joshua M. Harman Qui Tam v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Case No. 49D06-1407-PL-024117, in the Sixth Court of Marion County, Indiana); the Delaware False Claims and Reporting Act (State of Delaware ex rel. Joshua M. Harman v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Civ. No. N14C-06-227 MMJ CCLD, in the Superior Court of the State of Delaware In and For New Castle County); the Iowa False Claims Act (State of Iowa ex rel. Joshua M. Harman v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Case No. CVCV048309, in the Iowa District Court for Polk County); the Rhode Island False Claims Act (State of Rhode Island ex rel. Joshua M. Harman v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Case No. 14-3498, in the Superior Court for the State of Rhode Island and Providence Plantations); the Tennessee False Claims Act (State of Tennessee ex rel. Joshua M. Harman v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Case No. 14C2652, in the Circuit Court for Davidson County, Tennessee); the Minnesota False Claims Act (State of Minnesota ex rel. Joshua M. Harman Qui Tam v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Case No. 62-CV-14-3457, in the Second Judicial District Court, Ramsey County, Minnesota); the Montana False Claims Act (State of Montana ex rel. Joshua M. Harman v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Case No. DV 14-0692, in the Montana Thirteenth Judicial District Court for Yellowstone County); and the Georgia Taxpayer Protection False Claims Act (State of Georgia ex rel. Joshua M. Harman v. Trinity Industries, Inc., and Trinity Highway Products, LLC, Case No. 1:15-CV-1260, in the U.S. District Court for the Northern District of Georgia). In each of these nine cases Mr. Harman is alleging the Company violated the respective states' false claims act pertaining to sales of the ET Plus, and he is seeking damages, civil penalties, attorneys' fees, costs and interest. Also, the respective states' Attorneys General filed Notices of Election to Decline Intervention in all of these matters, with the exception of the Commonwealth of Virginia Attorney General who intervened in the Virginia matter. At this time all of the above-referenced state qui tam cases are stayed.

The Company believes these state qui tam lawsuits are without merit and intends to vigorously defend all allegations. Other states could take similar or different actions, and could be considering similar state false claims or other litigation against the Company.

The Company is aware of three class action lawsuits involving claims pertaining to the ET Plus. The Company has been served in a lawsuit filed November 26, 2014, titled Hamilton County, Illinois and Macon County, Illinois, Individually and on behalf of all Other Counties in the State of Illinois vs. Trinity Industries, Inc. and Trinity Highway Products, LLC, Case No. 3:14-cv-1320 (Southern District of Illinois). This complaint was later amended to substitute St. Clair County, Illinois for Hamilton County as a lead plaintiff and to expand the proposed class. The case is being brought by plaintiffs for and on behalf of themselves and the other 101 counties of the State of Illinois and on behalf of cities, villages, incorporated towns, and township governments of the State of Illinois. The plaintiffs allege that the Company and Trinity Highway Products made a series of un-tested modifications to the ET Plus and falsely certified that the modified ET Plus was acceptable for use on the nation's highways based on federal testing standards and approval for federal-aid reimbursement. The plaintiffs also allege breach of implied warranties, violation of the Illinois Uniform Deceptive Trade Practices Act and unjust enrichment, for which plaintiffs seek actual damages related to purchases of the ET Plus, compensatory damages for establishing a common fund for class members, punitive damages, attorneys' fees and costs, and injunctive relief.

The Company has also been served in a lawsuit filed February 11, 2015, titled The Corporation of the City of Stratford and Trinity Industries, Inc., Trinity Highway Products, LLC, and Trinity Industries Canada, Inc., Case No. 15-2622 CP, pending in Ontario Superior Court of Justice. The alleged class in this matter has been identified as persons in Canada who purchased and/or used an ET Plus guardrail end terminal. The plaintiff alleges that Trinity Industries, Inc., Trinity Highway Products, LLC, and Trinity Industries Canada, Inc., failed to warn of dangers associated with undisclosed modifications to the ET Plus guardrail end terminals, breached an implied warranty, breached a duty of care, and were negligent. The plaintiff is seeking \$400 million in compensatory damages and \$100 million in punitive damages. Alternatively, the plaintiff claims the right to an accounting or other restitution remedy for disgorgement of the revenues generated by the sale of the modified ET Plus in Canada.

The Company has been served in a lawsuit filed November 5, 2015, titled Jackson County, Missouri, individually and on behalf of a class of others similarly situated vs. Trinity Industries, Inc. and Trinity Highway Products, LLC, Case No. 1516-CV23684 (Circuit Court of Jackson County, Missouri). The case is being brought by plaintiff for and on behalf of itself and all Missouri counties with a population of 10,000 or more persons, including the City of St. Louis, and the State of Missouri's transportation authority. The plaintiff alleges that the Company and Trinity Highway Products did not disclose design changes to the ET Plus and these allegedly undisclosed design changes made the ET Plus allegedly defective, unsafe, and unreasonably dangerous. The plaintiff alleges product liability negligence, product liability strict liability, and negligently supplying dangerous instrumentality for supplier's business purposes. The plaintiff seeks compensatory damages, interest, attorneys' fees and costs, and in the alternative plaintiff seeks a declaratory judgment that the ET Plus is defective, the Company's conduct was unlawful, and class-wide costs and expenses associated with removing and replacing the ET Plus throughout Missouri.

The Company believes each of these county and municipal class action lawsuits is without merit and intends to vigorously defend all allegations. While the financial impacts of these three county and municipal class action lawsuits are currently unknown, they could be material.

Based on the information currently available to the Company, we currently do not believe that a loss is probable in any one or more of the actions described under "State, county, and municipal actions," therefore no accrual has been included in the accompanying consolidated financial statements. Because of the complexity of these actions as well as the current status of certain of these actions, we are not able to estimate a range of possible losses with respect to any one or more of these actions.

Product liability cases

The Company is currently defending a number of product liability lawsuits in several different states that are alleged to involve the ET Plus as well as other products manufactured by Trinity Highway Products. These cases are diverse in light of the randomness of collisions in general and the fact that each accident involving a roadside device such as an end terminal, or any other fixed object along the highway has its own unique facts and circumstances. Report 350 recognizes that performance of even the most carefully researched and tested roadside device is subject to physical laws and the crash worthiness of vehicles. The Company expects the judgment in the FCA case, coupled with the media attention such judgment has generated, will prompt the plaintiff's bar to seek out individuals involved in collisions with a Trinity Highway Products manufactured product as potential clients, which may result in additional product liability lawsuits being filed against the Company. The Company carries general liability insurance to mitigate the impact of adverse judgment exposures in these product liability cases. To the extent that the Company believes that a loss is probable with respect to these product liability cases, the accrual for such losses is included in the amounts described below under "Other matters".

Shareholder class actions

On January 11, 2016, the previously reported cases styled Thomas Nemky, Individually and On Behalf of All Other Similarly Situated v. Trinity Industries, Inc., Timothy R. Wallace, and James E. Perry, Case No. (2:15-CV-00732) (“Nemky”) and Richard J. Isolde, Individually and On Behalf of All Other Similarly Situated v. Trinity Industries, Inc., Timothy R. Wallace, and James E. Perry, Case No. (3:15-CV-2093) (“Isolde”), were consolidated in the District Court for the Northern District of Texas, with all future filings to be filed in the Isolde case. On March 9, 2016, the Court appointed the Department of the Treasury of the State of New Jersey and its Division of Investment and the Plumbers and Pipefitters National Pension Fund and United Association Local Union Officers & Employees’ Pension Fund as co-lead plaintiffs (“Lead Plaintiffs”). On May 11, 2016, the Lead Plaintiffs filed their Consolidated Complaint alleging defendants Trinity Industries, Inc., Timothy R. Wallace, James E. Perry, and Gregory B. Mitchell violated Section 10(b) of the Securities Exchange Act of 1934, Rule 10b-5 promulgated thereunder, and defendants Mr. Wallace and Mr. Perry violated Section 20(a) of the Securities Exchange Act of 1934 by making materially false and misleading statements and/or by failing to disclose material facts about Trinity’s ET Plus and the FCA case styled Joshua Harman, on behalf of the United States of America, Plaintiff/Relator v. Trinity Industries, Inc., Defendant, Case No. 2:12-cv-00089-JRG (E.D. Tex.). On August 18, 2016, Trinity, Mr. Wallace, Mr. Perry, and Mr. Mitchell filed motions to dismiss Lead Plaintiffs Consolidated Complaint, which remain pending. On March 13, 2017, the Court granted defendant’s motion to stay and administratively close proceedings pending Fifth Circuit appeal. The Isolde matter is stayed and remains administratively closed pending the conclusion of the Company’s Fifth Circuit appeal of the Joshua Harman FCA judgment.

Trinity, Mr. Wallace, Mr. Perry, and Mr. Mitchell deny and intend to vigorously defend against the allegations in the Isolde case. Based on the information available to the Company, we currently do not believe that a loss is probable with respect to this shareholder class action; therefore no accrual has been included in the accompanying consolidated financial statements. Because of the complexity of these actions as well as the current status of certain of these actions, we are not able to estimate a range of possible losses with respect to these matters.

Stockholder books and records requests

The Company has received multiple requests from stockholders pursuant to the Delaware General Corporation Law to review certain of the Company’s books and records related to the ET Plus and the FCA case styled Joshua Harman, on behalf of the United States of America, Plaintiff/Relator v. Trinity Industries, Inc., Defendant, Case No. 2:12-cv-00089-JRG (E.D. Tex.). The stockholders’ stated purpose for seeking access to the Company’s books and records is to investigate the possibility of whether the directors or officers of the Company committed breaches of fiduciary duty or other wrongdoing. In accordance with the Company’s obligations under the Delaware law when such requests are properly filed, the Company has provided books and records to some of those stockholders.

Stockholder derivative complaints

The Company is named as a nominal defendant in two lawsuits captioned Bessent v. Wallace, et. al., Case No. 2017-0223, and Campi v. Wallace, et. al. Case No. 2017-0474, both in the Court of Chancery of the State of Delaware. These cases are brought by purported stockholders of the Company derivatively on behalf of nominal defendants Trinity Industries, Inc. and Trinity Highway Products, LLC, against the Company’s directors and certain officers. Plaintiffs allege the individual defendants breached their fiduciary duties in connection with Trinity’s ET Plus and the FCA case styled Joshua Harman, on behalf of the United States of America, Plaintiff/Relator v. Trinity Industries, Inc., Defendant, Case No. 2:12-cv-00089-JRG (E.D. Tex.) and that certain defendants made improper sales of Company stock. Plaintiffs seek a declaration that they may maintain this derivative action on behalf of the Company and that they are the adequate representatives of the Company, a declaration that the individual defendants breached their fiduciary duties, awarding the Company damages as a result of the alleged breaches of fiduciary duties, awarding restitution, disgorgement of individual defendants’ profits, benefits, and other compensation, certain injunctive relief, costs and fees, and interest.

The defendants deny and intend to vigorously defend against the allegations in the Bessent and Campi cases. Based on the information available to the Company, we currently do not believe that a loss is probable with respect to these derivative cases; therefore no accrual has been included in the accompanying consolidated financial statements. Because of the complexity of these actions as well as the current status of certain of these actions, we are not able to estimate a range of possible losses with respect to these matters.

Other matters

The Company is involved in claims and lawsuits incidental to our business arising from various matters including product warranty, personal injury, environmental issues, workplace laws, and various governmental regulations. The Company evaluates its exposure to such claims and suits periodically and establishes accruals for these contingencies when a range of loss can be reasonably estimated. The range of reasonably possible losses for such matters, taking into consideration our rights in indemnity and recourse to third parties is \$4.4 million to \$21.6 million. This range includes any amount related to the Highway Products litigation matters described above in the section titled “Product liability cases.” At June 30, 2017, total accruals of \$26.0 million, including environmental and workplace matters described below, are included in accrued liabilities in the accompanying

consolidated balance sheet. The Company believes any additional liability would not be material to its financial position or results of operations.

Trinity is subject to remedial orders and federal, state, local, and foreign laws and regulations relating to the environment and the workplace. The Company has reserved \$3.7 million to cover our probable and estimable liabilities with respect to the investigations, assessments, and remedial responses to such matters, taking into account currently available information and our contractual rights to indemnification and recourse to third parties. However, estimates of liability arising from future proceedings, assessments, or remediation are inherently imprecise. Accordingly, there can be no assurance that we will not become involved in future litigation or other proceedings involving the environment and the workplace or, if we are found to be responsible or liable in any such litigation or proceeding, that such costs would not be material to the Company. We believe that we are currently in substantial compliance with environmental and workplace laws and regulations.

Note 19. Financial Statements for Guarantors of the Senior Notes

The Company's Senior Notes are fully and unconditionally and jointly and severally guaranteed by certain of Trinity's 100%-owned subsidiaries: Trinity Industries Leasing Company; Trinity Marine Products, Inc.; Trinity North American Freight Car, Inc.; Trinity Rail Group, LLC; Trinity Tank Car, Inc.; Trinity Meyer Utility Structures LLC. and, effective April 20, 2017, Trinity Structural Towers, Inc. (collectively, the "Combined Guarantor Subsidiaries"). Amounts previously reported have been restated to include Trinity Structural Towers, Inc. as a Guarantor Subsidiary. The Senior Notes indenture agreement includes customary provisions for the release of the guarantees by the Combined Guarantor Subsidiaries upon the occurrence of certain allowed events including the release of one or more of the Combined Guarantor Subsidiaries as guarantor under the Company's revolving credit facility. See Note 11 Debt. The Senior Notes are not guaranteed by any remaining 100%-owned subsidiaries of the Company or partially-owned subsidiaries ("Combined Non-Guarantor Subsidiaries").

As of June 30, 2017, assets held by the Combined Non-Guarantor Subsidiaries included \$165.6 million of restricted cash that was not available for distribution to Trinity Industries, Inc. ("Parent"), \$3,599.9 million of equipment securing certain non-recourse debt, \$67.5 million of equipment securing certain lease obligations held by the Combined Non-Guarantor Subsidiaries, and \$332.8 million of assets located in foreign locations. As of December 31, 2016, assets held by the Combined Non-Guarantor Subsidiaries included \$147.1 million of restricted cash that was not available for distribution to the Parent, \$3,300.9 million of equipment securing certain non-recourse debt, \$68.0 million of equipment securing certain lease obligations held by the Combined Non-Guarantor Subsidiaries, and \$349.4 million of assets located in foreign locations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is intended to provide management's perspective on our financial condition, results of operations, liquidity, and certain other factors that may affect our future results. Our MD&A is presented in the following sections:

- Executive Summary
- Results of Operations
- Liquidity and Capital Resources
- Contractual Obligations and Commercial Commitments
- Recent Accounting Pronouncements
- Forward-Looking Statements

Our MD&A should be read in conjunction with the unaudited consolidated financial statements of Trinity Industries, Inc. and subsidiaries ("Trinity," "Company," "we," and "our") and related Notes in Part I, Item 1 of the Quarterly Report on Form 10-Q and Item 8, Financial Statements and Supplementary Data, of the Annual Report on Form 10-K for the year-ended December 31, 2016.

Executive Summary

The Company's revenues for the three and six months ended June 30, 2017 were \$905.5 million and \$1,782.8 million, respectively, representing a decrease of \$279.4 million and \$590.0 million, respectively, or 23.6% and 24.9%, respectively, compared to the same periods in 2016. Operating profit for the three and six months ended June 30, 2017 totaled \$135.2 million and \$251.8 million, respectively, compared to \$191.6 million and \$395.0 million, respectively, for the same periods in 2016. The decrease in both revenues and operating profit for the three and six months ended June 30, 2017, when compared to the prior year periods, resulted primarily from lower volumes in our Rail and Inland Barge Groups. Revenues and operating profit generated by our Energy Equipment Group decreased for the three and six months ended June 30, 2017 as higher delivery volumes in our wind towers and utility structures businesses were offset by lower delivery volumes in the Group's other product lines. When compared to the same periods in 2016, revenues produced by our Construction Products Group decreased for the three and six months ended June 30, 2017 primarily due to lower volumes in the Group's highway products business while operating profit was substantially unchanged. Revenues from the Leasing Group decreased for the three and six months ended June 30, 2017, when compared to the prior year periods, due to lower sales of leased railcars while operating profit decreased for the three months ended June 30, 2017 and increased for the six months ended June 30, 2017 as lower profit from leased railcar sales was offset by higher profit from net additions to the lease fleet and lower fleet maintenance and compliance expenses.

Selling, engineering, and administrative expenses increased by 5.7% and 5.9% for the three and six months ended June 30, 2017, respectively, when compared to the prior year periods, primarily due to higher litigation-related costs, increased insurance costs, and additional bad debt expense, partially offset by lower compensation costs. The Company's headcount, including both production and non-production personnel, decreased approximately 26% since June 30, 2016 and approximately 18% since the end of 2016 primarily due to actions taken to realign our costs with current market conditions.

Net income for the three and six months ended June 30, 2017 was \$54.0 million and \$105.7 million, respectively, compared with \$98.8 million and \$200.9 million, respectively, for the same periods in 2016. Net income attributable to Trinity Industries, Inc. common stockholders for the three and six months ended June 30, 2017 was \$51.1 million and \$97.1 million, respectively, compared with \$94.6 million and \$191.8 million, respectively, for the prior year periods.

Our Rail, Inland Barge, and Leasing Groups and our structural wind towers, utility structures, and storage and distribution containers businesses operate in cyclical industries. Additionally, results in our Construction Products Group are affected by seasonal fluctuations with the second and third quarters historically being the quarters with the highest revenues. Due to their transactional nature, railcar sales from the lease fleet are the primary driver of fluctuations in results in the Railcar Leasing and Management Services Group.

We continue to experience weak demand levels for many of the Company's products and services. The ongoing level of uncertainty in the industrial economy has continued to impact our customers' long-term capital planning processes. The oversupply of railcars and barges in the North American market has limited new order levels for these businesses. We continue to assess demand for our products and services and take steps to align our manufacturing capacity appropriately.

As of June 30, 2017 and 2016 our backlog of firm orders was as follows:

	June 30, 2017	June 30, 2016
	(in millions)	
Rail Group		
External Customers	\$ 1,722.0	\$ 3,125.2
Leasing Group	992.8	1,166.2
	\$ 2,714.8	\$ 4,291.4
Inland Barge Group	\$ 90.7	\$ 251.0
Wind towers	\$ 945.4	\$ 1,112.6

For the six months ended June 30, 2017, our rail manufacturing businesses received orders for 6,675 railcars. The change in backlog as of June 30, 2017 compared with our backlog as of June 30, 2016 reflects the value of orders taken, net of cancellations, executory contract change orders and price modifications, and orders delivered during the period. The orders in our backlog from the Leasing Group are fully supported by lease commitments with external customers. The final amount dedicated to the Leasing Group may vary by the time of delivery as customers may alternatively choose to purchase railcars as external sales from the Rail Group. The Company does not report backlog from its utility structures business because certain contracts contain partial order cancellation provisions.

During the six months ended June 30, 2017 and 2016, the Company received proceeds from the sales of leased railcars as follows:

	Six Months Ended June 30,	
	2017	2016
	(in millions)	
Leasing Group:		
Railcars owned one year or less at the time of sale	\$ 7.1	\$ 126.1

	\$ 99.5	\$ 171.9

On May 15, 2017, Trinity Rail Leasing 2017, LLC, a Delaware limited liability company ("TRL 2017") and a limited purpose, indirect wholly-owned subsidiary of the Company owned through TILC, issued \$302.4 million of promissory notes (the "2017 Promissory Notes") due May 15, 2024, of which \$301.1 million was outstanding as of June 30, 2017. The 2017 Promissory Notes are obligations of TRL 2017 and are non-recourse to Trinity. The 2017 Promissory Notes bear interest at Libor plus a margin for an all-in interest rate of 2.91% as of June 30, 2017, payable monthly. The 2017 Promissory Notes are secured by a portfolio of railcars and operating leases thereon, certain cash reserves, and other assets acquired and owned by TRL 2017.

In May 2017, the Company declared an increase in its quarterly dividend from \$0.11 to \$0.13 per share, reflecting an 18% increase.

In December 2015, the Company's Board of Directors renewed its \$250 million share repurchase program effective January 1, 2016 through December 31, 2017. Under the program, 1,942,200 shares were repurchased during the three and six months ended June 30, 2017, at a cost of approximately \$52.4 million. Certain shares of stock repurchased during June 2017, totaling \$10.5 million, were cash settled in July 2017 in accordance with normal settlement practices. As of June 30, 2017, the remaining authorization under the program totaled \$163.0 million.

A current summary of the Company's Highway Products litigation is provided in Note 18 of the Consolidated Financial Statements.

Our revenues for the three and six months ended June 30, 2017 decreased by 24% and 25%, respectively, from the prior year periods primarily as a result of reduced volumes in our Rail and Inland Barge Groups. Revenues from our Construction Products Group decreased for the three and six months ended June 30, 2017 primarily due to lower volumes in the Group's highway products business. In our Energy Equipment Group, higher volumes in our wind towers and utility structures product lines were offset by lower volumes in the Group's other product lines resulting in lower revenues for the three and six months ended June 30, 2017 when compared to the prior year periods. Revenues from our Leasing Group decreased as a reduced volume of leased railcar sales was partially offset by higher leasing and management revenues for the three and six months ended June 30, 2017 when compared to the prior year periods.

Operating costs for the three and six months ended June 30, 2017 decreased by 22.5% and 22.6%, respectively, over the same periods in 2016 primarily due to lower shipment levels in our Rail and Inland Barge Groups. Operating costs in our Energy Equipment Group increased for the three months ended June 30, 2017 primarily due to higher volumes in our wind towers product line and decreased for the six months ended June 30, 2017 primarily due to improved manufacturing efficiencies in our wind towers product line. The reduction in operating costs was offset by additional costs associated with aligning our production footprint with demand in several of our business groups. Selling, engineering, and administrative expenses, including Corporate expenses, increased for the three and six months ended June 30, 2017, by 5.7% and 5.9%, respectively. As a percentage of revenue, selling, engineering, and administrative expenses were 12.5% and 12.1%, respectively, for the three and six months ended June 30, 2017 as compared to 9.0% and 8.6%, respectively, for the same periods in 2016 primarily due to higher litigation-related costs, increased insurance costs, and additional bad debt expense, partially offset by lower compensation costs.

Operating profit in the Construction Products Group was substantially unchanged for the three and six months ended June 30, 2017 when compared to the prior year periods. Operating profit in our Energy Equipment Group decreased for the three and six months ended June 30, 2017 when compared to the same periods in the prior year as a result of lower volumes from the Group's other businesses. Operating profit in our Leasing Group decreased for the three months ended June 30, 2017 and increased for the six months ended June 30, 2017 over the same periods during the prior year primarily as a result of net additions to the lease fleet and lower maintenance and compliance costs which were offset by a reduced volume of leased railcar sales.

Income Taxes. The provision for income taxes results in effective tax rates that differ from the statutory rates. The following is a reconciliation between the statutory U.S. federal income tax rate and the Company's effective income tax rate on income before income taxes:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Statutory rate	35.0 %	35.0 %	35.0 %	35.0 %

Effective rate	<u>40.9 %</u>	<u>35.1 %</u>	<u>35.5 %</u>	<u>35.5 %</u>

Our effective tax rate reflects the Company's estimate for 2017 of its state income tax expense, income attributable to the noncontrolling interests in partially-owned leasing subsidiaries for which no income tax expense is provided, excess tax deficiencies related to equity compensation in accordance with ASU 2016-09, and the impact of the completion of income tax audits that resulted in a net tax benefit. See Note 5 of the Consolidated Financial Statements for a further explanation of activities with respect to our partially-owned leasing subsidiaries. Income tax payments, net of refunds received, during the six months ended June 30, 2017 totaled \$8.1 million. The total net income tax receivable position at June 30, 2017 amounted to \$182.1 million. During the six months ended June 30, 2017, the Internal Revenue Service ("IRS") formally closed its audit of the 2006-2009 tax years and, accordingly, we have adjusted unrecognized tax benefits and deferred tax amounts related to these tax years resulting in a \$5.8 million tax benefit. The 2013-2016 tax years remain open.

See Note 13 of the Consolidated Financial Statements for a further discussion of income taxes.

Revenues and cost of revenues decreased for the three months ended June 30, 2017 by 32.8% and 29.5%, respectively, when compared to the prior year periods. Revenues and cost of revenues decreased for the six months ended June 30, 2017 by 38.7% and 34.3%, respectively, when compared to the prior year periods. The decreases in revenues and cost of revenues primarily resulted from a decrease in railcar unit deliveries.

Unit decreases and lower prices decreased total backlog dollars by 36.7% when comparing June 30, 2017 to the prior year period. The average selling price in the backlog at June 30, 2017 was 7.8% lower as compared to June 30, 2016 primarily due to pricing and product mix changes. The backlog dedicated to the Leasing Group is supported by lease commitments with external customers. The final amount dedicated to the Leasing Group may vary by the time of delivery as customers may alternately choose to purchase railcars as external sales from the Rail Group.

During the three months ended June 30, 2017, railcar shipments included sales to the Leasing Group of \$115.9 million with a deferred profit of \$13.6 million, representing 1,145 railcars, compared to \$252.1 million with a deferred profit of \$45.9 million representing 2,470 railcars in the comparable period in 2016. During the six months ended June 30, 2017, railcar shipments included sales to the Leasing Group of \$296.9 million with a deferred profit of \$42.5 million, representing 2,876 railcars, compared to \$535.4 million with a deferred profit of \$111.4 million, representing 4,880 railcars, in the comparable period in 2016. There were no railcar shipments of leased railcars to third parties during the three and six months ended June 30, 2017. ⁽¹⁾ Depreciation, maintenance and compliance, and rent expense are components of operating profit. Amortization of deferred profit on railcars sold from the Rail Group to the Leasing Group is included in the operating profit of the Leasing Group resulting in the recognition of depreciation expense based on the Company's original manufacturing cost of the railcars. Interest expense is not a component of operating profit and includes the effect of hedges.

Total revenues decreased by 35.2% and 21.9% for the three and six months ended June 30, 2017, respectively, compared to 2016 due to lower volume of railcar sales owned one year or less. Leasing and management revenues for the three and six months ended June 30, 2017 increased 3.6% and 4.3%, respectively, compared to 2016 due to net fleet additions partially offset by the effect of lower average rental rates.

During the six months ended June 30, 2017 and 2016, the Company received proceeds from the sales of leased railcars as follows:

Operating profit decreased by 5.9% for the three months ended June 30, 2017 compared to 2016 primarily due to a lower volume of railcar sales. Operating profit increased by 2.0% for the six months ended June 30, 2017 compared to 2016 primarily due to lower fleet maintenance and compliance expenses, partially offset by a lower volume of railcar sales.

The Leasing Group generally uses cash or its non-recourse warehouse loan facility to provide initial funding for a portion of the purchase price of the railcars. After initial funding, the Leasing Group may obtain long-term financing for the railcars in the lease fleet through non-recourse asset-backed securities; long-term non-recourse operating leases pursuant to sales/leaseback transactions; long-term recourse debt such as equipment trust certificates; or third-party equity. Cash Flows

The following table summarizes our cash flows from operating, investing, and financing activities for the six months ended June 30, 2017 and June 30, 2016:

Operating Activities. Net cash provided by operating activities for the six months ended June 30, 2017 was \$336.1 million compared to net cash provided by operating activities of \$486.4 million for the six months ended June 30, 2016. Cash flow provided by operating activities decreased primarily due to lower net income.

Receivables at June 30, 2017 increased by \$52.8 million or 11.0% since December 31, 2016 primarily due to a higher income tax receivable partially offset by lower trade receivables in our Rail Group. Raw materials inventory at June 30, 2017 decreased by \$7.8 million or 2.6% since December 31, 2016 primarily attributable to lower levels in our Construction Products and Inland Barge Groups from lower production volumes. At June 30, 2017, work in process inventory decreased by \$16.9 million or 8.9% primarily in our Rail Group while finished goods inventory decreased by \$13.8 million or 7.9% since December 31, 2016 due to higher inventory balances carried at the previous year end for scheduled shipments in early 2017 in our Energy Equipment Group. Accounts payable increased slightly by \$11.0 million, while accrued liabilities decreased by \$4.9 million from December 31, 2016 primarily due to lower compensation-related accruals. We continually review reserves related to bad debt as well as the adequacy of lower of cost or market valuations related to accounts receivable and inventory.

Investing Activities. Net cash required by investing activities for the six months ended June 30, 2017 was \$168.9 million compared to \$496.8 million for the six months ended June 30, 2016. Capital expenditures for the six months ended June 30, 2017 were \$315.0 million, which included \$277.2 million for additions to the lease fleet less \$5.6 million for the cost of sold lease fleet railcars owned one year or less. This compares to \$425.8 million of capital expenditures for the same period last year, which included \$438.0 million for additions to the lease fleet less \$92.0 million for the cost of sold lease fleet railcars owned one year or less. Proceeds from the sale of property, plant, and equipment and other assets totaled \$98.4 million for the six months ended June 30, 2017, including railcar sales from the lease fleet owned more than one year at the time of sale totaling \$92.4 million. This compares to \$41.8 million for the same period in 2016, including railcar sales from the lease fleet owned more than one year at the time of sale totaling \$37.7 million. Full-year manufacturing/corporate capital expenditures for 2017 are projected to range between \$90.0 million and \$110.0 million. For 2017, we anticipate a net investment in our wholly-owned lease fleet of between \$315.0 million and \$365.0 million, after taking into account the proceeds from sales of leased railcars. Short-term marketable securities decreased by \$55.1 million and increased by \$115.1 million for the six months ended June 30, 2017 and 2016, respectively. Net cash required related to acquisitions amounted to \$5.3 million for the six months ended June 30, 2017. There was no divestiture activity for the six months ended June 30, 2017. Financing Activities. Net cash provided by financing activities during the six months ended June 30, 2017 was \$78.1 million compared to \$161.6 million of cash required by financing activities for the same period in 2016. During the six months ended June 30, 2017, we retired \$98.3 million in debt as scheduled and borrowed \$299.4 million, net of debt issuance costs, primarily from the issuance by TRL 2017 of promissory notes. During the six months ended June 30, 2016, we retired \$77.6 million in debt as scheduled. We intend to use our cash and committed credit facilities to fund the operations, expansions, and growth initiatives of the Company. Additionally, we may use our cash and committed credit facilities to retire or repurchase the Company's outstanding debt prior to its stated maturity or repurchase shares of its common stock.

Other Investing and Financing Activities

The \$1.0 billion TILC warehouse loan facility, established to finance railcars owned by TILC, had \$167.6 million in outstanding borrowings as of June 30, 2017. Under the facility, \$832.4 million was unused and available as of June 30, 2017 based on the amount of warehouse-eligible, unpledged equipment. The warehouse loan facility is a non-recourse obligation which expires in April 2018 and is secured by a portfolio of railcars and operating leases, certain cash reserves, and other assets acquired and owned by the warehouse loan facility trust. The principal and interest of this indebtedness are paid from the cash flows of the underlying leases. Advances under the facility bear interest at a defined index rate plus a margin, for an all-in interest rate of 2.95% at June 30, 2017. Amounts outstanding at maturity, absent renewal, are payable under the facility in April 2019.

On May 15, 2017, Trinity Rail Leasing 2017, LLC, a Delaware limited liability company ("TRL 2017") and a limited purpose, indirect wholly-owned subsidiary of the Company owned through TILC, issued \$302.4 million of promissory notes (the "2017 Promissory Notes") due May 15, 2024, of which \$301.1 million was outstanding as of June 30, 2017. The 2017 Promissory Notes are obligations of TRL 2017 and are non-recourse to Trinity. The 2017 Promissory Notes bear interest at Libor plus a margin for an all-in interest rate of 2.91% as of June 30, 2017, payable monthly. The 2017 Promissory Notes are secured by a portfolio of railcars and operating leases thereon, certain cash reserves, and other assets acquired and owned by TRL 2017.

In May 2017, the Company declared an increase in its quarterly dividend from \$0.11 to \$0.13 per share, reflecting an 18% increase.

As of June 30, 2017, we had letters of credit issued under our \$600 million revolving credit facility in an aggregate principal amount of \$92.6 million, leaving \$507.4 million available for borrowing. Other than these letters of credit, there were no borrowings under our revolving credit facility as of June 30, 2017, or for the six month period then ended. Borrowings under the credit facility bear interest at a defined index rate plus a margin and are guaranteed by certain 100%-owned subsidiaries of the Company.

In December 2015, the Company's Board of Directors renewed its \$250 million share repurchase program effective January 1, 2016 through December 31, 2017. Under the program, 1,942,200 shares were repurchased during the three and six months ended June 30, 2017, at a cost of approximately \$52.4 million. Certain shares of stock repurchased during June 2017, totaling \$10.5 million, were cash settled in July 2017 in accordance with normal settlement practices. As of June 30, 2017, the remaining authorization under the program totaled \$163.0 million.

During the six months ended June 30, 2017 and 2016, the Company received proceeds from the sales of leased railcars as follows:

	Six Months Ended June 30,	
	2017	2016
	(in millions)	
Leasing Group:		
Railcars owned one year or less at the time of sale	\$ 7.1	\$ 126.1
Railcars owned more than one year at the time of sale	92.4	37.7
Rail Group	—	8.1
	<u>\$ 99.5</u>	<u>\$ 171.9</u>

We continue to experience weak demand levels for many of the Company's products and services. The ongoing level of uncertainty in the industrial economy has continued to impact our customers' long-term capital planning processes. The oversupply of railcars and barges in the North American market has limited new order levels for these businesses. We continue to assess demand for our products and services and take steps to align our manufacturing capacity appropriately.

Equity Investment

See Note 5 of the Notes to Consolidated Financial Statements for information about the Company's investment in partially-owned leasing subsidiaries.

Future Operating Requirements

We expect to finance future operating requirements with cash, cash equivalents, and short-term marketable securities; cash flows from operations; and, depending on market conditions, short-term debt, long-term debt, and equity. Debt instruments that the Company has utilized include its revolving credit facility, the TILC warehouse facility, senior notes, convertible subordinated notes, asset-backed securities, and sale-leaseback transactions. As of June 30, 2017, the Company had unrestricted cash, cash equivalents, and short-term marketable securities balances of \$988.3 million, and \$507.4 million available under its revolving credit facility. Under the TILC warehouse facility, \$832.4 million was unused and available as of June 30, 2017 based on the amount of warehouse-eligible, unpledged equipment. The Company believes it has access to adequate capital resources to fund operating requirements and is an active participant in the capital markets.

Off Balance Sheet Arrangements

See Note 6 and Note 11 of the Notes to Consolidated Financial Statements for information about off balance sheet arrangements.

Derivative Instruments

We may use derivative instruments to mitigate the impact of changes in interest rates, both in anticipation of future debt issuances and to offset interest rate variability of certain floating rate debt issuances outstanding. We also may use derivative instruments to mitigate the impact of changes in natural gas and diesel fuel prices and changes in foreign currency exchange rates. Derivative instruments that are designated and qualify as cash flow hedges are accounted for in accordance with applicable accounting standards. See Note 3 Fair Value Accounting of the Notes to Consolidated Financial Statements for discussion of how the Company valued its commodity hedges and interest rate swap at June 30, 2017. See Note 11 Debt of the Notes to Consolidated Financial Statements for a description of the Company's debt instruments.

During 2005 and 2006, we entered into interest rate swap derivatives in anticipation of issuing our 2006 Secured Railcar Equipment Notes. These derivative instruments, with a notional amount of \$200.0 million, were settled in 2006 and fixed the interest rate on a portion of the related debt issuance. These derivative instrument transactions are being accounted for as cash flow hedges with changes in the fair value of the instruments of \$4.5 million in income recorded in Accumulated Other Comprehensive Loss ("AOCL") through the date the related debt issuance closed in 2006. The balance is being amortized over the term of the related debt. The effect on interest expense is due to amortization of the AOCL balance.

Between 2007 and 2009, TRIP Holdings, as required by the TRIP Warehouse Loan, entered into interest rate swap derivatives, all of which qualified as cash flow hedges, to reduce the effect of changes in variable interest rates in the TRIP Warehouse Loan. In July 2011, these interest rate hedges were terminated in connection with the refinancing of the TRIP Warehouse Loan. Balances included in AOCL at the date the hedges were terminated are being amortized over the expected life of the new debt with \$3.5 million of additional interest expense expected to be recognized during the twelve months following June 30, 2017. Also in July 2011, TRIP Holdings' wholly-owned subsidiary, TRIP Master Funding, entered into an interest rate swap derivative instrument, expiring in 2021, with an initial notional amount of \$94.1 million to reduce the effect of changes in variable interest rates associated with the Class A-1b notes of the TRIP Master Funding secured railcar equipment notes. The effect on interest expense is primarily a result of monthly interest settlements.

In May 2017, TRL 2017 purchased an interest rate cap derivative, which qualified as a cash flow hedge, to limit the Libor component of the interest rate on the 2017 promissory notes to a maximum rate of 3%. The effect on interest expense is primarily the result of amortization of the cost of the derivative and is not expected to be significant during the next twelve months.

See Note 11 Debt of the Notes to Consolidated Financial Statements regarding the related debt instruments.

Other Derivatives

Natural gas and diesel fuel

We maintain a program to mitigate the impact of fluctuations in the price of natural gas and diesel fuel. The intent of the program is to protect our operating profit from adverse price changes by entering into derivative instruments. For those instruments that do not qualify for hedge accounting treatment, any changes in their valuation are recorded directly to the consolidated statement of operations. The effect on operating income for these instruments was not significant. The amount recorded in the consolidated balance sheet as of June 30, 2017 for these instruments was not significant. The amount recorded in the consolidated balance sheet as of December 31, 2016 for these instruments was an asset of \$0.3 million.

Contractual Obligation and Commercial Commitments

As of June 30, 2017, contractual obligations related to letters of credit increased to \$92.7 million from \$92.3 million at December 31, 2016. Refer to Note 11 of the Consolidated Financial Statements for changes to our outstanding debt and maturities. Contractual obligations that relate to operating leases including sale/leaseback transactions were substantially unchanged as of June 30, 2017. See Note 6 of the Consolidated Financial Statements regarding operating lease obligations.

Section 2: EX-10.5 (EXHIBIT 10.5)

Exhibit 10.5

TRINITY INDUSTRIES, INC.**NON-EMPLOYEE DIRECTOR
RESTRICTED STOCK GRANT AGREEMENT**

THIS NON-EMPLOYEE DIRECTOR RESTRICTED STOCK GRANT AGREEMENT (the "Agreement"), by and between TRINITY INDUSTRIES, INC. (hereinafter called, the "Company") and [FIRST NAME] [LAST NAME] (hereinafter called, the "Director"), is made as of [DATE] (the "Date of Grant");

WITNESSETH:

WHEREAS, the Company has established the Fourth Amended and Restated Trinity Industries, Inc. 2004 Stock Option and Incentive Plan ("Plan"), and which Plan is made a part hereof; and

WHEREAS, the Board of Directors of the Company (the "Board") has determined that the Director be granted an award of Restricted Stock subject to the term of the Plan and the terms stated below, as hereinafter set forth;

NOW, THEREFORE, in consideration of the premises and the covenants and agreements herein contained, the parties hereto agree as follows:

1. Grant of Restricted Shares.

Subject to the terms and conditions of the Plan, this Agreement and the restrictions set forth below, the Company hereby grants to the Director (this "Restricted Stock Grant") [TOTAL SHARES GRANTED] Shares of the Company (the "Restricted Shares"). The Restricted Shares may be issued in certificated or book-entry form as the Company may determine.

2. Restrictions; Vesting Schedule; Forfeiture.

The Restricted Shares may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (the "Restrictions on Transferability") until the Restrictions on Transferability shall lapse. The Restrictions on Transferability shall lapse upon the first to occur of the following: the Restrictions on Transferability shall

lapse on the first anniversary of the Date of Grant, or if earlier (i) upon death of the Director, (ii) upon the termination of the Director's service for Disability (as defined in the Plan), or (iii) with the consent of the Board, in its sole discretion. Subject to Section 18 of the Plan, upon a Change in Control (as defined in the Plan), the Restrictions on Transferability with respect to the Restricted Shares shall not lapse, but rather shall continue until they lapse in accordance with the schedule set forth above.

Any unvested Restricted Shares shall be forfeited by the Director to the Company if prior to the lapse of the Restrictions on Transferability, the Director ceases to be a director of the

Company (or otherwise terminates service) with the Company for any reason, which termination shall be evidenced by written notice from the Company or from the Director. Upon forfeiture, the Company shall have all right, title and interest in the Restricted Shares and the Director shall have no further right, title or interest therein. Until the Restrictions on Transferability shall lapse, any certificates representing the Restricted Shares shall bear a legend giving notice of such restrictions as follows:

THE SHARES REPRESENTED BY THIS CERTIFICATE ARE RESTRICTED PURSUANT TO A NON-EMPLOYEE DIRECTOR RESTRICTED STOCK GRANT AGREEMENT DATED AS OF [DATE] AND MAY NOT BE SOLD, ASSIGNED, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF OR ENCUMBERED AT ANYTIME WITHOUT THE PRIOR WRITTEN APPROVAL OF THE COMPANY.

Upon the lapse of the Restrictions on Transferability with respect to any of the Restricted Shares, such shares without the restrictive legend noted above shall be delivered to the Director or the Director's personal representative.

3. Stockholder Status.

Effective upon satisfaction of the conditions set forth in Section 12, the Director will become the holder of record of the Restricted Shares and have all rights of a stockholder with respect to the Restricted Shares, including the right to vote the Restricted Shares and the right to receive all dividends earned with respect to the Restricted Shares, subject to the terms and conditions set forth in this Agreement. With respect to any dividends declared with respect to the Restricted Shares, such dividends shall be accrued by the Company for the Director's account, and shall be distributed to the Director in cash or, in the sole discretion of the Board, in Shares having a Fair Market Value equal to the amount of such dividends, if applicable, upon the lapse of the Restrictions on Transferability (as defined below) with respect to the applicable Restricted Shares to which such dividends are attributable. No dividends shall be accrued or paid with respect to Restricted Shares that are forfeited in accordance with Section 2 above, and any right to such dividends shall be forfeited at the time the underlying Restricted Shares are forfeited.

4. Subject to Plan.

The Restricted Shares are granted subject to the terms and provisions of the Plan of the Company, which Plan is incorporated herein by reference. In case of any conflict between this Agreement and the Plan, the terms and provisions of the Plan shall be controlling. Capitalized terms used herein, if not defined herein, shall be as defined in the Plan.

5. Tax Requirements; Tax Election.

Exhibit 10.6

TRINITY INDUSTRIES, INC.
NON-EMPLOYEE DIRECTOR
RESTRICTED STOCK UNIT AGREEMENT

THIS NON-EMPLOYEE DIRECTOR RESTRICTED STOCK UNIT AGREEMENT (the "Agreement"), by and between TRINITY INDUSTRIES, INC. (hereinafter called the "Company") and [FIRST NAME] [LAST NAME] (hereinafter called, the "Director"), is made as of [DATE] (the "Date of Grant");

WHEREAS, the Company has established the Fourth Amended and Restated Trinity Industries, Inc. 2004 Stock Option and Incentive Plan (the "Plan"), and which Plan is made a part hereof;

WHEREAS, the Board of Directors of the Company has determined that the Director be granted Restricted Stock Units subject to the terms of the Plan and the terms stated below, as hereinafter set forth;

NOW, THEREFORE, in consideration of the premises and the covenants and agreements herein contained, the parties hereto agree as follows:

1. Grant of Restricted Stock Units.

Subject to the terms and conditions of the Plan, this Agreement and the restrictions set forth below, the Company hereby grants to the Director [TOTAL SHARES GRANTED,] Restricted Stock Units (the "Units"), and hereby credits such Units to a separate account maintained on the books of the Company. Each Unit shall be subject to conversion into one Share, as herein provided.

2. Vesting; Forfeiture.

The Units will become vested as follows: 100% of the Units on the first anniversary of the Date of Grant, or if earlier (i) upon death of the Director, (ii) upon the termination of the Director's service for Disability (as defined in the Plan), or (iii) with the consent of the Board, in its sole discretion (such vested Units being referred to herein as, the "Vested Units"). Subject to Section 18 of the Plan, upon a Change in Control (as defined in the Plan), the vesting of the unvested Units shall not be accelerated, but rather the Units shall continue to vest in accordance with the schedule set forth above. All of the unvested Units shall be forfeited by the Director to the Company if, prior to vesting in accordance with this Section 3, the Director ceases to be a director of the Company (or otherwise terminates service with the Company) for any reason, which termination shall be evidenced by written notice from the Company or from the Director. Upon forfeiture, all of the Director's rights with respect to the forfeited Units shall cease and terminate, without any further obligations on the part of the Company.

3. Stockholder Status.

The Director will have no rights as a stockholder (including, without limitation, the right to vote and to receive dividends) with respect to the Units covered by this Agreement until the issuance of Shares to the Director (in certificated or book-entry form) upon the conversion of the Units into Shares. The Director, by his or her execution of this Agreement, agrees to execute any documents requested by the Company in connection with the conversion of the Units. Except as otherwise provided in Sections 4 and 7 hereof, no adjustment shall be made for dividends or other rights for which the record date is prior to the issuance of such Shares.

4. Divided Equivalents.

The Company also grants to the Director a Dividend Equivalent Right with respect to the Units, whereby if on any date the Company shall pay any dividend or other distribution on Shares (other than a dividend in Shares), then with respect to each Unit, an amount equal to the amount of the dividend or distribution per Share shall be credited to the account of the Director maintained on the books of the Company (the "Dividend Equivalents"), and shall be paid to the Director (in cash or Shares, in the discretion of the Human Resources Committee (the "Committee")) at the time Vested Units are converted in accordance with Section 5 below. If the underlying Units are forfeited, the Director shall have no right to the Dividend Equivalents related to such forfeited Units and shall forfeit such Dividend Equivalents as well.

5. Form and Timing of Payment.

Subject to the conditions hereinafter set forth, on or within sixty (60) days of the date of the Director's "separation from service" (within the meaning of Section 409A of the Code), the Company shall convert the Vested Units into the number of whole Shares equal to the number of Vested Units, and shall deliver such Shares (plus any Dividend Equivalents credited to the Director) to the Director or the Director's personal representative.

6. No Rights of Continued Service.

Neither the Plan nor this Agreement nor any provisions under either shall be construed to confer upon the Director any right to remain a director of the Company, and nothing herein shall be construed in any manner to interfere in any way with the right of the Company to terminate the Director's service at any time.

7. Adjustment of Number of Restricted Shares.

The number of Units awarded pursuant to this Agreement and the Shares to be delivered with respect to the Units shall be subject to adjustment in accordance with Section 20 of the Plan.

8. Interpretation of this Agreement.

The administration of the Plan has been vested in the Committee, and all questions of interpretation and application of this Agreement shall be subject to determination by a majority

of the members of the Committee, which determination shall be final and binding on the Director.

9. Entire Agreement.

This Agreement together with the Plan supersede any and all other prior understandings, negotiations and agreements, either oral or in writing, between the parties with respect to the subject matter hereof and constitute the sole and only agreements between the parties with respect to the said subject matter. The Director acknowledges that the Director is relying solely on the Director's own judgment in entering into this Agreement, and not on any communications, promises, or representations of the Company or its agent, except as expressly contained in this Agreement. The Committee may amend this Agreement without the Director's consent provided that it concludes that such amendment is not materially adverse to the Director, or is permitted under Section 20 of the Plan. Except as provided by the immediately preceding sentence, no change or modification of this Agreement shall be valid or binding upon the parties unless the change or modification is in writing and signed by the parties.

10. Law Governing.

This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Texas (excluding any conflict of laws rule or principle of Texas law that might refer the governance, construction, or interpretation of this Agreement to the laws of another state).

11. Notice.

Any notice required or permitted to be delivered hereunder shall be in writing and shall be deemed to be delivered only when actually received by the Company or the Director, as the case may be, at the addresses set forth below (or at such other addresses as they have theretofore specified by written notice delivered in accordance herewith):

- (a) Notice to the Company shall be sent electronically to compensation@trin.net or in hard copy addressed and delivered as follows: Trinity Industries, Inc., 2525 Stemmons Freeway, Dallas, Texas 75207, Attention: Corporate Benefits Department.
- (b) Notice to the Director shall be sent electronically to the Director's Company e-mail address or, in hard copy addressed and delivered to the Director's address then on file with the Company.

12. Code Section 409A.

The parties intend this Agreement to be exempt from or compliant with the requirements of Section 409A of the Code and agree to interpret this Agreement at all times in accordance with such intent. Notwithstanding the foregoing, the Company makes no representations, warranties, or guarantees regarding the tax treatment of this Agreement under Section 409A of

the Code or otherwise, and has advised the Director to obtain his or her own tax advisor regarding this Agreement.

13. Tax Requirements.

The Director shall be liable for any and all taxes arising out of this Agreement, the conversion of the Units or otherwise hereunder.

14. Acceptance.

The grant of the Units (and Dividend Equivalent Right) under this Agreement is subject to and conditioned upon the Director's acceptance of the terms hereof.

(iv)

SECTION 2.08 Optional Replacement of Lenders (Non-Pro-Rata). If (a) any Lender or other Protected Party has demanded compensation or indemnification pursuant to Section 3.01, 3.03 or 3.05, or (b) the obligation of any Lender to fund its Loans at LIBOR has been suspended pursuant to Section 3.02, or (c) any Lender has failed to consent to a proposed amendment,

waiver, discharge or termination which pursuant to the terms of Section 11.03 or any other provision of any other Loan Document requires the consent of all of the Lenders, the Borrower shall have the right, with the prior written consent of the Administrative Agent, to (i) remove such Lender and all related Protected Parties or (ii) replace such Lender and all related Protected Parties by causing the related Lender to assign its outstanding Loans and Notes (if any) to one or more existing Lenders or Eligible Assignees pursuant to Section 11.06. The replacement of a Lender pursuant to this Section 2.08 shall be effective on the tenth Business Day (the "Replacement Date") following the date of notice of such replacement to the Lenders through the Administrative Agent, subject to the satisfaction of the following conditions:

(A) each replacement Lender and/or Eligible Assignee, and each Protected Party subject to replacement, shall have satisfied the conditions to an Assignment and Acceptance set forth in Section 11.06(b) and, in connection therewith, the replacement Lender(s) and/or Eligible Assignee(s) shall pay to each Protected Party subject to replacement an amount equal in the aggregate to the sum of (x) the principal of, and all accrued but unpaid interest on, its outstanding Loans and (y) all accrued but unpaid fees, if any, owing to it pursuant to any Loan Document; and

(B) the Borrower shall have paid to the Administrative Agent for the account of each replaced Protected Party an amount equal to all obligations owing to such replaced Protected Party by the Borrower pursuant to this Agreement and the other Loan Documents (other than those obligations of the Borrower referred to in clause (A) above).

In the case of the removal of a Protected Party pursuant to this Section 2.08, upon payment by the Borrower to the Administrative Agent for the account of the Protected Party subject to such removal of an amount equal to the sum of (i) the aggregate principal amount of all Loans held by such Protected Party and (ii) all accrued interest, fees and other amounts owing to such Protected Party hereunder, including, without limitation, all amounts payable by the Borrower to such Protected Party under ARTICLE III or Sections 11.05 and 11.06, such Protected Party shall cease to constitute a Protected Party hereunder; provided that the provisions of this Agreement (including, without limitation, the provisions of ARTICLE III and Sections 11.05 and 11.06) shall continue to govern the rights and obligations of a removed Protected Party with respect to any Loans made or any other actions taken by such removed Protected Party while it was a Protected Party.

SECTION 2.09

[Intentionally Omitted].

SECTION 2.10

Pro-rata Treatment. Except to the extent otherwise provided herein, the Borrowing, each payment or prepayment of principal of or interest on any Loan, each payment of fees and each conversion or continuation of any Loan, shall be allocated pro-rata among the relevant Lenders in accordance with the respective principal amounts of the outstanding Loans of such Lenders; provided that, in the event any amount paid to any Lender pursuant to this Section 2.10 is rescinded or must otherwise be returned by the Administrative Agent, each Lender shall, upon the request of the Administrative Agent, repay to the Administrative Agent the amount so paid to such Lender, with interest for the period commencing on the date such payment is

returned by the Administrative Agent until the date the Administrative Agent receives such repayment at a rate per annum equal to, during the period to but excluding the date two Business Days after such request, the Federal Funds Rate, and thereafter, the Corporate Base Rate plus two percent per annum.

SECTION 2.11 Sharing of Payments. The Lenders agree among themselves that, except to the extent otherwise provided herein, if any Lender shall obtain payment in respect of any Loans or any other obligation owing to such Lender under this Agreement through the exercise of a right of setoff, banker's lien or counterclaim, or pursuant to a secured claim under Section 506 of the Bankruptcy Code or other security or interest arising from, or in lieu of, such secured claim, received by such Lender under any applicable bankruptcy, insolvency or other similar law or otherwise, or by any other means, in excess of its pro-rata share of such payment as provided for in this Agreement, such Lender shall promptly pay in cash or purchase first, from the Lenders a participation in the Loans in such amounts received by any such Lender, and make such other adjustments from time to time, as shall be equitable to the end that all the Lenders share such payment in accordance with their respective ratable shares as provided for in this Agreement. The Lenders further agree among themselves that if payment to a Lender obtained by such Lender through the exercise of a right of setoff, banker's lien, counterclaim or other event as aforesaid shall be rescinded or must otherwise be restored, each Lender which shall have shared the benefit of such payment shall, by payment in cash or a repurchase of a participation theretofore sold, return its share of that benefit (together with its share of any accrued interest payable with respect thereto) to each Lender whose payment shall have been rescinded or otherwise restored. The Borrower agrees that any Lender so purchasing such a participation may, to the fullest extent permitted by law, exercise all rights of payment, including setoff, banker's lien or counterclaim, with respect to such participation as fully as if such Lender were a holder of such Loans or other obligation in the amount of such participation. If under any applicable bankruptcy, insolvency or other similar law, any Lender receives a secured claim in lieu of a setoff to which this Section 2.11 applies, such Lender shall, to the extent practicable, exercise its rights in respect of such secured claim in a manner consistent with the rights of the Lenders under this Section 2.11 to share in the benefits of any recovery on such secured claim.

SECTION 2.12 Payments, Computations, Proceeds of Collateral, Etc. (a) Unless otherwise expressly provided in a Loan Document, all payments by the Borrower to the Protected Parties pursuant to each Loan Document shall be made by the Borrower (or by its designee) to the Depository for the pro rata account of the Protected Parties entitled to receive such payment or, at the direction of the Administrative Agent, directly to such Protected Parties. All payments shall be made without setoff, deduction (except for Taxes which are expressly addressed in Section 3.01) or counterclaim not later than 11:00 a.m. New York City time on the date due in Dollars in same day or immediately available funds to such account or accounts (if payment is to be made directly to the Protected Parties) as the Depository shall specify from time to time by notice to the Borrower. Funds received after that time shall be deemed to have been received by the Depository for the pro rata account of the Protected Parties entitled to such payment on the next succeeding Business Day. In the event that a payment is made to Depository for the pro rata account of the Protected Parties entitled to such payment, the Depository shall promptly notify the Administrative Agent of its receipt of the same and remit in same day funds to each Protected Party its share, if any, of such payments received by the Depository for the account of such Protected Party as specified in a written direction from the

Administrative Agent. Whenever any payment is to be made hereunder or under any Loan, or whenever the last day of any Interest Period would otherwise occur on a day other than a Business Day, such payment shall be made, and the last day of such Interest Period shall occur, on the next succeeding Business Day and interest at the Applicable Rate shall accrue on such amount from the original due date to such next Business Day; provided, that if such extension would cause the last day of such Interest Period to occur in a new calendar month, the last day of such Interest Period shall occur on the next preceding Business Day.

(b) Distributions by the Depositary. Each distribution by the Depositary to the Protected Parties shall be made in accordance with Section 2.07. If and to the extent the Borrower shall not have so made a payment in full to any such Protected Party pursuant to clause (a) above but, notwithstanding the foregoing, such Protected Party receives full payment with respect to the amount then due to such Protected Party, such Protected Party shall, on demand by the Administrative Agent, repay such excess amount to the Depositary forthwith together with interest thereon, for each day from the date such amount is distributed to such Protected Party until the date such Protected Party repays such amount to the Depositary, at the Federal Funds Rate for the first three Business Days of such period and at the Applicable Rate thereafter until the date such Protected Party repays such amount to the Depositary, for distribution by the Depositary as directed in writing by the Administrative Agent.

(c) Computations. All computations of interest and fees hereunder shall be made on the basis of the actual number of days elapsed over a year of 360 days. Interest shall accrue and include the date of borrowing but exclude the date of payment.

SECTION 2.13 Interest Rate Risk Management.

(a) No later than 30 days following the Closing Date (in the case of each Derivatives Agreement constituting a swap) or ten Business Days following the Closing Date (in the case of each other Derivatives Agreement), the Borrower will enter into, and maintain in effect at all times until the earlier of (i) the Maturity Date or (ii) the Termination Date, one or more Derivatives Agreements with an aggregate notional balance equal to or exceeding 60% (but not, in respect of each Derivatives Agreement constituting a swap, more than 110%) of the then outstanding principal amount of the Loans, such requirement to be confirmed in writing in the Quarterly Compliance Certificate. Such Derivative Agreements shall provide that notional balances may be adjusted downward from time to time to reflect any prepayments of the Loans.

(b) All payments received from all such Derivatives Agreements shall be deposited directly into the Collection Account.

SECTION 2.14 Incremental Facilities.

(a) The Borrower may by, written notice to the Administrative Agent (with a copy to the Lead Arranger), elect to request prior to the second anniversary of the Closing Date, the establishment of a new term loan commitment (the "New Term Loan Commitment"), by an amount not in excess of Maximum New Term Loan Commitment Amount in the aggregate and not less than the Minimum Loan Amount in the case of each such increase. Any such notice shall specify (i) the date (the "Increased Amount Date") on which Borrower proposes that the

New Term Loan Commitment shall be effective, which shall be a date not less than ten Business Days after the date on which such notice is delivered to the Administrative Agent or such shorter period of time as consented to by the Administrative Agent and (ii) the identity of each Lender or other Person that is an Eligible Assignee (each, a “New Term Loan Lender”, as applicable) to whom the Borrower proposes any portion of such New Term Loan Commitment be allocated and the amounts of such allocations (or requests that the Administrative Agent identify and propose New Term Loan Lenders); provided that any Lender approached to provide all or a portion of the New Term Loan Commitment may elect or decline, in its sole discretion, to provide a New Term Loan Commitment; provided, further, that each Lender and other Person that the Borrower proposes to become a New Term Loan Lender must be reasonably acceptable to Administrative Agent.

(b) Such New Term Loan Commitments shall become effective as of such Increased Amount Date; provided that: (i) no Trigger Event, violation of any Concentration Limit, Default, Event of Default or Servicer Replacement Event shall exist on such Increased Amount Date before or after giving effect to such New Term Loan Commitment or the making of any New Term Loans (as defined below); (ii) the Borrower shall be required to use the proceeds of such New Term Loans to acquire additional Eligible Railcars (such additional Railcars, collectively, the “New Term Loan Railcars”) together with related Leases, each of which must be an Eligible Lease and in the aggregate have an average monthly lease rate factor of equal to or greater than the aggregate average monthly lease rate factor of the existing Portfolio Leases, and each such Railcar and each such Lease, as a condition to the making of any New Term Loan, shall be added to the Portfolio and become subject to the Lien of the Collateral Documents; (iii) the Borrower shall provide to the Lenders and the New Term Loan Lenders, prior to the Increased Amount Date, (A) a complete Funding Package for each New Term Loan Railcar, including Bills of Sale and the Independent Appraisal included within such Funding Package shall be issued and dated within 45 days prior to the Increased Amount Date, and (B) in respect of the Portfolio Railcars, an Independent Appraisal issued and dated within 45 days prior to the Increased Amount Date, (iv) the amount borrowed pursuant to the New Term Loans shall not, at the Increased Amount Date, exceed the New Term Loan Advance Rate, (v) both before and after giving effect to the making of any New Term Loans, each of the conditions set forth in Section 4.02 shall be satisfied, mutatis mutandis, with respect to the New Term Loans and the New Term Loan Railcar; (vi) the New Term Loan Commitments, as applicable, shall be effected pursuant to one or more Joinder Agreements executed and delivered by the Borrower, the New Term Loan Lender, as applicable, and Administrative Agent, and each of which shall be recorded in the Register and each New Term Loan Lender shall be subject to the requirements set forth in Section 3.01(d); (vii) Borrower shall make any payments required pursuant to Section 3.04 in connection with the New Term Loan Commitments; (viii) the Borrower shall deliver or cause to be paid any fees in favor of the Administrative Agent or any Lender, New Term Loan Lender or other Creditor in connection with the New Term Loan Commitment, and (ix) the Borrower shall deliver or cause to be delivered all legal opinions or other documents reasonably requested by the Administrative Agent in connection with any such transaction (such legal opinions and other documents to be substantially similar to the corresponding items described in Section 4.02).

(c) On any Increased Amount Date on which any New Term Loan Commitments are effective, subject to the satisfaction of the foregoing terms and conditions, (i) each New Term Loan Lender shall make a Loan to Borrower (the “New Term Loans”) in an amount equal to its

New Term Loan Commitment, and (ii) each New Term Loan Lender shall become a Lender hereunder with respect to the New Term Loan Commitment and the New Term Loans made pursuant thereto.

(d) The Administrative Agent shall notify the Lenders promptly upon receipt of Borrower's notice of each Increased Amount Date and in respect thereof the New Term Loan Commitments and the New Term Loan Lenders, subject to the terms and conditions contemplated by this Section 2.14.

(e) The terms and provisions of the New Term Loan and New Term Loan Commitments shall be as set forth herein or in the Joinder Agreement. In any event (i) the maturity date of the New Term Loans shall be Maturity Date, (ii) the New Term Loans shall bear interest on the outstanding principal amount thereof at a rate per annum equal to the Applicable Rate; and (iii) all other terms of the New Term Loans and New Term Loan Commitments, if not consistent with the terms of the Loans must be reasonably acceptable to the Administrative Agent. Each Joinder Agreement may, without the consent of any other Lenders, effect such amendments to this Agreement and the other Credit Documents as may be necessary or appropriate, in the opinion of Administrative Agent to effect the provision of this Section 2.14.

ARTICLE III

TAXES, YIELD PROTECTION AND ILLEGALITY

SECTION 4.01 Taxes. (a) Payments Net of Certain Taxes. Any and all payments by the Borrower to or for the account of any Protected Party hereunder or under any other Loan Document shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, charges or withholdings, and all liabilities with respect thereto (collectively "Taxes"), excluding, in the case of each Protected Party (i) Taxes imposed on its net income, profits and franchise, branch profits, capital, doing business or net worth Taxes imposed on it, in each case by the jurisdiction under the laws of which such Protected Party is organized, is a resident for Tax purposes, has its applicable lending office or does business (unless such imposition is made by a jurisdiction other than one where such Protected Party is organized, Tax resident, or has its applicable lending office and is solely on account of such Protected Party being a party to, receiving a payment under, or enforcing, this Agreement or any other Loan Document), or any political subdivision thereof, and (ii) any U.S. federal withholding Taxes imposed under FATCA (all such non-excluded Taxes being hereinafter referred to as "Indemnified Taxes"), except as required by law. If the Borrower shall be required by law to deduct or withhold any Taxes from or in respect of any sum payable under this Agreement or any other Loan Document to any Protected Party, (i) subject to clauses (e), (f) and (g) of this Section 3.01, if such Tax is an Indemnified Tax, the sum payable shall be increased as necessary so that after making all required deductions and withholdings of Indemnified Taxes (including deductions and withholdings applicable to additional sums payable under this Section 3.01) such Protected Party receives an amount equal to the sum it would have received had no such deductions been made, (ii) the Borrower shall make such deductions and withholdings, and (iii) the Borrower shall pay the full amount deducted or withheld to the relevant taxation authority or other authority in accordance with Applicable Law.

(b) Other Taxes. In addition, the Borrower agrees to pay any and all present or future stamp, documentary or excise Taxes or similar levies which arise from any payment made under this Agreement or any other Loan Document or from the execution or delivery of, or otherwise with respect to, this Agreement or any other Loan Document (hereinafter referred to as "Other Taxes").

(c) Additional Taxes. The Borrower agrees to indemnify each Protected Party for the full amount of Indemnified Taxes imposed on any payment hereunder or under any other Loan Document and for Other Taxes (including any Indemnified Taxes or Other Taxes imposed or asserted by any jurisdiction on amounts payable under this Section 3.01), in each case paid by such Protected Party and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto within 30 days after receipt of documentation reasonably evidencing the amount and nature of such payment.

(d) Tax Forms and Certificates.

(i) Each Lender that is a "United States person" as defined in Section 7701(a)(30) of the Code (each, a "U.S. Lender") shall, on or prior to the date of its execution and delivery of this Agreement in the case of each Lender listed on the signature pages thereof and on or prior to the date on which it becomes a Lender in the case of each other Lender, and from time to time thereafter as reasonably requested by the Borrower, the Administrative Agent or the Depository, or as required by law on or prior to the expiration of the form or certificate most recently provided, provide the Borrower, the Administrative Agent and the Depository with true, complete and correct copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax.

(ii) Each Lender that is not a U.S. Lender (each, a "Non-U.S. Lender") shall, on or prior to the date of its execution and delivery of this Agreement in the case of each Lender listed on the signature pages thereof and on or prior to the date on which it becomes a Lender in the case of each other Lender, and from time to time thereafter as requested by the Borrower, the Administrative Agent or the Depository, or as required by law on or prior to the expiration of the form or certificate most recently provided, provide the Borrower, the Administrative Agent and the Depository with true, complete and correct copies of (a) Internal Revenue Service Form W-8BEN-E or W-8ECI, as appropriate, or any successor form prescribed by the Internal Revenue Service, certifying that such Lender is entitled to benefits under an income tax treaty to which the United States is a party which reduces to zero the rate of withholding tax on payments of interest or certifying that the income receivable pursuant to this Agreement is effectively connected with the conduct of a trade or business in the United States, (b) any other form or certificate required by any United States taxing authority (including any certificate required by Sections 871(h) and 881(c) of the Code), certifying that such Lender is entitled to a complete exemption from tax on payments pursuant to this Agreement or any of the other Loan Documents or (c) or to the extent such Non-U.S. Lender is not the beneficial owner, duly completed copies of IRS Form W-8IMY accompanied by applicable documents from each beneficial owner certifying that such Non-U.S. Lender

and each beneficial owner is entitled to a complete exemption from tax on payments pursuant to this Agreement or any of the other Loan Documents.

(iii) The Administrative Agent, on its own behalf, shall, on or prior to the date of its execution and delivery of this Agreement in the case of the initial Administrative Agent, and on or prior to the date on which a replacement Administrative Agent may become Administrative Agent hereunder, and from time to time thereafter as requested by the Borrower or the Depository, or as required by law on or prior to the expiration of the form or certificate most recently provided, provide the Borrower and the Depository the applicable forms described in clause (i) or (ii) above certifying that such Administrative Agent is entitled to a complete exemption from tax on payments pursuant to this Agreement or any of the other Loan Documents as to which it is the beneficial owner.

(iv) Additionally, if a Lender or Protected Party sells, assigns or transfers any participation in a Loan to another Person, such Lender or Protected Party (including any transferee or successor Lender or Protected Party) shall provide any new forms required above as a result of such sale or transfer.

(e) Failure to Provide Tax Forms and Certificates. For any period with respect to which a Lender or the Administrative Agent has failed to provide the Borrower and, as applicable, the Administrative Agent or the Depository, with the appropriate form or certificate in the manner and as prescribed by Section 3.01(d) (unless such failure is due to a change in treaty, law or regulation occurring subsequent to the date on which a form originally was required to be provided), neither such Lender, the Administrative Agent, nor any other Protected Party shall be entitled to additional amounts under Section 3.01(a) or indemnification under Section 3.01(b) with respect to Taxes imposed by the United States or any political subdivision therein as a result of such failure (and such Taxes shall not be "Indemnified Taxes").

(f) Obligations in Respect of Non-U.S. Lenders. The Borrower shall not be required to indemnify any Non-U.S. Lender or related Protected Party or to pay any additional amounts to any Non-U.S. Lender or related Protected Party, in respect of United States Federal withholding Tax pursuant to subsections (a) or (b) to the extent that the obligation to withhold amounts with respect to United States Federal withholding Tax existed on the date such Non-U.S. Lender became a party to this Agreement (or, in the case of a participant, on the date such participant acquired its participation interest) or to the extent such obligation to withhold amounts with respect to United States federal withholding tax arises after such date as a result of a change in residence, place of incorporation, principal place of business, or office or location in which Loans governed by this Agreement are booked or recorded by such Lender or Protected Party; provided, however, that this subsection (f) shall not apply (i) to any participant that becomes a participant as a result of an assignment, participation, transfer or designation made at the request of the Borrower or where a change of office or location in which Loans governed by this Agreement are booked or recorded is made at the request of the Borrower and (ii) to the extent the indemnity payment or additional amounts any participant would be entitled to receive (without regard to this subsection (f)) do not exceed the indemnity payment or additional amounts that the Person making the assignment, participation or transfer to such participant

would have been entitled to receive in the absence of such assignment, participation, transfer or designation.

(g) FATCA.

(i) Each Lender shall deliver to the Borrower, the Depository and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower, the Depository or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower, the Depository or the Administrative Agent as may be necessary for the Borrower, the Depository and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment (and any such Taxes deducted or withheld shall not be an "Indemnified Tax").

(ii) The Administrative Agent shall deliver to the Borrower and the Depository at the time or times prescribed by law and at such time or times reasonably requested by the Borrower such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Depository as may be necessary for it to comply with its obligations under FATCA and to determine that such Administrative Agent has complied with its obligations under FATCA or to determine the amount to deduct and withhold from such payment (and any such Taxes deducted or withheld shall not be an "Indemnified Tax").

(h) Mitigation. If the Borrower is required to pay additional amounts to or for the account of any Protected Party pursuant to this Section 3.01, then such Protected Party will agree to use reasonable efforts, at the expense of the Borrower, to eliminate or reduce any such additional payment which may thereafter accrue if such change, in the judgment of such Protected Party, is not otherwise disadvantageous to such Lender.

(i) Tax Receipts. Within 30 days after the date of any payment of Indemnified Taxes, the Borrower shall, if requested by the Administrative Agent, furnish to the Administrative Agent the original or a certified copy of a receipt evidencing such payment (to the extent one is so provided).

(j) Refunds. If a Protected Party determines that it has received a refund, or cash benefit of any credit or offset of any Indemnified Taxes or Other Taxes in either case from the jurisdiction to which such Indemnified Taxes or Other Taxes were paid and which in the Protected Party's sole discretion exercised in good faith is allocable to amounts with respect to which it has been indemnified by the Borrower hereunder or with respect to which the Borrower has paid additional amounts pursuant to this Section 3.01, it shall pay over within the next 30 days the amount of such refund, credit or offset to the Borrower (but only to the extent of indemnity payments made, or additional payments paid, by the Borrower with respect to the Indemnified Taxes or Other Taxes giving rise to such refund).

(k) Survival. Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the parties contained in subsections (a) through (j) above shall survive the payment in full of principal and interest hereunder and under any instrument delivered hereunder.

SECTION 4.02 Illegality. If, on or after the date of this Agreement, the adoption of any Applicable Law, or any change in any Applicable Law, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for any Lender to make, maintain or fund any of its Loans at a rate based upon LIBOR (such event being hereinafter referred to as an “Illegality Event”) and such Lender shall so notify the Administrative Agent, the Administrative Agent shall forthwith give notice thereof to the other Lenders and the Borrower, whereupon until such Lender notifies the Borrower and the Administrative Agent that the circumstances giving rise to such suspension no longer exist, interest on the Loans of such Lender shall accrue and be payable at the Corporate Base Rate. If an Illegality Event does not affect all Lenders, the Administrative Agent shall make a good faith effort to cause the Lenders that are not affected by such Illegality Event to purchase the Loans held by the affected Lenders; provided that any such purchase shall be in each Lender’s sole discretion. The foregoing shall not delay or otherwise affect the Borrower’s obligation to pay interest at the Corporate Base Rate as provided in this paragraph.

SECTION 4.03 Increased Costs and Reduced Return. (a) If, on or after the Closing Date, a Change in Law:

- (i) shall impose, modify or hold applicable any reserve, special deposit, compulsory loan or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans or other extensions of credit by, or any other acquisition of funds by, any office of such Protected Party which is not otherwise included in the determination of LIBOR hereunder; or
- (ii) shall impose on such Protected Party any other condition;

and the result of any of the foregoing is to increase the cost to such Protected Party of making, converting into, continuing or maintaining any Loans or to reduce any amount receivable hereunder in respect thereof (any such increased cost or reduction hereinafter referred to as an “Increased Cost”), then, in any such case, upon notice to the Borrower from such Protected Party, through the Administrative Agent, in accordance herewith, the Borrower shall be obligated to pay such Protected Party, in accordance with Section 2.07(c), any additional amounts necessary to compensate such Protected Party on an after-tax basis (after taking into account applicable deductions and credits in respect of the amount indemnified) for such increased cost or reduced amount receivable.

(b) If any Protected Party shall have determined that a Change in Law regarding capital adequacy, or compliance by such Protected Party, or its parent corporation, with any request or directive regarding capital adequacy (whether or not having the force of law) of any

such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on such Protected Party's (or parent corporation's) capital or assets as a consequence of its commitments or obligations hereunder to a level below that which such Protected Party, or its parent corporation, could have achieved but for such adoption, effectiveness, change or compliance (taking into consideration such Protected Party's (or parent corporation's) policies with respect to capital adequacy), then, upon notice from such Protected Party to the Borrower, the Borrower shall be obligated to pay to such Protected Party in accordance with Section 2.07(c), such additional amount or amounts as will compensate such Protected Party on an after-tax basis (after taking into account applicable deductions and credits in respect of the amount indemnified) for such reduction. Each determination by any such Protected Party of amounts owing under this Section shall, absent manifest error, be conclusive and binding on the parties hereto.

(c) A certificate of each Protected Party setting forth such amount or amounts as shall be necessary to compensate such Protected Party or its holding company as specified in subsection (a) or (b) above, as the case may be, shall be delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay each Protected Party the amount shown as due on any such certificate delivered by it on the next succeeding Settlement Date in accordance with Section 2.07(c).

(d) Promptly after any Protected Party becomes aware of any circumstance that will, in its sole judgment, result in a request for increased compensation pursuant to this Section, such Protected Party shall notify the Borrower thereof. Failure on the part of any Protected Party so to notify the Borrower or to demand compensation for any increased costs or reduction in amounts received or receivable or reduction in return on capital with respect to any period shall not constitute a waiver of such Protected Party's right to demand compensation with respect to such period or any other period. The protection of this Section shall be available to each Protected Party regardless of any possible contention of the invalidity or inapplicability of the law, rule, regulation, guideline or other change or condition which shall have occurred or been imposed.

SECTION 4.04 Funding Losses. The Borrower shall indemnify each Protected Party against any loss or reasonable expense (but excluding in any event loss of anticipated profit) which such Protected Party may sustain or incur as a consequence of (i) any failure by the Borrower to fulfill on the date of the Borrowing hereunder the applicable conditions set forth in ARTICLE IV, so long as any such failure is not solely due to the failure of the Administrative Agent or any Lender to comply with its obligations hereunder in all material respects, (ii) any failure by the Borrower to borrow or to prepay any Loan hereunder after irrevocable notice of such Borrowing or prepayment has been given pursuant to Section 2.02 or 2.07, as applicable, so long as any such failure is not solely due to the failure of the Administrative Agent or any Lender to comply with its obligations hereunder in all material respects or (iii) any payment or prepayment of a Loan (including, without limitation, payment or prepayment pursuant to Section 2.08), whether voluntary or involuntary, pursuant to any other provision of this Agreement or otherwise made on a date other than the last day of the then applicable Interest Period, so long as any such payment, prepayment or conversion is not solely due to the failure of the Administrative Agent or any Lender to comply with its obligations hereunder in all material respects (each such loss or expense, a "Funding Loss"). Such Funding Losses shall be determined by each Protected Party in its sole discretion and shall include an amount equal to the excess, if any, as reasonably

determined by such Protected Party, of (i) its cost of obtaining the funds for the Loan being paid, prepaid or not borrowed (based on LIBOR), for the period from the date of such payment, prepayment or failure to borrow to the last day of the then applicable Interest Period (or, in the case of a failure to borrow, the Interest Period for such Loan which would have been applicable to such Loan on the date of such failure to borrow) over (ii) the amount of interest (as reasonably determined by such Protected Party) that would be realized by such Protected Party in reemploying the funds so paid, prepaid or not borrowed or continued for such period or Interest Period, as the case may be. A certificate of any Protected Party setting forth any amount or amounts which such Protected Party is entitled to receive pursuant to this Section shall be delivered to the Borrower and shall be conclusive absent manifest error.

SECTION 4.05

Market Disruption.

(a) If a Market Disruption Event (as defined in subsection (b) of this Section 3.05) exists with respect to any Loan, then the portion of such Loan held by each affected Lender for such Interest Period shall bear interest on the outstanding principal amount thereof, for each day during each Interest Period applicable thereto, at a rate per annum (in lieu of the Applicable Rate with respect to such Loan prior to giving effect to such Market Disruption Event) equal to the sum of:

- i. the Applicable Facility Margin; plus
- ii. the cost of funds of such Lender(s) for such Interest Period (the "Market Disruption Cost of Funds").

(b) For purposes of this Section 3.05, "Market Disruption Event" means, with respect to any Interest Period, one or more Lenders, whose aggregate Credit Exposure (as hereinafter defined) constitutes more than sixty-six and two thirds percent ($66\frac{2}{3}\%$) of the Credit Exposure of all Lenders at such time, advises the Administrative Agent and the Borrower no later than three Business Days prior to the first affected Interest Period in respect of such Market Disruption Event that the cost of obtaining matching deposits in the relevant interbank market for such period would exceed the LIBOR rate for such Interest Period other than reasons relating to the creditworthiness or financial condition of such Lenders.

(c) Each affected Lender shall set forth in a certification provided to the Administrative Agent and Borrower its Market Disruption Cost of Funds for each Interest Period with respect to which interest is computed in accordance with Section 3.05(a) (including the increase to such costs, in reasonable detail), provided that no Lender shall be required to disclose any confidential information relating to its capital structure or funding procedures.

(d) Each Market Disruption Event shall be deemed to be in existence only for the Interest Period in respect of which the notice to the Borrower provided for above was given, and shall be deemed to cease to occur for any subsequent Interest Period unless the Administrative Agent or affected Lenders (as applicable) make the determination that a Market Disruption Event exists for such subsequent Interest Period, in which case the applicable procedures described above shall be followed again for such subsequent Interest Period, including the notice by the

Administrative Agent to the Borrower and delivery of the officer's certificate described above. There cannot be more than one Market Disruption Event applicable for any Interest Period.

The Borrower will be qualified to do business in every jurisdiction where its assets are located and wherever necessary to carry out its business and operations, except in jurisdictions where the failure to be so qualified or in good standing has not had, and could not be reasonably expected to have, a Material Adverse Effect.

SECTION 6.03 Books and Records. The Borrower will keep complete and accurate books and records of its transactions in accordance with good accounting practices on the basis of GAAP (including the establishment and maintenance of appropriate reserves) and shall keep full and accurate books relating to the Collateral, including, but not limited to, the originals of all documentation with respect thereto (other than original executed copies of the Portfolio Leases delivered to the Administrative Agent or its nominee under the Loan Documents), all credits granted thereon, all merchandise returned and all other dealings therewith, and the Borrower will make the same available to the Administrative Agent for inspection, at the Borrower's own cost and expense, as provided in Section 6.11(a). The Borrower will keep, or, with respect to the Portfolio Railcars and the Portfolio Leases, cause the Servicer to keep, at all times books of record and account adequate to identify the Portfolio Railcars and Portfolio Leases and to locate the Portfolio Railcars and Portfolio Leases and, to the extent that the Lessee is required to provide such information pursuant to the applicable Portfolio Lease, to disclose its use, maintenance, condition and the income generated to the Borrower through the use thereof, in which full, true and correct entries will be made.

SECTION 6.04 ERISA. The Borrower will not maintain or otherwise be or become liable or contingently liable in respect of any Pension Plan or Multiemployer Plan (as defined under Section 3(37)(A) of ERISA).

SECTION 6.06 Insurance; Certain Proceeds; Casualty Proceeds. (a) (i) The Borrower will at all times maintain in full force and effect insurance in such amounts, covering such risk and liabilities and with such deductibles or self-insurance retentions as are in accordance with normal industry practice (or as are otherwise required by the Collateral Documents), and in any event in compliance with the requirements of Schedule 6.06 hereof. The Collateral Agent shall be named as loss payee with respect to all such property policies described in this clause (i) and additional insured with respect to all such other policies (other than workers' compensation and employee health policies, if any) described in this clause (i), and each provider of property damage insurance described in this clause (i), by endorsement upon the policy or policies issued by it or by independent instruments furnished to the Collateral Agent, (A) that the insurance carrier shall pay all proceeds otherwise payable to the Borrower under such policies to the Collateral Agent (which agreement shall be evidenced by a "standard" or "New York" lender's loss payable endorsement in the name of the Collateral Agent), (B) to waive all claims for insurance premiums against the Collateral Agent and the other Protected Parties, (C) to provide coverage to the Collateral Agent for the benefit of the Protected Parties regardless of the breach by the Borrower of any warranty or representation made therein, (D) that no such policy is subject to co-insurance and (E) that it will give the Collateral Agent 30 days' prior written notice before any such policy or policies shall be materially altered, terminated or canceled, and that no act or default of any Facility Party or any other Person (other than non payment of premiums) shall affect the rights of the Collateral Agent or the other Protected Parties under such policy or policies.

(ii) Notwithstanding the generality of the foregoing, (A) with respect to any Portfolio Railcar subject to a Lease, the Borrower agrees that it (or the Servicer acting on its behalf) shall enforce the provisions of the Lease against the applicable Lessee as to all required insurance pursuant to the terms thereof, and (B) with respect to any Portfolio Railcar not subject to a Lease, in addition to its covenants with respect to the Collateral described herein, the Borrower shall comply with the provisions of the Servicing Documents regarding insurance for the Railcar. The Borrower assumes all liability and responsibility in connection with the Portfolio and other property and assets acquired by it and the liability of the Borrower to pay the Obligations shall in no way be affected or diminished by reason of the fact that any such property may be lost, destroyed, stolen, damaged or for any reason whatsoever unavailable to the Borrower.

(b) Any cash receipts from a Casualty (whether by way of Casualty Proceeds or Lessee indemnity payments or otherwise) received by either the Borrower or the Collateral Agent shall be deposited (in the Borrower's sole discretion) into either (i) the Modifications and Improvements Account to fund all or a portion of the cost of one or more Required Modifications or Optional Modifications in respect of existing Railcars of the Borrower, (ii) the Substitution Account to fund the acquisition of Qualified Replacement Railcars or (iii) the Collection Account for application as Available Collections and applied pursuant to Section 2.07(c) (except for Excepted Payments, which shall be payable to the Persons for whose benefit any such payment is made). At any time in its discretion within 60 days of deposit into the Modifications and Improvements Account or Substitution Account, as the case may be, the Borrower may also elect to transfer amounts so deposited in the Modifications and Improvements Account (and not otherwise applied) or Substitution Account (and not otherwise applied) into the Collection Account for application as Available Collections for the Measuring

Period in which such transfer is made. In any other case, any such amounts in the Modifications and Improvements Account (and not otherwise applied) or Substitution Account (and not otherwise applied) shall be transferred to the Collection Account for application as Available Collections on the next Settlement Date following the 61st day following their deposit. Any insurance proceeds of a Casualty with respect to a Portfolio Railcar or Lessee indemnity payments in connection with a Casualty with respect to a Portfolio Railcar received by TILC or an Affiliate of TILC shall be promptly paid by TILC or such Affiliate of TILC to the Borrower for application in accordance with the foregoing provisions of this paragraph (b).

(c) The Borrower shall not operate any Portfolio Railcar and will prohibit each Lessee of any Portfolio Railcar to operate such Portfolio Railcar in violation of any provision of any insurance policy in effect with respect to such Railcar or in any jurisdiction where all of the insurance required hereunder shall not remain in full force and effect or in violation of any law, treaty, statute, rule, directive, regulation or order of any Governmental Authority having jurisdiction over such Portfolio Railcar or in violation of any applicable certificate, license or registration relating to such Portfolio Railcar issued by any such Governmental Authority.

(d) In connection with the covenants set forth in this Section 6.06, it is understood and agreed that:

(i) none of the Collateral Agent, the Depositary, the Custodian, the Administrative Agent, the Lenders or their respective agents or employees shall be liable for any loss or damage insured by the insurance policies required to be maintained under this Section 6.06, it being understood that (A) the Borrower shall look solely to its insurance companies or any other parties other than the aforesaid parties for the recovery of such loss or damage and (B) such insurance companies shall have no rights of subrogation against the Collateral Agent, the Depositary, the Custodian, the Administrative Agent, the Lenders or their agents or employees; provided, however, that if the insurance policies do not provide waiver of subrogation rights against such parties, as required above, then the Borrower hereby agrees to waive its right of recovery, if any, against the Collateral Agent, the Depositary, the Custodian, the Administrative Agent, the Lenders and their agents and employees, to the extent permitted by law;

(ii) the Borrower will permit an insurance consultant retained by the Administrative Agent, at the expense of the Borrower, to review from time to time the insurance policies maintained by or on behalf of the Borrower annually or upon the occurrence of an Event of Default; and

(iii) in the event that the Borrower shall fail to maintain insurance as herein provided, the Administrative Agent may at its option, upon prior written notice to the Borrower (provided that the Borrower has not procured the necessary insurance in the interim and notified the Administrative Agent in reasonable detail of the procurement, coverage and term thereof), provide such insurance and, in such event, the Borrower shall, upon demand from time to time, reimburse the Administrative Agent for the cost thereof together with interest from the date of payment thereof, on the amount of the cost to the Administrative Agent of such insurance which the Borrower shall have failed to maintain. If after the Administrative Agent has provided such insurance, the Borrower

(iv) then obtains such coverage which was replaced by the insurance provided by the Administrative Agent, and the Borrower provides the Administrative Agent with evidence of such coverage reasonably satisfactory to the Administrative Agent, the Administrative Agent shall cancel the insurance it has provided pursuant to the first sentence of this paragraph. In such event, the Borrower shall reimburse the Administrative Agent for all costs to the Administrative Agent of cancellation, including without limitation any short rate penalty, together with interest from the date of the Administrative Agent's payment thereof. In addition, at any time the Administrative Agent (either directly or in the name of any Lenders) or any Lenders may at its own expense carry insurance with respect to its interest in the Portfolio Railcars, provided that such insurance does not interfere with the Borrower's ability to insure the Portfolio Railcars as required under the Loan Documents or adversely affect the Borrower's insurance or the cost thereof. Any insurance payments received from policies maintained by the Agent or any Lender pursuant to the previous sentence shall be retained by the Administrative Agent or such Lender, as the case may be, without reducing or otherwise affecting the Borrower's obligations hereunder.

SECTION 6.07 Operation, Use and Maintenance. (a) Operation and Use. The Borrower will and will require each Lessee to use the Portfolio Railcars only for lawful purposes and shall use and operate and require each Lessee to use and operate the Portfolio Railcars in compliance in all material respects with Applicable Law, except for so long as the Borrower or a Lessee is contesting in good faith by appropriate proceedings diligently conducted the validity or application of such Applicable Law in any reasonable manner. The Portfolio Railcars may not be located or used in any country other than the United States, Canada or Mexico.

(b) Maintenance. The Borrower will or will require each Lessee to keep, repair and maintain the Portfolio Railcars (i) in good order and operating condition according to industry practice for Railcars of similar age and vintage, ordinary wear and tear excepted, (ii) in compliance in all material respects with Applicable Law, except for so long as the Borrower or a Lessee is contesting in good faith by appropriate proceedings diligently conducted the validity or application of such Applicable Law in any reasonable manner, (iii) suitable for use in interchange in accordance with the Interchange Rules and (iv) with respect to Portfolio Railcars not subject to a Lease, at least as well in all material respects as it would for other similar equipment owned, operated or serviced by the Servicer. In addition to (but without limitation of) the foregoing obligation of the Borrower, with respect to any Portfolio Railcar subject to a Lease, the Borrower will use reasonable commercial efforts to cause the Lessee of such Railcar to comply with the maintenance requirements set forth in such Leases.

(c) Identification Numbers. (i) The Borrower shall cause each Portfolio Railcar to be numbered with its reporting mark as shown on the Bill of Sale under which such Portfolio Railcar was delivered to the Borrower, and from and after such date keep and maintain, plainly, distinctly, permanently and conspicuously marked by a plate or stencil printed in contrasting colors upon each side of each such Portfolio Railcar, in letters not less than one inch in height, a legend substantially as follows:

“OWNERSHIP SUBJECT TO A SECURITY AGREEMENT

(ii) The Borrower may change or permit to be changed the identifying number of any Portfolio Railcar in accordance with its or the Servicer's normal business practices at the time applied in a nondiscriminatory manner. Concurrently with the delivery of each Monthly Report or promptly upon request of the Collateral Agent or the Administrative Agent if there exists an Event of Default, the Borrower shall deliver to the Collateral Agent and the Administrative Agent a list of the identifying numbers of all Portfolio Railcars that have been changed within the period covered by such Monthly Report and prior thereto to the extent not previously disclosed by the Borrower and evidence of the filing, recording or depositing in such public offices where the Security Agreement (or memoranda or notices thereof) have been filed, recorded or deposited reflecting any changes in identifying numbers which have occurred within such period and prior thereto to the extent not previously disclosed by the Borrower as may be necessary to preserve and perfect the interest of the Collateral Agent and the Lenders in the Portfolio Railcars whose identifying numbers have changed.

(d) Insignia. Except as provided in Section 6.07(c), the Borrower will not allow the name of any Person to be placed on any Railcar as a designation that might be interpreted as a claim of ownership; provided, however, that the Borrower may permit any of the Portfolio Railcars to be lettered with the names, trademarks, initials or other insignia customarily used by the Borrower or its Affiliates (including the Marks Company), or any Lessee or its Affiliates, on railroad equipment used or leased by such Person of the same or a similar type for convenience of identification of its right to use such Portfolio Railcar under any applicable Lease, and any of the Portfolio Railcars may be lettered in an appropriate manner for convenience of identification of the interest of the Borrower or any Lessee therein.

SECTION 6.08 Replacement of Parts; Modifications and Improvements. (a) Replacement of Parts. The Borrower, at its sole cost and expense (whether from the Operating Expense Account or otherwise), will as promptly as practicable replace all Parts with respect to Portfolio Railcars that are not then subject to a Lease or are required to be maintained by the Borrower pursuant to a Lease that may from time to time become worn out, obsolete, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or permanently rendered unfit for use for any reason whatsoever. In addition, in the course of maintenance, service, repair, overhaul or testing, the Borrower, at its sole cost and expense, may remove any Part, whether or not worn out, obsolete, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or permanently rendered unfit for use. All replacement Parts shall be selected and installed in accordance with the Borrower's or the Servicer's normal business practices at that time applied in a nondiscriminatory manner, and shall be free and clear of all Liens except Permitted Liens and shall be in good operating condition.

(b) Lease Required Modifications and Improvements. Subject to clause (e) of this Section 6.08, the Borrower shall make or cause to be made such material modifications and

improvements to each Portfolio Railcar to the extent required of the Borrower by the terms of the applicable Lease (each occurrence, a "Lease Required Modification").

(c) Required Modifications and Improvements. Subject to clause (e) of this Section 6.08, the Borrower shall in the event (i) any Governmental Authority or any Applicable Law requires as a condition of continued use or operation of any Portfolio Railcar in any commodity service as reasonably determined by the Servicer that such Portfolio Railcar be altered or modified or (ii) any Governmental Authority determines that any Portfolio Railcar may be in an unsafe operating condition and as a result the Borrower determines that such Portfolio Railcar must be altered or modified (each occurrence under (i) and (ii), a "Required Modification"), the Borrower agrees to make or have made such Required Modification in a timely manner; provided that, the Borrower may, in good faith and by appropriate proceedings diligently conducted, contest the validity or application of any such law, regulation, requirement or rule in any reasonable manner which does not materially interfere with the use, possession, operation or return of any Portfolio Railcar or materially adversely affect the rights or interests of the Administrative Agent, Collateral Agent or the other Protected Parties in the Portfolio Railcars or under any Loan Document or otherwise expose the Borrower to criminal or material financial sanctions. Promptly after the Borrower becomes aware of the requirement to make a Required Modification, the Borrower shall notify the Administrative Agent thereof, which notice shall also set forth the time period for the making of such Required Modification and the Borrower's reasonable estimate of the cost thereof. If the Borrower (after consultation with the Servicer) believes that any Required Modification to either an individual Portfolio Railcar or an aggregate of Portfolio Railcars would be economically impractical, the Borrower shall provide written notice to the Administrative Agent that such Required Modification is economically impractical, and shall treat such Portfolio Railcar as if an Event of Loss had occurred as of the date of such written notice with respect to such Portfolio Railcar. In such event the provisions of the Loan Documents and the Servicing Agreement with respect to Events of Loss shall apply with respect to such Portfolio Railcar. In reaching any decision as to whether a Required Modification is economically impractical, the Borrower shall assess the cost and timing of the Required Modification, the anticipated revenues and other sources of funds which would be available to the Borrower to fund such costs, the requirements of the Loan Documents and such other factors as the Borrower considers necessary or appropriate and shall provide a report to the Administrative Agent, regarding such assessment.

(d) Optional Modifications and Improvements. The Borrower may, upon consent of the Administrative Agent, modify, alter or improve any Portfolio Railcar in a manner which is not a Required Modification, including any Portfolio Railcar not then under a Lease ("Optional Modification"), if the Borrower concludes in good faith that the proposed Optional Modification is likely to enhance the marketability of the Portfolio Railcar (or such Optional Modification is requested by a Lessee); provided that Optional Modifications may be funded only from (i) capital contributions made by TILC to the Borrower (for the avoidance of doubt, such capital contributions are permitted but not required under this Agreement), (ii) distributions which would otherwise be made to or at the direction of the Borrower pursuant to Section 2.07(c)(i) or Section 2.07(c)(ii), or (iii) proceeds of a Permitted Discretionary Sale, Event of Loss or Casualty to the extent owing to the Borrower in accordance with the terms of this Agreement; provided that no Optional Modification shall diminish the fair market value, utility, residual value or remaining economic useful life of such Portfolio Railcar below the fair market value, utility,

residual value or remaining economic useful life thereof immediately prior to such Optional Modification, in more than a de minimis respect.

(e) Modification Costs. The cost of any Lease Required Modification or Required Modification to a Railcar, to the extent not borne by the applicable Lessee, shall be borne by the Borrower.

SECTION 6.09

Replacement of Railcars; Substitution Account.

(a) Disposition Proceeds. All Net Cash Proceeds from an Asset Disposition on deposit in the Collection Account shall be applied in the manner and order of priority set forth in Section 2.07(c)(i) or Section 2.07(c)(ii), as applicable, or alternatively, (i) in the case of an Asset Disposition constituting an Event of Loss or Condemnation, unless the Borrower intends to use the proceeds of such Asset Disposition to acquire Qualifying Replacement Railcars or to prepay the Loans, deposit such Net Cash Proceeds into the Modifications and Improvements Account to fund Optional Modifications in accordance with Section 6.09(b) below or (ii) in the case of an Asset Disposition constituting a Permitted Discretionary Sale, deposit such Net Cash Proceeds into the Substitution Account to fund the acquisition cost of the Qualifying Replacement Railcars previously identified by the Borrower or the Servicer on the applicable Qualifying Replacement Railcar Certificate (provided such Railcars remain commercially available for acquisition) in accordance with Section 6.09(c) below.

(b) Reinvestment of Proceeds from an Event of Loss or Condemnation. The Borrower may reinvest proceeds from an Event of Loss or Condemnation that have been deposited into the Modifications and Improvements Account as described above to fund all or a portion of the cost of one or more Required Modifications or Optional Modifications in respect of existing Railcars of the Borrower. At any time in its discretion within 60 days of deposit into the Modifications and Improvements Account, the Borrower may also elect to transfer amounts so deposited in the Modifications and Improvements Account (and not otherwise applied) into the Collection Account for application as Net Cash Proceeds for the Measuring Period in which such transfer is made. In any other case, any such amounts in the Modifications and Improvements Account (and not otherwise applied) shall be transferred to the Collection Account for application as Net Cash Proceeds on the next Settlement Date following the 61st day following their deposit.

(c) Reinvestment of Sale/Disposition Proceeds in Replacement Railcars. In the event the Borrower intends to use the proceeds of a Permitted Discretionary Sale to acquire Qualifying Replacement Railcars, the Borrower prior to such contemplated Permitted Discretionary Sale shall identify Qualifying Replacement Railcars to replace the Portfolio Railcars subject to the contemplated Permitted Discretionary Sale (such replacement to occur prior to the Settlement Date immediately preceding the date falling 60 days after the effective date of such Permitted Discretionary Sale) and shall deliver to the Administrative Agent a Qualifying Replacement Railcar Certificate prior to such Permitted Discretionary Sale. All Railcars that replace Portfolio Railcars subject to a Permitted Discretionary Sale shall be Qualifying Replacement Railcars in order to be Portfolio Railcars. Upon acquisition, such Replacement Railcars (and any related Leases) will become subject to the lien of the Security Agreement (and related Transaction Documents). To the extent such proceeds are not so used to acquire Qualifying Replacement

Railcars prior to the Settlement Date immediately preceding the date falling 60 days after the effective date of such Permitted Discretionary Sale, at the written direction of the Administrative Agent such amounts shall be transferred to the Collection Account prior to such Settlement Date for application as Net Cash Proceeds for the Measuring Period in which such transfer is made.

SECTION 7.00

Use of Proceeds. The Borrower will use the proceeds of the Loans solely for the purposes set forth in Section 5.13.

SECTION 7.01

Audits and Inspections. At the request of any Lender, the Administrative Agent shall have the right to (i) inspect all documents of the Borrower and the Servicer (the "Related Documents"), including without limitation all leases, insurance policies, warranties or other agreements relating to the Portfolio Railcars and the other Collateral (during such period of time when such Portfolio Railcar or other Collateral, as the case may be, was part of the Portfolio) (each such inspection, a "Related Document Inspection"); (ii) inspect and audit each of the Borrower's and the Servicer's books, records and databases (which shall include reasonable access electronic copies of the Borrower's and the Servicer's records to the extent necessary to determine compliance with the Transaction Documents) (collectively, the "Books and Records") with respect to the Portfolio Railcars and the other Collateral and Related Documents (including without limitation data supporting all reporting requirements under the Transaction Documents) (each such inspection, a "Books and Records Inspection"); (iii) discuss (A) the affairs, finances and accounts of the Borrower and the Servicer and (B) the Portfolio Railcars and the other Collateral, the Related Documents and the Books and Records, in each case with the principal executive officer and the principal financial officer of each of the Borrower and the Servicer, as applicable; (iv) conduct evaluations and appraisals of the assets included in the Collateral; and (v) subject to restrictions and procedures on inspection of the Portfolio Railcars in any applicable Lease, conduct a physical inspection of any Portfolio Railcar or otherwise obtain a Physical Inspection Report with respect thereto (each such inspection, a "Physical Inspection", and together with each other inspection described in (i), (ii), (iii) and (iv) above, collectively, the "Inspections"); provided, however, Related Documents and Books and Records shall not include the Servicer's customer list or any other information that the Servicer reasonably determines is of a proprietary nature, unless failure to provide such information would cause either the Servicer or the Borrower to breach its respective obligations under any of the Transaction Documents. All Inspections shall be conducted, at the requesting Person's expense and no more frequently than once in any annual period (unless such Inspection is conducted after the occurrence of an Event of Default which is continuing or reveals non-compliance with any covenant of the Borrower under the Loan Documents that constitutes a Default, in which case such Inspection shall be at the expense of the Borrower and there shall be no limit on the frequency of such Inspections), with at least five Business Days' notice from the Administrative Agent to the Borrower (with respect to Inspections of the Borrower) and the Servicer (with respect to inspections of the Borrower or the Servicer) and shall be conducted during normal business hours, be subject to the Borrower's and the Servicer's customary security procedures, if any, and not unreasonably disrupt the Borrower's or the Servicer's business; provided that, without prejudice to any designation of a Lender as a representative of the Administrative Agent, no Lender shall be entitled to conduct its own Inspection but may attend any Inspection conducted by the Administrative Agent. Without prejudice to the right to conduct Inspections, all parties granted inspection rights hereunder shall confer with a view toward coordinating their conduct with respect to Inspections in order to minimize the costs thereof and

(d) If in respect of any Lease, at any time such Lease prohibits the lessor of such Lease to assign in favor of the Borrower or the Collateral Agent or grant a Lien in respect of its rights thereunder, pursuant to the terms of the applicable Sale Agreement and the Collateral Documents, unless notice of such assignment or Lien is provided to the relevant Lessee in accordance with the terms thereof ("Lease Notice Requirements"), the Borrower shall promptly after the Closing Date or, in the case of a Follow-On Lease, within 60 days after the date of execution thereof or, if later, promptly after the date on which such Lessee Notice Requirements became effective, provide a notice (each, a "Lessee Notice") to such Lessee in writing that such Lease has been assigned to the Collateral Agent under the Loan Documents for the benefit of the Protected Parties. Each Lessee Notice shall be in form and substance sufficient to satisfy the Lease Notice Requirements of such Lease.

(e) If in respect of any Lease, at any time such Lease prohibits the lessor of such Lease to assign in favor of the Borrower or the Collateral Agent or grant a Lien in respect of its rights thereunder, pursuant to the terms of the applicable Sale Agreement and the Collateral Documents, without the consent of the relevant Lessee given in accordance with the terms thereof ("Lessee Consent Requirements"), the Borrower shall within 60 days after the Closing Date or date of execution of the applicable Follow-On Lease (as applicable) or, if later, 60 days after the date on which such Lessee Consent Requirements became effective, cause such Lessee to provide such consent (each, a "Lessee Consent") in writing that such Lease has been assigned to the Collateral Agent under the Loan Documents for the benefit of the Protected Parties. Each Lessee Consent shall be in form and substance sufficient to satisfy the Lessee Consent Requirements of such Lease. If, in accordance with the terms set forth above, a Lessee Consent complying with this Section 6.14(e) is not obtained from the applicable Lessee within 60 days of the date on which such Lessee Consent Requirement arose, a "Lessee Consent Trigger Event" shall have occurred.

SECTION 7.05 Servicer. The Borrower and the Administrative Agent further agree that, upon the occurrence and continuance of a Servicer Replacement Event or as otherwise provided in the Servicing Documents, the Administrative Agent (acting at the direction of the Required Lenders), without the consent or action of or by any Facility Party, may elect to succeed to all of the Borrower's rights and powers under the Servicing Documents, and thereby shall succeed to any of the Borrower's rights and powers to remove the Servicer, terminate any Servicing Document(s), appoint a new Servicer that is reasonably satisfactory to both the Administrative Agent and the Required Lenders, in accordance with Section 8.04 of the Servicing Agreement, and enter into new Servicing Document(s) with such new Servicer.

SECTION 7.06 Action after an Event of Default. Following the occurrence and during the continuance of an Event of Default, the Borrower shall, in connection with taking any action or exercising any rights or remedies under any Lease Document or Servicing Document, comply in good faith with all requests from the Administrative Agent and Collateral Agent.

SECTION 7.07 Required Disclosures. Promptly, following a request by the Administrative Agent or any Lender, the Borrower shall provide all documentation and other information the Administrative Agent or any Lender reasonably requests about any Facility Party or any Affiliate thereof in order to comply with its ongoing obligations under applicable "know your customer" and anti-money laundering rules and regulations, including the Patriot Act.

ARTICLE VII

NEGATIVE COVENANTS

The Borrower agrees that so long as any Lender has any Commitment hereunder or any Obligations or other amount payable hereunder or under any Note or other Loan Document remains unpaid:

SECTION 7.01 Limitation on Debt. The Borrower will not incur, create, assume or permit to exist any Debt, including, without limitation, Derivatives Obligations except:

(i) Debt of the Borrower under or permitted by this Agreement and the other Loan Documents; and

(ii) Derivatives Obligations of the Borrower under Derivatives Agreements to the extent entered into after the Closing Date with the express written consent of the Administrative Agent to manage interest rate risks and not for speculative purposes.

SECTION 7.02 Restriction on Liens. The Borrower will not create, incur, assume or permit to exist any Lien on any property or assets now owned or hereafter acquired by it or on any income or rights in respect of any thereof, except Permitted Liens.

SECTION 7.03 Nature of Business. The Borrower will not alter the character or conduct of the business conducted by it as of the Closing Date and activities directly related thereto.

SECTION 7.04 Consolidation, Merger and Dissolution. The Borrower will not enter into any transaction of merger or consolidation or liquidate, wind up or dissolve itself or its affairs (or suffer any liquidations or dissolutions), or convert into any other Person.

SECTION 7.05 Railcar Partial Prepayments; Asset Dispositions and Exchanges.

(a) The Borrower will not make or permit or consent to any Railcar Partial Prepayment or Asset Disposition, except that:

(i) following an Event of Loss with respect to a Railcar, the Borrower may make or permit or consent to any Asset Disposition for salvage or other obtainable value, "free and clear" of the Collateral Agent's security interests, so long as the insurance proceeds of such Asset Disposition shall have been directly paid or upon receipt shall be paid to the Collateral Agent as sole loss payee in accordance with Section 6.06;

(ii) the Borrower may make or permit or consent to any Permitted Discretionary Sale (including in connection with a Securitization) being either a sale or exchange (each such exchange, a "Permitted Discretionary Exchange") of the Relinquished Railcar if the Net Cash Proceeds of such Asset Disposition have or simultaneously therewith will be deposited into the Substitution Account; and

(iii) the Borrower may make or permit or consent to any Asset Disposition not otherwise described in clauses (i) or (ii) of this paragraph at the direction of the Administrative Agent (as directed by the Required Lenders), subject to any conditions imposed by the Administrative Agent relating thereto;

provided that, notwithstanding the foregoing, the Borrower will not make or permit or consent to any Railcar Partial Prepayment or Asset Disposition if, after giving effect thereto, the Aggregate Original Value of all Relinquished Railcars which have been subject to: (A) an Asset Disposition (including, for the avoidance of doubt, sales, but excluding all Permitted Discretionary Exchanges) from the Closing Date until (and including) the Maturity Date shall exceed 30% of the Aggregate Original Value of all the Initial Portfolio Railcars, or (B) an Asset Disposition (including, for the avoidance of doubt, sales and all Permitted Discretionary Exchanges) from the Closing Date until (and including) the Maturity Date shall exceed 50% of the Aggregate Original Value of all the Initial Portfolio Railcars (except that this proviso shall not apply to any Asset Dispositions described in clause (i) above).

(b) In respect of each Permitted Discretionary Exchange:

(i) the Borrower prior to such contemplated Permitted Discretionary Exchange shall identify Qualifying Replacement Railcars to replace the Portfolio Railcars subject to the contemplated Permitted Discretionary Sale and shall deliver to the Administrative Agent, as a condition precedent to such contemplated Permitted Discretionary Sale, (A) a Qualifying Replacement Railcar Certificate, and (B) an Additional Collateral Certificate, in each case on or prior to the effective time of such Permitted Discretionary Sale; and

(ii) if, after the Borrower has delivered to the Administrative Agent a Qualifying Replacement Railcar Certificate and an Additional Collateral Certificate as contemplated by clause (i) above, the effective date of the purchase of such Replacement Railcars does not occur within the period from the effective date of such sale of the Portfolio Railcars subject to the Permitted Discretionary Sale until the Settlement Date immediately preceding the date falling 60 days after the effective date of such sale, a "Railcar Sale Trigger Event" shall have occurred.

For the avoidance of doubt, all Railcars that replace Portfolio Railcars subject to a Permitted Discretionary Sale shall be Qualifying Replacement Railcars in order to be Portfolio Railcars, and upon acquisition, such Replacement Railcars (and any related Leases) will become subject to the Lien of the Security Agreement (and related Transaction Documents).

(c) Upon consummation of an Asset Disposition permitted under this Section 7.05, the Collateral Agent shall (to the extent applicable) deliver to the Borrower, upon the Borrower's reasonable request and at the Borrower's expense, such documentation as is reasonably necessary to evidence the release of the Collateral Agent's security interests, if any, in the assets being disposed of, including amendments or terminations of Uniform Commercial Code Financing Statements, if any.

(d) Upon the request of the Collateral Agent from time to time, the Borrower will promptly and duly execute and deliver any and all such further instruments and documents as may be specified in such request which are reasonably necessary to perfect, preserve or protect the security interests created or intended to be created for the Replacement Railcars under the Collateral Documents, or to establish that the Borrower has title to such Railcars; provided that any such request shall be commercially reasonable and otherwise consistent with the security interests and Liens granted pursuant to the Collateral Documents.

SECTION 7.06 Investments. The Borrower will not hold, make or acquire, any Investment in any Person, except that:

- (i) the Borrower may invest in cash and Cash Equivalents pursuant to this Agreement and the Depository Agreement;
- (ii) the Borrower may acquire and hold receivables owing to it, if created or acquired in the ordinary course of business and payable or dischargeable in accordance with customary trade terms;
- (iii) the Borrower may acquire and own Investments (including Debt obligations) received in connection with the bankruptcy or reorganization of suppliers and customers and in settlement of delinquent obligations of, and other disputes with, customers and suppliers arising in the ordinary course of business; and
- (iv) to the extent permitted hereunder, the Borrower may purchase Eligible Railcars, Eligible Leases and other related inventory, machinery and equipment in the ordinary course of business.

SECTION 7.07 Restricted Payments, etc. The Borrower will not declare or pay any Restricted Payments (other than Restricted Payments payable solely in Equity Interests (exclusive of Disqualified Stock)), of the Borrower, except that, so long as no Insolvency Event, Default or Event of Default has occurred and is continuing or would result therefrom, the Borrower may make Restricted Payments from time to time to the extent cash is made available to the Borrower pursuant to Section 2.07(c).

SECTION 7.08 Transactions with Affiliates. The Borrower will not engage in any transaction or series of transactions with (i) any officer, director, holder of any Equity Interest in or other Affiliate of the Borrower or (ii) any Affiliate of any such officer, director, holder or Affiliate, other than (A) the payment of the Servicer's Fees as provided in Section 2.07(c), (B) reimbursement of Servicer Advances pursuant to the Servicing Agreement and Section 2.07(c), (C) transfers of assets permitted by Section 7.05, (D) as otherwise expressly provided for or contemplated in any Loan Document and (E) so long as no Default or Event of Default has occurred and is continuing, other transactions (including the purchase of Railcars) which are engaged in by the Borrower in the ordinary course of its business on terms and conditions as favorable to it as would be obtainable by it in a comparable arm's-length transaction with an independent, unrelated third party.

SECTION 7.09 Fiscal Year; Organization and Other Documents. The Borrower will not (i) change its fiscal year, (ii) enter into any amendment, modification or waiver to its

Organization Documents, (iii) except with the consent of the Administrative Agent (at the direction of the Required Lenders) and subject to Section 7.13, amend, modify, extend, renew, cancel or terminate the Purchase and Contribution Agreement, any Bill of Sale, any other Sale Agreement, any Servicing Document, any Lease Document or any other Assigned Agreement (as defined in the Security Agreement), waive any material default under or breach of any such agreement, compromise or settle any material dispute, claim, suit or legal proceeding relating to any such agreement, sell or assign any such agreement or interest therein, consent to or permit or accept any prepayment of amounts to become due under or in connection with any such agreement, except as expressly provided therein, or take any other action in connection with any such agreement which would materially impair the value of the interests or rights of the Borrower thereunder or which would impair the interests or rights of the Administrative Agent under this Agreement, except that, unless the Administrative Agent shall have notified the Borrower upon the occurrence of an Event of Default that this exception is no longer available or if the same would otherwise be adverse in any material respect to the interests of the Administrative Agent and the Lenders, the Borrower may (or may permit the Servicer to) modify, make adjustments with respect to, extend or renew any Assigned Agreements in the ordinary course of business, and except that Section 7.13 and 7.14 shall govern the right of the Borrower to waive or permit the waiver of a Lease Default or Lease Event of Default or (iv) enter into any amendment, modification or waiver which is in any manner adverse to the interests of the Collateral Agent, the Administrative Agent and the Lenders to any Servicing Document or the Purchase and Contribution Agreement, in each case as in effect on the Closing Date. The Borrower will promptly provide the Lenders with copies of all amendments to the foregoing documents and instruments as in effect as of the Closing Date.

SECTION 7.10 Additional Negative Pledges. The Borrower will not enter into, assume or become subject to any agreement prohibiting or otherwise restricting the creation or assumption of any Lien upon its properties or assets, whether now owned or hereafter acquired, or requiring the grant of any security for an obligation if security is given for some other obligation, except pursuant to this Agreement and the other Loan Documents.

SECTION 7.11 Impairment of Security Interests. The Borrower will not take or omit to take any action which action or omission might or would materially impair the security interests in favor of the Collateral Agent with respect to the Collateral.

SECTION 7.12 Financial Ratios and Tests.

(a) Loan-to-Value Ratio.

i. If the Loan-to-Value Ratio on any LTV Test Date exceeds the LTV Maximum Ratio (an "LTV Failure"), and the Borrower has not effected an LTV Cure within the period from such LTV Test Date until 30 days thereafter, an "LTV Trigger Event" shall have occurred.

ii. Upon the occurrence of any LTV Failure, the Borrower shall be entitled, at any time prior to the occurrence of the LTV Trigger Event resulting from such LTV Failure, in any combination, to (A) prepay all or a portion of the principal amount of the Loans, and/or (B) add Eligible Railcars to the Portfolio, in each case in an amount

sufficient to cause the Loan-to-Value Ratio to not exceed the LTV Maximum Ratio after giving pro forma effect to such addition or other action; provided that, in the case of clause (B) above, any such additional Eligible Railcars may not be added unless the applicable criteria set forth in the Permitted Discretionary Sale are satisfied as if such Eligible Railcars were being added to the Portfolio as Replacement Railcars pursuant to an Asset Disposition (each of (A) and (B), an "LTV Cure").

(b) Debt Service Coverage Ratio.

i. If the DSCR on any DSCR Test Date is less than the DSCR Minimum (a "DSCR Failure") , and the Borrower has not effected a DSCR Cure within the period from such DSCR Test Date until 60 days thereafter, a "DSCR Trigger Event" shall have occurred.

ii. Upon the occurrence of any DSCR Failure, the Borrower shall be entitled, at any time prior to the occurrence of the DSCR Trigger Event resulting from such DSCR Failure, in any combination, to (A) prepay all or a portion of the principal amount of the Loans, and/or (B) add Eligible Railcars to the Railcar Portfolio, in each case in an amount such that, if the DSCR were recalculated during the same DSCR Calculation Period and (x) such prepayment or addition of Eligible Railcars was deemed to have occurred at the commencement of such DSCR Calculation Period as described in clause (iii) below and (y) as a result, no DSCR Failure would have occurred; provided that, in the case of clause (B) above, any such additional Eligible Railcars may not be added unless the applicable criteria set forth in the Permitted Discretionary Sale are satisfied as if such Eligible Railcars were being added to the Portfolio as Replacement Railcars pursuant to an Asset Disposition (each of (A) and (B), a "DSCR Cure").

iii. For the purposes of recalculating the DSCR as set forth above in connection with any DSCR Cure: (x) any prepayment of the Loans shall be deemed to have occurred at the commencement of the relevant DSCR Calculation Period, and (y) if one or more Eligible Railcars are added to the Railcar Portfolio then the Monthly Rent under the Leases attributable to each such Eligible Railcar shall be deemed to have been paid during the entire such DSCR Calculation Period.

(c) Utilization. If at any time the Utilization Ratio is less than 80% (a "Utilization Failure"), and the Borrower has not, within a period of 30 days from the date on which such Utilization Failure occurred, cured such Utilization Failure in accordance with Section 6.13 or otherwise, a "Utilization Trigger Event" shall have occurred.

SECTION 7.13 No Amendments to the Lease Documents. Without prior written consent of the Administrative Agent (at the direction of the Required Lenders) or as expressly provided by the terms of this Agreement, and only then to the extent consistent with the Servicing Standard and Conflicts Standard (each as defined in the Servicing Agreement), the Borrower will not amend, modify, consent to or permit any change in the terms or otherwise alter or grant any consent or approval under any Lease Document in a manner which would materially and adversely affect the Collateral Agent, the Administrative Agent or Lenders.

SECTION 7.14 Lease Default. Without the prior written consent of the Administrative Agent, which consent may be granted or withheld at the Administrative Agent's sole discretion, the Borrower will not waive (or permit the waiver of) a Lease Default or Lease Event of Default under a Lease; provided, however, that unless a Default arising from the failure to make a payment when due hereunder or an Event of Default has occurred and is continuing, the Borrower may elect, in its reasonable discretion, to the extent consistent with the Servicing Standard and Conflicts Standard (each as defined in the Servicing Agreement) and upon written notice to the Administrative Agent, to give such waiver (or permit such waiver), so long as such waiver is limited to the particular facts giving rise to such Lease Default or Lease Event of Default and does not prejudice the Borrower's (or Collateral Agent's, by assignment) rights under the relevant Lease to exercise remedies with respect to any other or future Lease Defaults or Lease Events of Default; provided, further, that any such waiver without the prior written consent of the Administrative Agent shall not cause a Lease which otherwise would fail to be an Eligible Lease to be an Eligible Lease.

SECTION 7.15 [Intentionally Omitted].

SECTION 7.16 Special Purpose. The Borrower will not:

- (a) employ or maintain any employees other than as required by Applicable Law; provided that officers and directors shall not be deemed to be employees for purposes of this Section 7.16;
- (b) hold or own any Subsidiaries;
- (c) engage in any activity other than the purchase, ownership, leasing, exploitation and sale of the Portfolio Railcars or own any assets other than the Portfolio Railcars and other assets expressly contemplated under this Agreement and the other Loan Documents or Lease Documents;
- (d) incur any obligation to any third party except as permitted by this Section 7.16, as provided in a Lease or any other Lease Document, any Loan Document or any related documents; or
- (e) own, or otherwise have title to, any deposit account or securities account other than the Collection Account or other accounts required by the Loan Documents or by the Lease Documents or otherwise consented to by the Administrative Agent.

SECTION 7.17 Independence of Covenants. All covenants contained herein shall be given independent effect so that if a particular action or condition is not permitted by any of such covenants, the fact that such action or condition would be permitted by an exception to, or otherwise be within the limitations of, another covenant shall not avoid the occurrence of a Default if such action is taken or condition exists.

SECTION 7.18 Concentration Limits. The Borrower shall not acquire, dispose of, substitute, lease or re-lease any Railcar if such transaction would cause the Portfolio to exceed any of the Concentration Limits.

(a) The Borrower shall ensure that at all times that neither it nor any of its directors, officers nor, to the Knowledge of Borrower, employees, agents, advisors or Affiliates is subject to any Sanctions.

(b) The Borrower shall ensure that at all times each of the Borrower and its directors, officers and, to the Knowledge of Borrower, employees, agents, advisors and Affiliates is in compliance with: (i) all Sanctions Laws, (ii) all Anti-Corruption Laws in all material respects and (iii) all Anti-Terrorism Laws in all material respects; provided, that, for the purposes of clauses (ii) and (iii) of this Section 7.19(b) only and in respect of any such Person, the term "in all material respects" means compliance in every respect except for any violation of Anti-Corruption Laws or Anti-Terrorism Laws which does not result and could not reasonably be expected to result: (x) in any criminal liability being imposed on such Person, (y) subject to clause (z), in any civil liability being imposed on such Person in excess of \$500,000 (whether through private action or enforcement), and (z) in any liability (civil, criminal or otherwise) being imposed on such Person which in turn results, or could reasonably be expected to result, in liability being imposed on any Protected Party under Anti-Corruption Laws or Anti-Terrorism Laws.

(c) No part of the proceeds of the Loans or New Term Loans will be used, directly or indirectly, (A) for the purpose of financing any activities or business of or with any Person or in any country or territory that at such time is the subject of any Sanctions or (B) for any payments to any governmental official or employee, political party, official of a political party, candidate for political office, or anyone else acting in an official capacity, in order to obtain, retain or direct business or obtain any improper advantage, in violation of any Anti-Corruption Law.

ARTICLE VIII

OTHER REPRESENTATIONS, WARRANTIES AND COVENANTS

SECTION 8.01. Lender's Representation and Warranty. Each Lender represents and warrants as to itself on the Closing Date, and as to itself at all times until the Termination Date that no part of the assets to be used by such Lender to purchase the Loans or Notes constitutes assets of an "employee benefit plan" as defined in Section 3(3) of ERISA, which is subject to Title I of ERISA, a "plan" as defined in Section 4975 of the Code which is subject to Section 4975 of the Code, an entity whose underlying assets include "plan assets" by reason of any such employee benefit plan or plan's investment in such entity, or a governmental, church or non-U.S. plan which is subject to any federal, state, local or non-U.S. law that is similar to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code.

SECTION 8.02. Quiet Enjoyment. The Administrative Agent, the Collateral Agent and each Lender hereby covenant and agree that so long as no Lease Event of Default has occurred and is continuing, neither it nor any Person claiming by, through or under it shall take or cause to be taken any action contrary to any Lessee's or any permitted sublessee's right to quiet enjoyment of, and the continuing possession, use and operation of, the relevant Portfolio Railcar during the term of such Lease and in accordance with the terms of such Lease. To the extent

reasonably requested by a Lessee in connection with the Closing Date, the Administrative Agent, the Collateral Agent and each Lender shall confirm this Section 8.02.

ARTICLE IX

DEFAULTS

SECTION 9.01 Events of Default. An Event of Default shall exist upon the occurrence of any of the following specified events or conditions (each an "Event of Default"):

(a) Payment. (i) Any default shall occur in the payment when due (whether by scheduled maturity, prepayment, acceleration or otherwise) of any principal of or any interest on the Loans, and such payment is not received (A) in the case of any such payment constituting a Mandatory Prepayment Amount, within five Business Days of the due date therefor, or (B) in the case of all other such payments, within one Business Day of the due date therefor, or (ii) any default shall occur in the payment when due of any fees or other amounts owing to any Protected Party under any Loan Document or in connection herewith or therewith (in any case, other than with respect to interest calculated by reference to the Default Margin), which default shall continue for 15 days after notice thereof has been given to the Borrower and the Servicer by the Administrative Agent.

(b) [Intentionally Omitted].

(c) Representations. Any representation, warranty or statement made or deemed to be made by the Borrower or the Servicer in any Transaction Document, or in any statement or certificate delivered or required to be delivered pursuant hereto or thereto shall prove untrue or incorrect on the date as of which it was made or deemed to have been made and if capable of being cured shall not have been cured within 15 days after the earlier of an executive officer of the Borrower and/or Servicer, as the case may be, becoming aware of such untruth or notice thereof given by the Administrative Agent to the Borrower and/or Servicer, as the case may be; provided, that the representations and warranties made by the Borrower in Sections 5.10 and 5.26 shall be deemed to be incapable of cure.

(d) Covenants. The Borrower shall:

(i) default in the due performance or observance by it of any term, covenant or agreement contained in Sections 6.06, 6.14(c), 7.01, 7.02, 7.03, 7.04, 7.05, 7.06, 7.09, 7.10, 7.11, 7.13, 7.16 and 7.19 of this Agreement;

(ii) default in the due performance or observance by it of any term, covenant or agreement contained in Section 6.01(f), 6.01(i) or 6.10 and such default shall continue unremedied for a period of two Business Days;

(iii) [Intentionally Omitted];

(iv) default in the due performance or observance by it of any term, covenant or agreement contained in ARTICLE VI (other than those referred to in subsections (a), (b), (c), (d)(i) or (d)(ii) of this Section 9.01) and such default shall continue unremedied for a

period of 15 days after the earlier of an executive officer of the Borrower or the Servicer becoming aware of such default or notice thereof given by the Administrative Agent to the Borrower and/or the Servicer, as the case may be; or

(v) default in the due performance or observance by it of any term, covenant or agreement (other than those referred to in subsections (a), (b), (c), (d)(i), (d)(ii), (d)(iii) or (d)(iv) of this Section 9.01) contained in this Agreement and such default shall continue unremedied for a period of 30 days after the earlier of an executive officer of the Borrower or Servicer becoming aware of such default or notice thereof given by the Administrative Agent to the Borrower and/or the Servicer, as the case may be.

(e) Loan Documents. Except pursuant to the terms thereof, any Loan Document shall (i) fail to be in full force and effect or any Facility Party shall so assert or (ii) fail to give (or the Borrower or TILC should assert the failure to give) the Collateral Agent and/or the Lenders the perfected first priority security interests (subject to Permitted Liens), liens, rights, powers and privileges purported to be created thereby.

(f) Cross-Default. (i) There occurs under any Derivatives Agreement an Early Termination Date (as defined in such Derivatives Agreement) resulting from any event of default under such Derivatives Agreement as to which the Borrower is the Defaulting Party (as defined in such Derivatives Agreement), and the Derivatives Termination Value owed by the Borrower as a result thereof is greater than \$1,000,000. (ii) The Borrower shall fail to pay any principal or interest, regardless of amount, due in respect of any Debt (other than Debt under the Loan Documents) with a principal balance in excess of \$1,000,000, when and as the same shall become due and payable (except to the extent such payment is being contested by the Borrower in good faith by appropriate proceedings diligently conducted).

(g) Insolvency Events. (i) The Borrower shall commence a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, or shall consent to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or shall make a general assignment for the benefit of creditors, or shall fail generally to pay its debts as they become due, or shall take any corporate action to authorize any of the foregoing or (ii) an involuntary case or other proceeding shall be commenced against the Borrower seeking liquidation, reorganization or other relief with respect to it or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, and such involuntary case or other proceeding shall remain undismissed and unstayed for a period of 60 days, or any order for relief shall be entered against the Borrower under the federal bankruptcy laws as now or hereafter in effect.

(h) Judgments. One or more judgments, orders, decrees or arbitration awards is entered against the Borrower involving in the aggregate a liability (to the extent not covered by independent third-party insurance as to which the insurer does not dispute coverage), as to any single or related series of transactions, incidents or conditions, of \$1,000,000 or more, and the

same shall remain undischarged, unvacated and unstayed pending appeal or otherwise unpaid or unsatisfied for a period of 30 days during which execution shall not be effectively stayed, or any action shall be legally taken by a judgment creditor to attach or levy upon any assets of the Borrower to enforce any such judgment or the Borrower shall enter into any agreement to settle or compromise any pending or threatened litigation, as to any single or related series of claims, involving payment of \$1,000,000 or more by the Borrower, or any non-monetary judgment, order or decree is entered against the Borrower which has or would reasonably be expected to have a Material Adverse Effect, and there shall be any period of 30 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect.

- (i) Ownership. There shall occur a Change of Control.
- (j) TILC as Servicer. TILC shall cease to be the "Servicer" under the Servicing Agreement.

SECTION 9.02 Acceleration; Remedies. Upon the occurrence of an Event of Default, and at any time thereafter unless and until such Event of Default has been waived in writing by the Required Lenders (or all of the Lenders as may be required pursuant to Section 11.03), the Collateral Agent upon the request and written direction of the Administrative Agent (at the direction of the Required Lenders), shall by written notice to the Borrower, take any of the following actions without prejudice to the rights of the Collateral Agent, the Administrative Agent or any Lender to enforce its claims against the Borrower except as otherwise specifically provided for herein:

- (a) Acceleration of Loans. Declare the unpaid principal of and any accrued interest in respect of all Loans and any and all other indebtedness or obligations of any and every kind owing by the Borrower to any of the Lenders hereunder to be due whereupon the same shall be immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.
- (b) Enforcement of Rights. Enforce any and all rights and interests created and existing under the Loan Documents, including, without limitation, directing the Collateral Agent to enforce any and all rights and remedies existing under the Collateral Documents and all rights of set-off.
- (c) Lessee Notices. Deliver the Lessee Notices to the applicable Lessees with respect to any or all of the Portfolio Leases.

Notwithstanding the foregoing, if an Event of Default specified in Section 9.01(g) shall occur, then all Loans, all accrued interest in respect thereof and all accrued and unpaid fees and other indebtedness or obligations owing to the Lenders hereunder and under the other Loan Documents shall immediately become due and payable without the giving of any notice or other action by the Collateral Agent, the Administrative Agent or the Lenders, which notice or other action is expressly waived by the Borrower.

Notwithstanding the fact that enforcement powers reside primarily with the Collateral Agent and the Administrative Agent, each Lender has, to the extent permitted by law, a separate

right of payment and shall be considered a separate “creditor” holding a separate “claim” within the meaning of Section 101(5) of the Bankruptcy Code or any other insolvency statute.

In case any one or more of the covenants and/or agreements set forth in this Agreement or any other Loan Document shall have been breached by the Borrower, then the Administrative Agent and the Collateral Agent may, at the written direction of the Administrative Agent, proceed to protect and enforce the Lenders’ rights by suit in equity and by action at law, including an action for damages as a result of any such breach or an action for specific performance of any such covenant or agreement contained in this Agreement or such other Loan Document. Without limitation of the foregoing, the Borrower agrees that failure to comply with any of the covenants contained herein may cause irreparable harm and that specific performance shall be available as a remedy in the event of any breach thereof. The Administrative Agent and Collateral Agent, as the case may be, acting pursuant to this paragraph shall be indemnified by the Borrower against all liability, loss or damage, together with all reasonable costs and expenses related thereto (including reasonable legal and accounting fees and expenses) in accordance with Section 11.05.

SECTION 9.03 Priority of Security Interests. Notwithstanding anything contrary contained in this Agreement or any other Loan Document, the Borrower, the Collateral Agent, the Administrative Agent and each other Protected Party (for purposes of this Section 9.03, the term “Protected Parties” shall not include the Servicer) acknowledge and agree that any Liens on the Collateral regardless of how or when acquired, whether by grant, statute, operation of law, subrogation, purchase money obligations or otherwise that are granted to or held by, the Lenders, other Protected Parties or the Collateral Agent for the benefit of the Lenders and such Protected Parties, shall be a “first” priority security interest and shall be senior to all other security interests. Notwithstanding any other provision of this Agreement (including the Lien priorities set forth herein), all proceeds from Collateral shall be applied against all or any part of the Obligations as set forth in Section 2.07(c)(i) or Section 2.07(c)(ii), as applicable.

ARTICLE X

AGENCY PROVISIONS

SECTION 10.01. Appointment; Authorization. (a) Appointment. Each Lender hereby designates and appoints the Administrative Agent as agent of such Lender to act as specified herein and in the other Loan Documents, and each such Lender hereby authorizes the Administrative Agent, as the agent for such Lender, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated by the terms hereof and of the other Loan Documents, together with such other powers as are reasonably incidental thereto, including but not limited to the appointing of the Collateral Agent and the Custodian under the Security Agreement. Notwithstanding any provision to the contrary elsewhere herein and in the other Loan Documents, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein and therein, or any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any of the other Loan Documents, or shall otherwise exist against the Administrative Agent. In performing its functions and duties under this Agreement and the other Loan Documents, the Administrative Agent shall act solely as an agent of the Lenders and does

not assume and shall not be deemed to have assumed any obligation or relationship of agency or trust with or for the Borrower. Without limiting the generality of the foregoing two sentences, the use of the term “agent” herein and in the other Loan Documents with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any Applicable Law. Instead, such term is used merely as a matter of market custom, and is intended to create or reflect only an administrative relationship between independent contracting parties. The provisions of this ARTICLE X (other than Section 10.09) are solely for the benefit of the Administrative Agent and the Lenders, and neither the Borrower nor the Collateral Agent shall have any rights as a third party beneficiary of the provisions hereof (other than Section 10.09).

(b) Collateral Documents. Without limiting the generality of clause (a) of this Section 10.01, each Lender hereby further authorizes the Administrative Agent to appoint U.S. Bank National Association as Collateral Agent, the Custodian and Depositary to enter into any Collateral Document as secured party on behalf of and for the benefit of such Lender or otherwise and to require the delivery of any Collateral Document which the Administrative Agent determines is necessary or advisable to protect or perfect the interests of the Protected Parties in any Collateral and agrees to be bound by the terms of each of the Collateral Documents. Anything contained in any of the Loan Documents to the contrary notwithstanding, but subject to Section 11.08, each Lender agrees that no Lender shall have any right individually to realize upon any of the Collateral under any Collateral Document or Loan Document, it being understood and agreed that all powers, rights and remedies under the Collateral Documents may be exercised solely by the Administrative Agent (or its designee, including the Collateral Agent, the Custodian and the Depositary) for the benefit of Protected Parties in accordance with the terms thereof. Each Lender hereby authorizes the Administrative Agent (or its designee, including the Collateral Agent, the Custodian and the Depositary) (a) to release or subordinate Collateral as permitted or required under this Agreement or the Collateral Documents, and agrees that a certificate or other instrument executed by the Administrative Agent or Collateral Agent evidencing such release of Collateral shall be conclusive evidence of such release as to any third party and (b) except as otherwise expressly provided in Section 11.03 hereof, to enter into any amendments or waivers of the Collateral Documents which the Administrative Agent determines are necessary or advisable including, without limitation, Collateral Documents the form of which are exhibits to this Agreement.

SECTION 10.02. Delegation of Duties. The Administrative Agent, the Custodian, the Depositary and Collateral Agent may execute any of their respective duties hereunder or under the other Loan Documents by or through agents, employees or attorneys-in-fact and shall be entitled to advice of counsel and other consultants or experts concerning all matters pertaining to such duties. None of the Administrative Agent, the Custodian, the Depositary nor the Collateral Agent shall be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it in the absence of gross negligence or willful misconduct.

SECTION 10.03. Exculpatory Provisions. None of the Administrative Agent, the Custodian, the Depositary, the Collateral Agent, nor any of their respective directors, officers, employees or agents, shall be (i) liable for any action lawfully taken or omitted to be taken by any of them under or in connection herewith or in connection with any of the other Loan Documents or the transactions contemplated hereby or thereby (except for its own gross

negligence or willful misconduct in connection with its duties expressly set forth herein) or (ii) responsible in any manner to any of the Lenders or participants for any recitals, statements, representations or warranties made by any of the Facility Parties contained herein or in any of the other Loan Documents or in any certificate, report, document, financial statement or other written or oral statement referred to or provided for in, or received by the Administrative Agent, the Custodian, the Depository or the Collateral Agent under or in connection herewith or in connection with the other Loan Documents, or enforceability or sufficiency thereof of any of the other Loan Documents, or for any failure of any Facility Party to perform its obligations hereunder or thereunder or be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained herein or therein or as to the use of the proceeds of the Loans or of the existence or possible existence of any Default or Event of Default or to inspect the properties, books or records of the Facility Parties.

SECTION 10.04. Reliance on Communications. Each of the Administrative Agent, the Custodian, the Depository and the Collateral Agent shall be entitled to rely, and shall be fully protected in relying, upon any note, writing, resolution, notice, consent, certificate, affidavit, letter, cablegram, telegram, telecopy, telex, teletype or e-mail message, statement, order or other document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including, without limitation, counsel to any of the Facility Parties, independent accountants and other experts selected by the Administrative Agent in the absence of gross negligence or willful misconduct). The Administrative Agent may deem and treat each Lender as the owner of its interests hereunder for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent in accordance with Section 11.06(b). Each of the Administrative Agent, the Custodian, the Depository and the Collateral Agent shall be fully justified in failing or refusing to take any action under this Agreement or under any of the other Loan Documents unless it shall first receive such advice or concurrence of all the Lenders (to the extent specifically provided in Section 11.03) or the Required Lenders as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. Each of the Administrative Agent, the Custodian, the Depository and the Collateral Agent shall in all cases be fully protected in acting, or in refraining from acting, hereunder or under any of the other Loan Documents in accordance with a request of all the Lenders (to the extent specifically provided in Section 11.03) or the Required Lenders and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders (including their successors and assigns). Where this Agreement expressly permits or prohibits an action unless all the Lenders (to the extent specifically provided in Section 11.03) or the Required Lenders otherwise determine, each of the Administrative Agent, the Custodian, the Depository and the Collateral Agent shall, and in all other instances each of the Administrative Agent, the Custodian, the Depository and the Collateral Agent may, but shall not be required to, initiate any solicitation for the consent or vote of the Lenders.

SECTION 10.05. Notice of Default. The Administrative Agent shall not be deemed to have Knowledge or notice of the occurrence of any Trigger Event, Default, Servicer Replacement Event or Event of Default, except with respect to defaults in the payment of principal, interest and fees required to be paid to the Administrative Agent for the accounts of the

Lenders, unless the Administrative Agent has received notice from a Lender, the Servicer or the Borrower referring to this Agreement or the Servicing Agreement, as applicable, describing such Trigger Event, Default, Servicer Replacement Event or Event of Default and stating that such notice is a “notice of trigger event”, “notice of default”, “notice of servicer replacement event” or a “notice of event of default” as the case may be. If the Administrative Agent receives such a notice, the Administrative Agent shall give prompt notice thereof to the Lenders. Each of the Administrative Agent and the Collateral Agent shall take such action with respect to such Trigger Event, Default, Servicer Replacement Event or Event of Default as shall be reasonably directed by, in the case of the Collateral Agent, the Administrative Agent and, in the case the Administrative Agent, the Required Lenders; provided, however, that unless and until the Administrative Agent or Collateral Agent, as the case may be, has received any such direction, the Administrative Agent or the Collateral Agent, as the case may be, may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Trigger Event, Default, Servicer Replacement Event or Event of Default or it shall deem advisable or in the best interest of the Lenders.

SECTION 10.06. Credit Decision; Disclosure of Information by Administrative Agent or Collateral Agent. Each Lender expressly acknowledges that neither the Administrative Agent nor the Collateral Agent has made any representations or warranties to it and that no act by the Administrative Agent or Collateral Agent hereinafter taken, including any consent to and acceptance of any assignment or review of the affairs of any Facility Party or any Affiliate thereof, shall be deemed to constitute any representation or warranty by the Administrative Agent or Collateral Agent to any Lender as to any matter, including whether the Administrative Agent or Collateral Agent has disclosed material information in its possession. Each Lender represents to the Administrative Agent and Collateral Agent that it has, independently and without reliance upon the Administrative Agent, the Collateral Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, assets, operations, property, financial and other condition, prospects and creditworthiness of the Facility Parties, and all requirements of Applicable Law, and made its own decision to make its Loans hereunder and enter into this Agreement. Each Lender also represents that it will, independently and without reliance upon the Administrative Agent, the Collateral Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigation as it deems necessary to inform itself as to the business, assets, operations, property, financial and other conditions, prospects and creditworthiness of the Borrower and the other Facility Parties. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent or Collateral Agent hereunder, neither the Administrative Agent nor the Collateral Agent shall have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, assets, property, financial or other conditions, prospects or creditworthiness of any Facility Party or their respective Affiliates which may come into the possession of the Administrative Agent or Collateral Agent, as the case may be.

SECTION 10.07. Indemnification. Whether or not the transactions contemplated hereby are consummated, the Lenders agree, severally but not jointly, to indemnify the Administrative Agent, the Custodian, the Depositary and the Collateral Agent (to the extent not reimbursed by

the Borrower and without limiting the obligation of the Borrower to do so), ratably according to their respective Commitments (or if the Commitments have expired or been terminated, in accordance with the respective principal amounts of outstanding Loans of the Lenders), from and against any and all Indemnified Liabilities which may at any time (including without limitation at any time following payment in full of the Obligations and including the costs and expenses of enforcing such Obligations) be imposed on, incurred by or asserted against the Administrative Agent, the Custodian, the Depository or the Collateral Agent in each of their respective capacities as such in any way relating to or arising out of this Agreement or the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by the Administrative Agent, the Custodian, the Depository or Collateral Agent under or in connection with any of the foregoing; provided that no Lender shall be liable for the payment to the Administrative Agent, the Custodian, the Depository or Collateral Agent of any portion of such Indemnified Liabilities resulting from such Person's gross negligence or willful misconduct; provided, however, that no action taken in accordance with the directions of the Required Lenders shall be deemed to constitute gross negligence or willful misconduct for purposes of this Section. If any indemnity furnished to the Administrative Agent, the Custodian, the Depository or Collateral Agent for any purpose shall, in the opinion of the Administrative Agent, the Custodian, the Depository or Collateral Agent, as the case may be, be insufficient or become impaired, each of the Administrative Agent, the Custodian, the Depository or Collateral Agent may call for additional indemnity and cease, or not commence, to do the acts indemnified against until such additional indemnity is furnished. Without limitation of the foregoing, each Lender shall reimburse each of the Administrative Agent, the Custodian, the Depository and Collateral Agent upon demand for its ratable share of any costs or out-of-pocket expenses (including fees and disbursements of counsel) incurred by each of the Administrative Agent, the Custodian, the Depository and Collateral Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, any other Loan Document, or any document contemplated by or referred to herein, to the extent that the Administrative Agent, the Custodian, the Depository or Collateral Agent is not reimbursed for such expenses by or on behalf of the Borrower. The agreements in this Section shall survive the payment of the Obligations and all other obligations and amounts payable hereunder and under the other Loan Documents.

SECTION 10.08. Administrative Agent, the Custodian, the Depository and Collateral Agent in Their Individual Capacities. The Administrative Agent, the Collateral Agent, the Custodian, the Depository and their respective Affiliates may make loans to, issue letters of credit for the account of, accept deposits from, acquire Equity Interests in, and generally engage in any kind of banking, trust, financial advisory, underwriting and other business with the Borrower or any other Facility Party as though the Administrative Agent, the Custodian, the Depository or Collateral Agent were not the Administrative Agent, the Custodian, the Depository or Collateral Agent hereunder or under another Loan Document. The Lenders acknowledge that, pursuant to any such activities, the Administrative Agent, the Custodian, the Depository or its Affiliates may receive information regarding any Facility Party or its Affiliates (including information that may be subject to confidentiality obligations in favor of such Facility Party or such Affiliate) and acknowledge that none of the Administrative Agent, the Custodian, the Depository nor the Collateral Agent shall be under any obligation to provide such information to

them. With respect to the Loans made by and all obligations owing to it, each of the Administrative Agent, the Custodian, the Depository and the Collateral Agent shall have the same rights and powers under this Agreement as any Lender and may exercise the same as though it was not the Administrative Agent, the Custodian, the Depository or the Collateral Agent, and the terms "Lender" and "Lenders" shall include the Administrative Agent, the Custodian, the Depository or Collateral Agent, as the case may be, in their respective individual capacities.

SECTION 10.09. Term; Successor Administrative Agents. The Administrative Agent may (i) resign upon 30 days' written notice to the Lenders, the Borrower and the Servicer, and (ii) be removed as Administrative Agent upon the request of the Required Lenders. If the Administrative Agent resigns under a Loan Document, the Required Lenders shall appoint from among the Lenders a successor Administrative Agent, which successor Administrative Agent, if other than a Lender, shall be consented to by the Borrower at all times other than during the existence of an Event of Default (which consent of the Borrower shall not be unreasonably withheld or delayed). If no successor Administrative Agent shall have been so appointed by the Required Lenders, and shall have accepted such appointment prior to the effective date of the resignation of the resigning Administrative Agent, then the resigning Administrative Agent, after consulting with the Lenders and the Borrower shall appoint a successor Administrative Agent; provided, however, such successor Administrative Agent is a Lender hereunder or a commercial bank organized under the laws of the United States and has a combined capital and surplus of at least \$500,000,000. If no successor Administrative Agent is appointed prior to the effective date of the resignation of the resigning Administrative Agent, the resigning Administrative Agent may appoint, after consulting with the Lenders and the Borrower, a successor Administrative Agent, from among the Lenders. Upon the acceptance of any appointment as an Administrative Agent hereunder by a successor, such successor Administrative Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Administrative Agent, and the retiring Administrative Agent, shall be discharged from its duties and obligations as an Administrative Agent, as appropriate, under this Agreement and the other Loan Documents and the provisions of this Section 10.09 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was an Administrative Agent under this Agreement. If no successor Administrative Agent has accepted appointment as Administrative Agent within 60 days after the retiring Administrative Agent's giving notice of resignation, the retiring Administrative Agent's resignation shall nevertheless become effective and the Lenders shall perform all duties of the Administrative Agent hereunder until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above.

SECTION 11.00 Request for Documents. Each of the Administrative Agent and the Collateral Agent shall from time to time upon reasonable request therefor furnish each Lender with copies of the Funding Package, Railcar Documentation, Lease Documents and/or Loan Documents (to the extent such Funding Package, Railcar Documentation, Lease Documents and/or Loan Documents are provided by the Borrower or other third parties, in the form and to the extent provided to the Administrative Agent or the Collateral Agent by the Borrower or such third parties).

SECTION 11.02 No Waiver; Cumulative Remedies. No failure or delay on the part of the Administrative Agent, Collateral Agent, the Custodian, the Depository or any Lender in exercising any right, power or privilege hereunder or under any other Loan Document and no course of dealing between the Administrative Agent, Collateral Agent, the Custodian, the Depository or any Lender and any of the Facility Parties shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or under any other Loan Document preclude any other or further exercise thereof or the exercise of any other right, power or privilege hereunder or thereunder. The rights and remedies provided herein are cumulative and not exclusive of any rights or remedies which the Administrative Agent, Collateral Agent, the Custodian, the Depository or any Lender would otherwise have. No notice to or demand on any Facility Party in any case shall entitle the Facility Parties to any other or further notice or demand in similar or other circumstances or constitute a waiver of the rights of the Administrative Agent, Collateral Agent, the Custodian, the Depository or the Lenders to any other or further action in any circumstances without notice or demand.

SECTION 11.03 Amendments, Waivers and Consents. Neither this Agreement nor any other Loan Document nor any of the terms hereof or thereof may be amended, changed, waived, discharged or terminated except, in the case of this Agreement or any other Loan Document, pursuant to an agreement or agreements or a consent or consents in writing entered into by the Borrower, each other Facility Party which is party thereto, and the Administrative Agent (acting at the direction of the Required Lenders); provided that the foregoing shall not restrict the ability of the Administrative Agent (at the direction of the Required Lenders) to (x) waive any Event of Default prior to the time the Administrative Agent (at the direction of the Required Lenders) shall have declared the Loans immediately due and payable pursuant to ARTICLE IX, or (y) effect any amendments to the Loan Documents as a result of the making of any New Term Loans in accordance with Section 2.14; provided, however, that:

- (i) no such amendment, change, waiver, discharge or termination shall, without the consent of each Lender affected thereby:
 - (A) extend the Maturity Date or any payment of the Loans due thereon; provided that this clause (A) shall not restrict the ability of the Required Lenders to waive any Event of Default (other than an Event of Default the waiver of which would effectively result in any such extension or waiver), prior to the time the Administrative Agent shall have declared, or the Required Lenders shall have requested the Administrative Agent to declare, the Loans immediately due and payable pursuant to ARTICLE IX;
 - (B) reduce the rate, or extend the time of payment, of interest (other than as a result of waiving the applicability of any post-default increase in interest rates) thereon or fees hereunder or amend or modify or, if applicable, waive the effects of the definition of "Applicable Facility Margin";
 - (C) reduce or waive the principal amount of any Loan or amend or modify or, if applicable, waive the effects of the definition of "Required Principal Payment Amount";

(D) except as set forth in clause (y) above, increase the Commitment of a Lender over the amount thereof in effect (it being understood and agreed that a waiver of any Default, Servicer Replacement Event or Event of Default or a mandatory reduction in the Commitments shall not constitute a change in the terms of any Commitment of any Lender);

(E) release all or substantially all or less than all of the Collateral securing the Credit Obligations hereunder (provided that the Collateral Agent may, without consent from any other Lender, release any Collateral that is sold or transferred by the Borrower in compliance with Section 7.05, or released in compliance with Section 9.12 of the Security Agreement);

(F) amend, modify or waive any provision of Section 7.12;

(G) release any Facility Party from its respective obligations under the Loan Documents and/or the Servicing Documents;

(H) amend, modify or waive any provision of this Section 11.03, amend or modify any reference to or, if applicable, waive the effects of the definition of "Required Lenders", "Supermajority Lenders" or to any other provisions requiring a particular number or percentage of Lenders (whether based on number, Credit Exposure or otherwise), or reduce any percentage specified in, or otherwise modify, the definition of "Required Lenders" or "Supermajority Lenders";

(I) amend or modify or, if applicable, waive the effects of the definition of "Advance Rate";

(J) consent to the assignment or transfer by the Borrower or the Servicer of any of its rights and obligations under (or in respect of) the Loan Documents and the Servicing Agreement, except as permitted thereby;

(K) amend or modify or, if applicable, waive the effects of the definition of "Maturity Date" or "Events of Default";

(L) amend, modify or waive any provision of Section 2.07(c); or

(M) amend, modify or waive any provision of Sections 2.10 or 2.11;

(ii) no such amendment, change, waiver, discharge or termination shall, without the consent of the Supermajority Lenders affected thereby:

(A) amend or modify or, if applicable, waive the effects of the definition of "Monthly Report" or amend, modify or waive any of Exhibit A-5; or

(B) amend or modify or, if applicable, waive the effects of the definition of "Loan-to-Value Ratio", "LTV Maximum", "DSCR" or "DSCR Minimum";

(C) amend or modify or, if applicable, waive the effects of the definition of “Concentration Limits” or amend, modify or waive any of Schedule A; and

(iii) no provision of ARTICLE X may be amended without the consent of the Administrative Agent.

Notwithstanding the fact that the consent of all the Lenders is required in certain circumstances as set forth above, (i) each Lender is entitled to vote as such Lender sees fit on any bankruptcy reorganization plan that affects the Loans, and each Lender acknowledges that the provisions of Section 1126(c) of the Bankruptcy Code supersede the unanimous consent provisions set forth herein and (ii) the Required Lenders may consent to allow the Borrower to use cash collateral in the context of a bankruptcy or insolvency proceeding.

No amendment to (i) the definitions of “Creditor,” “Derivatives Agreement,” “Derivatives Creditor,” “Derivatives Obligations,” “Derivatives Termination Value,” “Obligations” or “Protected Party” contained in Section 1.01 and in the definition of “Secured Obligations” in Section 1.01 of the Security Agreement, (ii) Section 2.07(c), (iii) Section 9.01, (iv) Section 9.03, (v) this paragraph of Section 11.03, (vi) Section 11.17, (vii) Section 9.06 of the Security Agreement and (viii) Section 9.06 of the Parent Security Agreement only, in each of clauses (i) through (viii), in a manner that materially adversely affects a Derivatives Creditor, shall be effective without the written concurrence of such Derivatives Creditor and no addition of any new provision to this Agreement in a manner that impacts any of the sections described in clauses (i) through (viii) of this paragraph only and that materially adversely affect a Derivatives Creditor shall be effective without the written concurrence of such Derivatives Creditor. Prior to any amendment of the sections described in clauses (i) through (vii) of this paragraph, the Administrative Agent shall provide ten Business Days written notice to the Derivatives Creditors.

The various requirements of this Section 11.03 are cumulative. Each Lender and each holder of a Note shall be bound by any waiver, amendment or modification authorized by this Section 11.03 regardless of whether its Note shall have been marked to make reference therein, and any consent by any Lender or holder of a Note pursuant to this Section 11.03 shall bind any Person subsequently acquiring a Note from it, whether or not such Note shall have been so marked.

SECTION 11.04 Expenses. The Borrower shall pay promptly on demand, but in any event by the next Settlement Date following demand, all out-of-pocket expenses (including, without limitation, all reasonable attorneys’ fees and expenses) incurred by the Administrative Agent (and its Affiliates), the Collateral Agent, the Depository, the Custodian and, in respect of such expenses set forth in clause (iii) below, the Lenders: (i) subject to any agreements on fee caps, in connection with the preparation, execution, delivery, administration, modification and amendment of the Loan Documents and in connection with the Borrowing including, without limitation, (A) due diligence, collateral review, syndication, transportation, computer, information transmission systems, duplication, audit, insurance, consultant, search, filing and recording fees and expenses and (B) the reasonable fees and expenses of counsel for each of the Administrative Agent, the Depository, the Custodian and the Collateral Agent with respect

thereto, with respect to advising the Administrative Agent, the Depository, the Custodian or the Collateral Agent as to its rights and responsibilities, or the perfection, protection or preservation of rights and interests, under the Loan Documents and Lease Documents, (ii) in connection with wire transfers to be made by the Administrative Agent, the Depository or Collateral Agent in connection with the distribution of proceeds under this Agreement and (iii) in connection with any amendment, refinancing, modification, supplement (or, if related to a request by any Facility Party or any Lessee, interpretation), or waiver under any of the Notes or other Loan Documents and Lease Documents (which shall be limited to a single law firm for the Administrative Agent and all Lenders together) whether or not such amendment, refinancing, modification, supplement, interpretation or waiver is obtained or becomes effective, and in connection with the consideration of any potential, actual or proposed restructuring or workout of the transactions contemplated hereby or by the other Loan Documents.

The Borrower shall pay promptly on demand, but in any event by the next Settlement Date following demand, (i) all reasonable filing fees and attorneys' fees and expenses incurred by the Collateral Agent, the Custodian, the Depository and the Administrative Agent and all reasonable fees and expenses of special STB or other collateral or regulatory counsel (and other local counsel reasonably engaged by the Collateral Agent, the Custodian, the Depository or the Administrative Agent), as the case may be, in connection with the preparation and review of the Collateral Documents and the other Loan Documents and Lease Documents from time to time entered into or reviewed pursuant to this Agreement and all documents related thereto, the search of railcar conveyance and Lien records, the recordation of documents with the STB or other applicable Governmental Authority, inspection and appraisal fees and the making of the Loans hereunder, whether or not the Closing Date or other transaction contemplated hereby closes and (ii) all Taxes which the Collateral Agent or any Protected Party may be required to pay solely by reason of the security interests granted in the Collateral (including any applicable transfer Taxes) or to free any of the Collateral from the lien thereof.

In addition, the Borrower shall pay promptly on demand, but in any event by the next Settlement Date following demand, all reasonable out of pocket expenses (including, without limitation, reasonable attorneys' fees and expenses and fees and expenses of any expert witnesses) incurred by the Administrative Agent, the Collateral Agent and the Lenders in connection with the enforcement and protection of the rights of the Administrative Agent, the Collateral Agent and the Lenders under any of the Loan Documents and any amendments thereto and waivers thereof and any Servicer Replacement Event, Default or Event of Default, including without limitation, the performance by the Administrative Agent, the Collateral Agent or the Lenders of any act any Facility Party has covenanted to do under the Loan Documents and/or the Servicing Documents to the extent such Facility Party fails to comply with any such covenant.

The Borrower shall pay all fees and expenses in connection with the Depository Agreement including, without limitation, all fees (including any annual fee payable to the Depository pursuant to the Depository Agreement), expenses and any indemnity payments to the Depository and all fees and expenses in creating, maintaining and administering the Collection Account.

Except in respect of the Taxes specifically referred to above, this Section 11.04 shall not apply with respect to Taxes, which are governed solely by Section 3.01.

SECTION 11.05

Indemnification. Whether or not the transactions contemplated hereby are consummated, the Borrower agrees to indemnify, save and hold harmless the Administrative Agent, the Collateral Agent, the Custodian, the Depositary, each Lender, each Derivatives Creditor and their respective Affiliates, directors, officers, employees, counsel, agents and attorneys-in-fact (collectively the “Indemnitees”) from and against (and without duplication of amounts payable or the provisions which relate to such payment under the other provisions of the Loan Documents): (i) any and all claims, demands, actions or causes of action that are asserted against any Indemnitee by any Person (other than the Administrative Agent, the Collateral Agent, the Custodian, the Depositary, any Lender or any Derivatives Creditor) relating directly or indirectly to a claim, demand, action or cause of action that such Person asserts or may assert against TILC or any Facility Party, any Affiliate of TILC or any Facility Party or any of their respective officers, managers or directors; (ii) any and all claims, demands, actions or causes of action that may at any time (including at any time following repayment of the Obligations and the resignation or removal of the Administrative Agent, the Collateral Agent or the replacement of any Lender) be asserted or imposed against any Indemnitee, arising out of or relating to, the Loan Documents, any predecessor Loan Documents, the Commitments, the use of or contemplated use of the proceeds of any Loan, or the relationship of TILC, any Facility Party, the Administrative Agent and the Lenders under this Agreement or any other Loan Document; (iii) any administrative or investigative proceeding by any Governmental Authority arising out of or related to a claim, demand, action or cause of action described in clause (i) or (ii) above; (iv) any Loan Document, Lease Document, other Transaction Document or any document contemplated hereby or thereby and payments made pursuant hereto or thereto or any transaction contemplated hereby or thereby or the exercise of rights and remedies hereunder or thereunder, any breach by TILC or any Facility Party of any Transaction Document or Lease Document or a Lessee of any Lease Document, (v) any Railcar, any Part or the Borrower’s acquisition or ownership of, or the selection, design, financing, lease, control, operation, condition, location, storage, modification, repair, sale, use, maintenance, possession, registration, delivery, nondelivery, transportation, transfer or disposition of, any Railcar or Part; (vi) any and all liabilities, obligations, losses, damages, penalties, claims, demands, actions, suits, judgments, costs and expenses of any kind, including, without limitation, the reasonable fees and disbursements of counsel and the fees and expenses of enforcing the Borrower’s contractual and indemnification obligations under the Loan Documents, which may be incurred by, imposed on or asserted against such Indemnitee in connection with any investigation or administrative or judicial proceeding (whether or not such Indemnitee shall be designated a party thereto) brought or threatened relating to or arising out of any Collateral Document or in any other way connected with the enforcement of any of the terms of, or the presentation of any rights under, or in any way relating to or arising out of the manufacture, ownership, ordering, purchasing, delivery, control, acceptance, lease, financing, possession, operation, condition, sale, return or other disposition or use of the Collateral (including, without limitation, intent or other defects, whether or not discoverable) the violation of any laws of any country, state or other governmental body or unit, or any tort (including, without limitation, any claims, arising or imposed under the doctrine of strict liability, or for or on account of injury to or the death of any Person (including any Indemnitees), or property damage or contract claim; and (vii) any and all liabilities (including liabilities under indemnities), losses, costs or expenses (including fees and disbursements of one legal counsel, collectively, of the Indemnitees other than the Administrative Agent and the Collateral Agent, and one legal counsel of each of the

Administrative Agent and the Collateral Agent) that any Indemnitee suffers or incurs as a result of the assertion of any foregoing claim, demand, action, cause of action or proceeding, or as a result of the preparation of any defense in connection with any foregoing claim, demand, action, cause of action or proceeding, in all cases, and whether or not an Indemnitee is a party to such claim, demand, action, cause of action, or Proceeding (all the foregoing, collectively; the "Indemnified Liabilities"). **THE FOREGOING INDEMNIFICATION SHALL APPLY WHETHER OR NOT SUCH LIABILITIES AND COSTS ARE IN ANY WAY OR TO ANY EXTENT OWED, IN WHOLE OR IN PART, UNDER ANY CLAIM OR THEORY OF STRICT LIABILITY OR CAUSED, IN WHOLE OR IN PART, BY ANY NEGLIGENT ACT OR OMISSION OF ANY KIND BY ANY INDEMNITEE;** provided that no Indemnitee shall be entitled to indemnification for any claim caused by its own breach, gross negligence or willful misconduct and provided further, that no Indemnitee shall be entitled to indemnification for any claim arising solely out of (i) the bankruptcy, insolvency or other financial inability of one or more Lessees to make payments under a related Lease or (ii) the decline in market value of a Portfolio Railcar, to the extent not attributable to the failure of a Facility Party to perform an obligation with respect to such Portfolio Railcar under a Transaction Document; provided, further, that no Indemnitee shall be entitled to indemnification under this Section 11.05 in respect of (a) Taxes (which shall be governed solely by Section 3.01(a)), other than Taxes imposed with respect to indemnity payments arising from a non-tax claim or (b) losses which result from or arise out of or are attributable to a non-exempt prohibited transaction under ERISA or Section 4975 of the Code cause by the incorrectness of a Lender's representation in Section 8.01. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 11.05 applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by TILC, any Facility Party, their respective directors, shareholders or creditors or an Indemnitee or any other Person or any Indemnitee is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. Without prejudice to the survival of any other agreement of the Borrower or any Indemnitee hereunder and under the other Loan Documents, the agreements and obligations of the Borrower and each Indemnitee contained in this Section 11.05 shall survive the repayment of the Loans and other obligations under the Loan Documents and the termination of the Commitments hereunder.

The Borrower shall, no later than 20 days following demand, reimburse any Indemnitee for any Indemnified Liability referred to above or, upon request from any Indemnitee, shall pay such amounts directly. Any payment made to or on behalf of any Indemnitee pursuant to this Section 11.05 shall be adjusted to such amount as will, after taking into account all Taxes imposed with respect to the accrual or receipt of such payment (as the same may be increased pursuant to this sentence), equal the amount of the payment. To the extent that the Borrower in fact indemnifies any Indemnitee pursuant to the provisions of this Section 11.05 (other than in respect of Taxes), the Borrower shall be subrogated to such Indemnitee's rights in the affected transaction and shall have a right to determine the settlement of claims therein.

If a claim of the type described above is made against an Indemnitee and such Indemnitee has notice thereof, such Indemnitee shall promptly, upon receiving such notice, give notice of such claim to the Borrower; provided that the failure to provide such notice shall not release the Borrower from any of its obligations hereunder except if and to the extent that such failure results in an increase in the Borrower's indemnification obligations hereunder. The Borrower

shall be entitled, in each case at its sole cost and expense, acting through counsel reasonably acceptable to the relevant Indemnitee: (i) in any judicial or administrative proceeding that involves solely a claim of the type described above, to assume responsibility for and control thereof, (ii) in any judicial or administrative proceeding involving a claim of the type described above and other claims related or unrelated to the transactions contemplated by this Agreement or any other Loan Document (other than with respect to Taxes), to assume responsibility for and control of such claim, to the extent that the same may be and is severed from such other claims (and such Indemnitee shall use its best efforts to obtain such severance), and (iii) in any other case, to be consulted by such Indemnitee with respect to judicial proceedings subject to the control of such Indemnitee. Notwithstanding anything in the foregoing to the contrary, the Borrower shall not be entitled to assume responsibility for and control of any such judicial or administrative proceedings: (A) while an Event of Default shall have occurred and be continuing; (B) if such proceedings will involve any risk of criminal liability or a material risk of the sale, forfeiture or loss of any part of the Collateral; or (C) to the extent that the Indemnitee has defenses available to it which are not available to the Borrower and allowing the Borrower to assert such defenses will be prejudicial to the interests of such Indemnitee; provided that the limitation on the Borrower's ability to control such judicial or administrative proceeding shall apply only to those aspects of such proceeding which address issues with respect to which such defenses are available.

The relevant Indemnitee shall supply the Borrower with such information reasonably requested by the Borrower as is necessary or advisable for the Borrower to control or participate in any proceeding to the extent permitted by this Section 11.05. Such Indemnitee shall not enter into a settlement or other compromise with respect to any covered claim without the prior written consent of the Borrower, which consent shall not be unreasonably withheld or delayed, unless such Indemnitee waives its right to be protected with respect to such covered claim.

SECTION 11.06 Successors, Assigns, and Participants. (a) Generally. This Agreement shall be binding upon and inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; provided that the Borrower may not assign or transfer any of its interests and obligations.

(b) Assignments. Any Lender may assign all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Loans and its Commitments); provided, however, that:

- (i) each such assignment shall be to an Eligible Assignee who, unless otherwise consented to by the Borrower, is not a Competitor of the Borrower;
- (ii) no Lender may at any time assign such rights and obligations without prior written notice to the Borrower;
- (iii) in the case of an assignment to an Eligible Assignee who falls within clause (iii) of the definition of such term, such assignee shall acquire (and such assignor shall retain) in the aggregate upon any such assignment by one or more Lenders a minimum amount of Loans with a then aggregate current principal balance of at least \$10,000,000;

(iv) the parties to such assignment shall execute and deliver to the Administrative Agent for its acceptance an Assignment and Acceptance in the form of Exhibit C, together with any Note subject to such assignment and a processing fee of \$3,500, payable by the assigning Lender to the Administrative Agent; and

(v) the Borrower shall not be required to reimburse any such assignee pursuant to Sections 3.01, 3.03 or 3.04 in an amount which, at any time after the effective date of such assignment, exceeds the amount that would have been payable thereunder to the assigning Lender had such Lender not entered into such assignment; provided, that any such assignment shall otherwise be without prejudice to the assignee's rights under Sections 3.01, 3.03 or 3.04.

(c) Assignment and Acceptance. By executing and delivering an Assignment and Acceptance in accordance with this Section 11.06, the assigning Lender thereunder and the assignee thereunder shall be deemed to confirm to and agree with each other and the other parties hereto as follows: (i) such assigning Lender warrants that it is the legal and beneficial owner of the interest being assigned thereby free and clear of any adverse claim and the assignee warrants that it is an Eligible Assignee; (ii) except as set forth in clause (i) above, such assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement, any of the other Loan Documents or any other instrument or document furnished pursuant hereto or thereto, or the execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement, any of the other Loan Documents or any other instrument or document furnished pursuant hereto or thereto or the financial condition of the Facility Parties or the performance or observance by any Facility Party of any of its obligations under this Agreement, any of the other Loan Documents or any other instrument or document furnished pursuant hereto or thereto; (iii) such assignee represents and warrants that it is legally authorized to enter into such assignment agreement; (iv) such assignee confirms that it has received a copy of this Agreement, the other Loan Documents, together with copies of the most recent financial statements delivered pursuant to Section 6.01 and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance; (v) such assignee will independently and without reliance upon the Administrative Agent, the Collateral Agent, such assigning Lender or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement and the other Loan Documents; (vi) such assignee appoints and authorizes each of the Administrative Agent and the Collateral Agent to take such action on its behalf and to exercise such powers under this Agreement or any other Loan Document as are delegated to each of the Administrative Agent and the Collateral Agent by the terms hereof or thereof, together with such powers as are reasonably incidental thereto; and (vii) such assignee agrees that it will perform in accordance with their terms all the obligations which by the terms of this Agreement and the other Loan Documents are required to be performed by it as a Lender. Upon execution, delivery, and acceptance of such Assignment and Acceptance, the assignee thereunder shall be a party hereto and, to the extent of such assignment, have the obligations, rights, and benefits of a Lender hereunder and the assigning Lender shall, to the extent of such assignment, relinquish its rights and be released from its obligations under this Agreement. Upon the consummation of any assignment pursuant to this Section 11.06(c), the assignor, the Administrative Agent and the Borrower shall make

appropriate arrangements so that, if required, new Notes are issued to the assignor and the assignee. The assignee shall deliver to the Borrower and the Administrative Agent certification as to exemption from deduction or withholding of Taxes in accordance with Section 3.01.

(d) Register. The Borrower hereby designates the Administrative Agent to serve as the Borrower's agent, solely for purposes of this Section 11.06(d), to (i) maintain a register (the "Register") on which the Administrative Agent will record the Commitments from time to time of each Lender, the Loans made by each Lender and each repayment in respect of the principal amount (and stated interest) of the Loans of each Lender and to (ii) retain a copy of each Assignment and Acceptance delivered to the Administrative Agent pursuant to this Section. Failure to make any such recordation, or any error in such recordation, shall not affect the Borrower's obligation in respect of such Loans. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person in whose name a Loan and the Note evidencing the same is registered as the owner thereof for all purposes of this Agreement, notwithstanding notice or any provision herein to the contrary. With respect to any Lender, the assignment or other transfer the rights to the principal of, and interest on, any Loan made and any Note issued pursuant to this Agreement shall not be effective until such assignment or other transfer is recorded on the Register and, except to the extent provided in this Section 11.06(d), otherwise complies with Section 11.06, and prior to such recordation all amounts owing to the transferring Lender with respect to such Loans and Notes shall remain owing to the transferring Lender. The registration of assignment or other transfer of all or part of any Loans and Notes for a Lender shall be recorded by the Administrative Agent on the Register only upon the acceptance by the Administrative Agent of a properly executed and delivered Assignment and Acceptance and payment of the administrative fee referred to in Section 11.06(b)(iv). The Register shall be available at the offices where kept by the Administrative Agent for inspection by the Borrower and any Lender at any reasonable time upon reasonable prior notice to the Administrative Agent.

(e) Participations. Each Lender may, without the consent of the Borrower or the Administrative Agent, sell participations to one or more Eligible Assignees in all or a portion of its rights, obligations or rights and obligations under this Agreement (including all or a portion of the Loans owing to it and any Notes held by it); provided, however, that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, (iii) the participant shall be entitled to the benefit of right of setoff contained in Section 11.08 and the yield protection provisions contained in Sections 3.01, 3.03 and 3.04 to the same extent that the Lender from which such participant acquired its participation would be entitled to the benefits of such yield protections; provided that the Borrower shall not be required to reimburse any participant pursuant to Sections 3.01, 3.03 or 3.04 in an amount which exceeds the amount that would have been payable thereunder to such Lender had such Lender not sold such participation; provided further, that no participant shall be entitled to the benefits of Section 3.01 unless it shall have complied with Section 3.01 as if it were a Lender and (iv) the Borrower, the Administrative Agent and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement, and such Lender shall retain the sole right to enforce the obligations of the Borrower relating to the Obligations owing to such Lender and to approve any amendment, modification or waiver of any provision of this Agreement (other than amendments, modifications or waivers decreasing the amount of

principal of or the rate at which interest is payable on such Loans or Notes, extending any scheduled principal payment date or date fixed for the payment of interest on such Loans or Notes or extending its Commitment). Each Lender that sells a participating interest in any Loan, Commitment or other interest to a participant shall, as agent for the Borrower solely for the purpose of this Section 11.06, maintain a register on which it enters the name and address of each participant and the principal amounts (and stated interest) of each Participant's interest in the Loans, Commitments or other interest (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any participant or any information relating to a participant's interest in any commitments, loans, or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, or other interest is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(f) Other Assignments. Any Lender may at any time (i) assign all or any portion of its rights under this Agreement and any Loans and Notes to a Federal Reserve Bank or other similar central bank and (ii) pledge or assign a security interest in all or any portion of its interest and rights under this Agreement (including all or any portion of its Loans and Notes, if any) to secure obligations of such Lender; provided that no such assignment, option, pledge or security interest shall release a Lender from any of its obligations hereunder or substitute any such Federal Reserve Bank or other similar central bank or other person to which such option, pledge or assignment has been made for such Lender as a party hereto.

SECTION 11.07 Confidentiality. Each of the Administrative Agent, the Collateral Agent and the Lenders agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (i) to its and its Affiliates' directors, officers, employees and agents, including accountants, legal counsel and other advisors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential); (ii) to the extent requested by any regulatory authority with jurisdiction over the Administrative Agent, the Collateral Agent or Lender, as applicable; (iii) to the extent required by Applicable Laws or regulations or by any subpoena or similar legal process; (iv) to any other party to this Agreement; (v) in connection with the exercise of any remedies hereunder or any suit, action or proceeding relating to this Agreement or any other Loan Documents or the enforcement of rights hereunder or thereunder; (vi) subject to an agreement containing provisions substantially the same as those of this Section, to (A) any Eligible Assignee of or participant in, or any prospective Eligible Assignee of or participant in, any of its rights or obligations under this Agreement, or (B) any direct or indirect contractual counterparty or prospective counterparty (or such contractual counterparty's or prospective counterparty's professional advisor) to any credit derivative transaction relating to obligations of the Borrower; (vii) with the written consent of the Borrower; (viii) to the extent such information (A) becomes publicly available other than as a result of a breach of this Section or (B) becomes available to the Administrative Agent, the Collateral Agent or any Lender on a nonconfidential basis from a source other than the

Borrower; or (ix) to the National Association of Insurance Commissioners or any other similar organization or any nationally recognized rating agency that requires access to information about a Lender's or its Affiliates' investment portfolio in connection with ratings issued with respect to such Lender or its Affiliates. For the purposes of this Section, "Information" means all information received from or on behalf of the Borrower relating to the Borrower or its business, other than any such information that is available to the Administrative Agent, the Collateral Agent or any Lender on a nonconfidential basis prior to disclosure by or on behalf of the Borrower. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information. The provisions of this Section 11.07 are in addition to, and not in substitution of, any additional, separate agreements related to confidentiality and/or non-disclosure entered into between the Borrower and any Protected Party from time to time.

SECTION 11.08 Set-off. In addition to any rights now or hereafter granted under Applicable Law or otherwise, and not by way of limitation of any such rights, upon the occurrence and during the continuance of an Event of Default, each Lender (and each of its Affiliates) is authorized at any time and from time to time, without presentment, demand, protest or other notice of any kind (all of such rights being hereby expressly waived), to set-off and to appropriate and apply any and all deposits (general or specific) and any other indebtedness at any time held or owing by such Lender (including, without limitation, branches, agencies or Affiliates of such Lender wherever located) to or for the credit or the account of the Borrower against obligations and liabilities of the Borrower to the Lenders hereunder, under the Loans and Notes, under the other Loan Documents or otherwise, irrespective of whether the Administrative Agent or the Lenders shall have made any demand hereunder and although such obligations, liabilities or claims, or any of them, may be contingent or unmatured, and any such set-off shall be deemed to have been made immediately upon the occurrence of an Event of Default even though such charge is made or entered on the books of such Lender subsequent thereto. The Borrower hereby agrees that to the extent permitted by law any Person purchasing a participation in the Loans and Commitments hereunder may exercise all rights of set-off with respect to its participation interest as fully as if such Person were a Lender hereunder and any such set-off shall reduce the amount owed by the Borrower to the Lender.

SECTION 11.09 Interest Rate Limitation. The Administrative Agent, the Lenders and the Borrower and any other parties to the Loan Documents intend to contract in strict compliance with applicable usury law from time to time in effect. In furtherance thereof such Persons stipulate and agree that none of the terms and provisions contained in the Loan Documents shall ever be construed to create a contract to pay, for the use, forbearance or detention of money, interest in excess of the maximum amount of interest permitted to be charged by Applicable Law from time to time in effect (the "Maximum Rate"). Neither the Borrower nor any present or future guarantors, endorsers, or other Persons hereafter becoming liable for payment of any Credit Obligation shall ever be liable for unearned interest thereon or shall ever be required to pay interest thereon in excess of the maximum amount that may be lawfully charged under Applicable Law from time to time in effect, and the provisions of this Section shall control over all other provisions of the Loan Documents which may be in conflict or apparent conflict herewith. The Lenders and the Administrative Agent expressly disavow any intention to charge

or collect excessive unearned interest or finance charges in the event the maturity of any Credit Obligation is accelerated. If (i) the maturity of any Credit Obligation is accelerated for any reason, (ii) any Credit Obligation is prepaid and as a result any amounts held to constitute interest are determined to be in excess of the legal maximum, or (iii) any Lender or any other holder of any or all of the Credit Obligations shall otherwise collect moneys which are determined to constitute interest which would otherwise increase the interest on any or all of the Credit Obligations to an amount in excess of that permitted to be charged by Applicable Law then in effect, then all sums determined to constitute interest in excess of such legal limit shall, without penalty, be promptly applied to reduce the then outstanding principal of the related Credit Obligations or, at such Lender's or holder's option, promptly returned to the Borrower or the other payor thereof upon such determination. In determining whether or not the interest paid or payable, under any specific circumstance, exceeds the maximum amount permitted under Applicable Law, the Administrative Agent, the Lenders and the Borrower (and any other payors thereof) shall to the greatest extent permitted under Applicable Law, (i) characterize any non-principal payment as an expense, fee or premium rather than as interest, (ii) exclude voluntary prepayments and the effects thereof, and (iii) amortize, prorate, allocate, and spread the total amount of interest throughout the entire contemplated term of the instruments evidencing the Credit Obligations in accordance with the amounts outstanding from time to time thereunder and the maximum legal rate of interest from time to time in effect under Applicable Law in order to lawfully charge the maximum amount of interest permitted under Applicable Law. In the event Applicable Law provides for an interest ceiling under Chapter 303 of the Texas Finance Code (the "Texas Finance Code") as amended, for that day, the ceiling shall be the "weekly ceiling" as defined in the Texas Finance Code; provided that if any Applicable Law permits greater interest, the Law permitting the greatest interest shall apply. As used in this Section 11.09 the term "Applicable Law" includes, without limitation the laws of the State of Texas, the laws of the State of New York or the laws of the United States of America, whichever laws allow the greatest interest, as such laws now exist or may be changed or amended or come into effect in the future.

SECTION 11.10 Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be an original, but all of which shall constitute one and the same instrument. It shall not be necessary in making proof of this Agreement to produce or account for more than one such counterpart.

SECTION 11.11 Integration. THIS WRITTEN AGREEMENT, TOGETHER WITH THE OTHER LOAN DOCUMENTS AND ANY OTHER CONFIDENTIALITY OR NON-DISCLOSURE AGREEMENTS ENTERED INTO BETWEEN THE BORROWER AND ANY PROTECTED PARTY ON OR PRIOR TO THE DATE HEREOF, REPRESENTS THE FINAL AGREEMENT OF THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES. In the event of any conflict between the provisions of this Agreement and those of any other Loan Document, the provisions of this Agreement shall control; provided that the inclusion of supplemental rights or remedies in favor of the Collateral Agent, the Administrative Agent or the Lenders in any other Loan Document shall not be deemed a conflict with this Agreement. Each Loan Document was drafted with the joint participation of the respective

SECTION 11.17 Third Party Beneficiaries. Each Protected Party and Indemnitee is an express third party beneficiary hereof; provided that this Agreement may be amended without the consent of any such Protected Party or Indemnitee, except to the extent required pursuant to Section 11.03.

SECTION 11.18 Consequential Damages. None of the Borrower nor any Indemnitee shall assert any claim against any other party hereto on any theory of liability, for special, indirect, consequential or punitive damages arising out of or otherwise relating to the Loan Documents or any of the transactions contemplated herein or therein; provided that the foregoing shall not prohibit any Indemnitee from seeking indemnification under Section 10.07 for any such damages claimed by a third party.

SECTION 11.19 Governing Law; Submission to Jurisdiction. **THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS AND ANY RIGHT, OBLIGATION, CLAIM, CONTROVERSY OR DISPUTE OF THE PARTIES HEREUNDER AND THEREUNDER SHALL BE GOVERNED BY AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK (INCLUDING WITHOUT LIMITATION SECTION 5-1401 AND SECTION 5-1402 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK), WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES.** Any legal action or proceeding with respect to this Agreement or any other Loan Document may be brought in the courts of the State of New York in Borough of Manhattan, or of the United States for the Southern District of New York and, by execution and delivery of this Agreement, the Borrower hereby irrevocably accepts for itself and in respect of its property, generally and unconditional, the nonexclusive jurisdiction of such courts. SECTION 11.21 Binding Effect. This Agreement shall become effective at such time when: (a) it shall have been executed by the Borrower, the Collateral Agent, the Depositary, the Custodian and the Administrative Agent, and the Administrative Agent shall have received

copies hereof (telexed or otherwise) which, when taken together, bear the signatures of each Lender, and (b) each of the conditions set forth in ARTICLE IV shall have been satisfied or waived, and thereafter this Agreement shall be binding upon and inure to the benefit of the Borrower, the Administrative Agent, the Collateral Agent and each Lender and their respective successors and assigns.

SECTION 11.22 Federal Income Tax Treatment. The Borrower, each Lender, the Administrative Agent, and each assignee and successor thereto hereby agrees to treat the Loans as indebtedness for federal income tax purposes, and shall maintain such position in all returns and proceedings relating to such federal income taxes, unless required otherwise pursuant to a final "determination" within the meaning of Section 1313 of the Code.

SECTION 11.23 Contractual Recognition of Bail-In. Notwithstanding any other term of any Loan Document or any other agreement, arrangement or understanding between the parties hereto, each party hereto acknowledges and accepts that any liability of any party hereto to any other party hereto under or in connection with the Loan Documents may be subject to Bail-In Action by the relevant Resolution Authority and acknowledges and accepts to be bound by the effect of:

- (a) any Bail-In Action in relation to any such liability, including (without limitation):
 - (i) a reduction, in full or in part, in the principal amount, or outstanding amount due (including any accrued but unpaid interest) in respect of any such liability;
 - (ii) a conversion of all, or part of, any such liability into shares or other instruments of ownership that may be issued to, or conferred on, it; and
 - (iii) a cancellation of any such liability; and
- (b) a variation of any term of any Loan Document to the extent necessary to give effect to any Bail-In Action in relation to any such liability.

SECTION 11.24 Limited Recourse and Non-Petition.

(a) In the absence of fraud, willful misconduct or gross negligence on the part of the Borrower or the Borrower's officers, directors or direct or indirect shareholders or owners, the Borrower's liability under the Loan Documents and the Protected Parties' recourse to the Borrower and their assets under the Loan Documents shall be limited solely to amounts payable under Collateral pledged under, or recovered by the Protected Parties in enforcing, the Collateral Documents.

ARTICLE II

CONVEYANCE OF THE RAILCARS AND LEASES

Section 2.1 Conveyance of the Railcars and Leases.

- (a) Subject to the terms and conditions of this Agreement, on and after the date of this Agreement,
 - (i) TRLWT Seller hereby agrees to Sell to the Purchaser, without recourse (except to the extent specifically provided herein or in the applicable Bill of Sale

and Assignment and Assumption), all right, title and interest of TRLWT Seller in and to (A) certain Railcars and related Leases as identified from time to time on a Delivery Schedule delivered by TRLWT Seller in accordance with this Agreement and (B) all Related Assets with respect thereto, and

(ii) TILC Seller hereby agrees to Sell to the Purchaser, without recourse (except to the extent specifically provided herein or in the applicable Bill of Sale and Assignment and Assumption), all right, title and interest of TILC Seller in and to (A) certain Railcars and related Leases as identified from time to time on a Delivery Schedule delivered by TILC Seller in accordance with this Agreement and (B) all Related Assets with respect thereto, *provided*, that if TILC Seller is the sole equity Member of the Purchaser at the time of such sale, and to the extent that the portion of the Purchase Price for such sale paid by the Purchaser to TILC Seller in cash is less than the total dollar amount of the Purchase Price, the balance shall be deemed to have been contributed (a "**Contribution**") by TILC Seller as capital to the Purchaser (such transaction in the aggregate, a "**Sale/Contribution**"),

(b) The Purchaser in each case hereby agrees to purchase, acquire, accept and assume (including by an assumption of the obligations of the "lessor" under such Leases), all right, title and interest of each such Seller in and to such Railcars, related Leases and Related Assets. Each Seller hereby acknowledges that each Conveyance by it to the Purchaser hereunder is absolute and irrevocable, without reservation or retention of any interest whatsoever by such Seller.

(c) The Sales of Railcars, related Leases and Related Assets by TRLWT Seller to the Purchaser and the Sales or Sales/Contributions (as the case may be) of Railcars, related Leases and Related Assets by TILC Seller to the Purchaser pursuant to this Agreement are, and are intended to be, absolute and unconditional assignments and conveyances of ownership (free and clear of any Encumbrances) of all of the applicable Seller's right, title and interest in, to and under such Railcars, related Leases and Related Assets for all purposes and, except to the extent specifically provided herein or in the applicable Bill of Sale and Assignment and Assumption, without recourse.

(d) It is the intention of each Seller and the Purchaser (i) that all Conveyances of Railcars, related Leases and Related Assets be true sales and/or contributions, as applicable, constituting absolute assignments and "true sales" for bankruptcy law purposes by the applicable Seller to the Purchaser, that are absolute and irrevocable and that provide the Purchaser with the full benefits of ownership of the assets so Conveyed and (ii) that the Railcars, related Leases and Related Assets that are Conveyed to the Purchaser pursuant to this Agreement shall not be part of the applicable Seller's estate in the event of the filing of a bankruptcy petition by or against such Seller under any bankruptcy or similar law. Neither any Seller nor the Purchaser intends that (x) the transactions contemplated hereunder be, or for any purpose be characterized as, loans from the Purchaser to the applicable Seller or (y) any Conveyance of Railcars, related Leases and/or Related Assets by any Seller to the Purchaser be deemed a grant of a security interest in the assets so Conveyed by such Seller to the Purchaser to secure a debt or other obligation of such Seller (except in the limited circumstance contemplated in subsection (e) immediately below).

(e) In the event that any Conveyances pursuant to this Agreement are deemed to be a secured financing (or are otherwise determined not to be absolute assignments of all of the applicable Seller's right, title and interest in, to and under the Railcars, related Leases and Related Assets so Conveyed, or purportedly so Conveyed hereunder), then (i) the applicable Seller shall be deemed hereunder to have granted to the Purchaser, and such Seller does hereby grant to the Purchaser, a security interest in all of such Seller's right, title and interest in, to and under such Railcars, related Leases and Related Assets so Conveyed or purported to be Conveyed, securing the purported repayment obligation presumably deemed to exist in respect of such deemed secured financing, and (ii) this Agreement shall constitute a security agreement under applicable law.

(f) The Sellers shall on the Closing Date, and either or both the TRLWT Seller and/or the TILC Seller shall, as the case may be, on any other Delivery Date, deliver to the Purchaser a Delivery Schedule identifying the Railcars and Leases to be Conveyed by such Seller to the Purchaser on such date.

(g) The price paid for Railcars, related Leases and Related Assets which are Conveyed hereunder shall be the Purchase Price with respect thereto. Such Purchase Price shall be paid

(i) in the case of TRLWT Seller, by means of the Purchaser's immediate cash payment in the full amount of the Purchase Price to TRLWT Seller by wire transfer on the Closing Date (or other Delivery Date) in respect of which TRLWT Seller has delivered a Delivery Schedule, and

(ii) in the case of TILC Seller, by means of the Purchaser's immediate cash payment of the portion of the Purchase Price that the Purchaser has available to it for such purpose to TILC Seller by wire transfer on the Closing Date (or other applicable Delivery Date) in respect of which TILC Seller has delivered a Delivery Schedule, with the Contributed remainder of such Purchase Price to be reflected by means of proper accounting entries being entered upon the accounts and records of TILC Seller and Purchaser,

with such wire transfers in each case to be made to an account designated by the applicable Seller to the Purchaser on or before the applicable Delivery Date.

(h) On and after each Delivery Date and related Purchase Price payment as aforesaid, the Purchaser shall own the Railcars, related Leases and Related Assets Conveyed to the Purchaser on such date, and the applicable Seller shall not take any action inconsistent with such ownership and shall not claim any ownership interest in such assets.

(i) Until the replacement of TILC as Servicer pursuant to the terms of the Servicing Agreement, TILC, as Servicer, shall conduct the administration, management and collection of the Railcars, related Leases and Related Assets Conveyed to Purchaser pursuant hereto and shall take, or cause to be taken, all such actions as may be necessary or advisable to administer, manage and collect such Conveyed Railcars, related Leases and Related Assets, from time to time, all in accordance with the terms of the Servicing Agreement.

ARTICLE III

- (vi) copies of proper UCC financing statement terminations or partial terminations, STB or Registrar General of Canada filings, accurately describing the Conveyed Railcars and Leases, or other similar instruments or documents, in form and substance sufficient for filing under applicable law of any and all jurisdictions as may be necessary to effect or evidence a release or termination of any pre-existing Encumbrance evidenced by an existing filing of record in the applicable UCC, STB or Registrar General of Canada filing office against the Conveyed Railcars, related Leases and Related Assets.

Section 3.2 Conditions Precedent to All Conveyances. The Conveyances to take place on any Delivery Date hereunder shall be subject to the further conditions precedent that:

(a) The following statements shall be true:

- (i) the representations and warranties of each applicable Seller contained in Article IV shall be true and correct on and as of such Delivery Date, both before and after giving effect to the Conveyance to take place on such Delivery Date and to the application of proceeds therefrom, as though made on and as of such date; and

(ii) each such Seller shall be in compliance with all of its covenants and other agreements set forth in this Agreement and the other Conveyance Documents to which it is a party.

(b) The Purchaser shall have received a Delivery Schedule, dated the date of the applicable Delivery Date, executed by the applicable Seller, listing the Railcars and Leases being Conveyed on such date.

(c) The applicable Seller shall have taken such other action, including delivery of approvals, consents, opinions, documents and instruments to the Purchaser, as the Purchaser may reasonably request.

(d) The applicable Seller shall have taken all steps necessary under all applicable law in order to Convey to the Purchaser the Railcars described on the applicable Delivery Schedules, all Leases related to such Railcars and all Related Assets related to such Railcars and/or Leases, and upon the Conveyance of such Railcars, related Leases and Related Assets from the applicable Seller to the Purchaser pursuant to the terms hereof, the Purchaser will have acquired on such date good and marketable title to and a valid and perfected ownership interest in the Conveyed Railcars, related Leases and Related Assets, free and clear of any Encumbrance (other than Permitted Encumbrances).

TRLWT Seller makes the following representations and warranties for the benefit of the Purchaser, the Administrative Agent, the Collateral Agent and the Lenders, on which the Purchaser relies in acquiring the Railcars, related Leases and Related Assets Conveyed by TRLWT Seller hereunder. Such representations are made as of each Delivery Date and at such other times specified below.

(a) TRLWT is a statutory trust duly organized, validly existing, and in good standing under the laws of the State of Delaware, is duly licensed or qualified and in good standing in each jurisdiction in which the failure to so qualify would have a material adverse effect on its ability to carry on its business as now conducted or to execute, deliver and perform its obligations under the applicable Conveyance Documents, has the power and authority to carry on its business as now conducted, and has the requisite power and authority to execute, deliver and perform its obligations under the applicable Conveyance Documents.

(b) The applicable Conveyance Documents have been duly authorized by all necessary entity action by TRLWT, and duly executed and delivered by TRLWT, and (assuming the due authorization, execution and delivery by each other party thereto) constitute the legal, valid and binding obligations of TRLWT, enforceable against TRLWT in accordance with their respective terms except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity.

(c) The execution, delivery and performance by TRLWT of the applicable Conveyance Documents and compliance by TRLWT with all of the provisions thereof do not and will not contravene or, in the case of clause (iii), constitute (alone or with notice, or lapse of time or both) a default under or result in any breach of, or result in the creation or imposition of any Encumbrance (other than pursuant to this Agreement) upon any property of TRLWT pursuant to, (i) any law or regulation, or any order of any court or governmental authority or agency applicable to or binding on TRLWT or any of its properties, or (ii) the provisions of, or constitute a default by TRLWT under, its certificate of trust or trust agreement or (iii) any indenture, mortgage, contract or other agreement or instrument to which TRLWT is a party or by which TRLWT or any of its properties may be bound or affected except, with respect to clause (iii), where such contravention, default or breach would not reasonably be expected to materially adversely affect TRLWT's ability to perform its obligations under the applicable Conveyance Documents or materially adversely affect its financial condition or business.

(d) There are no proceedings pending or, to the knowledge of TRLWT, threatened against TRLWT in any court or before any governmental authority or arbitration board or tribunal that, if adversely determined, would reasonably be expected to materially adversely affect TRLWT's ability to perform its obligations under the applicable Conveyance Documents or materially adversely affect its financial condition or business.

(e) TRLWT is not (x) in violation of any term of any charter instrument or operating agreement or (y) in violation or breach of or in default under any other agreement or instrument to which it is a party or by which it may be bound except, in the case of clause (y), where such violation would not reasonably be expected to materially adversely affect TRLWT's ability to perform its obligations under the applicable Conveyance Documents or materially adversely affect its financial condition or business. TRLWT is in compliance with all laws, ordinances, governmental rules and regulations to which it is subject, the failure to comply with which would have a material and adverse effect on its operations or condition, financial or otherwise, or would impair the ability of TRLWT to perform its obligations under the applicable Conveyance Documents, and has obtained all licenses, permits, franchises and other governmental authorizations material to the conduct of its business.

(f) No consent, approval or authorization of, or filing, registration or qualification with, or the giving of notice to, any trustee or any holder of indebtedness of TRLWT or any governmental authority on the part of TRLWT is required in the United States in connection with the execution and delivery by TRLWT of the applicable Conveyance Documents (other than as contemplated thereby), or is required to be obtained in order for TRLWT to perform its obligations thereunder in accordance with the terms thereof, other than (i) as may be required under applicable laws, ordinances, governmental rules and regulations to be obtained, given, accomplished or renewed at any time after the applicable Delivery Date in connection with the performance of its obligations under the applicable Conveyance Documents and which are routine in nature and are not normally applied for prior to the time they are required, and which TRLWT has no reason to believe will not be timely obtained, and (ii) as may have been previously obtained in accordance with clause (i) immediately above.

(g) The location of TRLWT (within the meaning of Article 9 of the UCC) is in the State of Delaware. TRLWT has not been known by any name other than Trinity Rail

(h) TRLWT is solvent and will not become insolvent after giving effect to any Conveyance contemplated by this Agreement; after giving effect to each Conveyance contemplated by this Agreement, TRLWT will have an adequate amount of capital to conduct its business in the foreseeable future; and TRLWT does not intend to incur, nor believe that it has incurred, debts beyond its ability to pay as they mature.

(i) TRLWT will treat the transactions effected by this Agreement as sales of assets to the Purchaser in accordance with U.S. GAAP. TRLWT's financial records shall reflect that the Railcars and Leases Conveyed hereunder have been Conveyed to the Purchaser, are no longer owned by TRLWT and are not intended to be available to the creditors of TRLWT.

(f) No consent, approval or authorization of, or filing, registration or qualification with, or the giving of notice to, any trustee or any holder of indebtedness of TILC or any governmental authority on the part of TILC is required in the United States in connection with the execution and delivery by TILC of the applicable Conveyance Documents (other than as contemplated thereby), or is required to be obtained in order for TILC to perform its obligations thereunder in accordance with the terms thereof, other than (i) as may be required under applicable laws, ordinances, governmental rules and regulations to be obtained, given, accomplished or renewed at any time after the applicable Delivery Date in connection with the performance of its obligations under the applicable Conveyance Documents and which are routine in nature and are not normally applied for prior to the time they are required, and which TILC has no reason to believe will not be timely obtained, and (ii) as may have been previously obtained in accordance with clause (i) immediately above.

(g) All information provided in the applicable Delivery Schedule, including each schedule thereto, is true and correct on and as of the related Delivery Date, including without limitation, all information provided therein with respect to each Railcar purported to be covered thereby and all information provided therein with respect to each Lease relating to any such Railcar. (b) Due Qualification. The Purchaser is duly qualified (except where the failure to be so qualified would not have a material adverse effect on its ability to carry on its business as now conducted or as contemplated to be conducted) to do business as a foreign limited liability company in good standing, and has obtained all necessary licenses (except to the extent that such failure to obtain such licenses is inconsequential) and approvals in all

jurisdictions in which the ownership or lease of its property or the conduct of its business requires such qualification, licenses and/or approvals.

(c) Power and Authority. The Purchaser has the power, authority and legal right to execute and deliver this Agreement and to carry out the terms hereof and to acquire the Railcars and Leases Conveyed hereunder; and the execution, delivery and performance of this Agreement and all of the documents required pursuant hereto have been duly authorized by the Purchaser by all necessary action.

(e) Binding Obligation. This Agreement constitutes a legal, valid and binding obligation of the Purchaser, enforceable against the Purchaser in accordance with its terms, subject, as to enforceability, to applicable bankruptcy, insolvency, reorganization, conservatorship, receivership, liquidation or other similar laws affecting the enforcement of creditors' rights generally and general principles of equity.

(f) No Violation. The execution, delivery and performance by the Purchaser of this Agreement, the consummation of the transactions contemplated by this Agreement and the other Conveyance Documents to which it is a party and the fulfillment of the terms of this Agreement and the other Conveyance Documents to which it is a party do not and will not conflict with, result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time) a default under, the organizational documents of the Purchaser, or conflict with or breach any of the terms or provisions of, or constitute (with or without notice or lapse of time) a default under, any indenture, agreement, mortgage, deed of trust or other instrument to which the Purchaser is a party or by which the Purchaser is bound or to which any of its properties are subject, or result in the creation or imposition of any lien upon any of its properties pursuant to the terms of any such indenture, agreement, mortgage, deed of trust or other instrument (other than liens created hereunder or under the Loan Agreement), or violate any law or any order, rule or regulation, applicable to the Purchaser or its properties, of any federal or state regulatory body, any court, administrative agency or other governmental instrumentality having jurisdiction over the Purchaser or any of its properties.

In the event of any breach of a representation and warranty made by the Purchaser hereunder, each Seller covenants and agrees that such Seller will not take any action to pursue any remedy that it may have hereunder, in law, in equity or otherwise, until a year and a day have passed since all Obligations under the Loan Agreement have been paid in full. Each Seller and the Purchaser agree that damages will not be an adequate remedy for a breach of this covenant and that this covenant may be specifically enforced by the Purchaser or any third party beneficiary described in Section 6.8.

Section 4.5 Indemnification.

(a) TILC Seller, or TRLWT Manager on behalf of TRLWT Seller, shall defend, indemnify and hold harmless the Purchaser, the Administrative Agent, the Collateral Agent and the Lenders, each of their respective Affiliates and each of the respective directors, officers, employees, successors and permitted assigns, agents and servants of the foregoing (each an "**Indemnified Person**") from and against any and all costs, expenses, losses, obligations, penalties, liabilities, damages, actions, or suits or claims of whatsoever kind or nature (whether or not on the basis of negligence, strict or absolute liability or liability in tort), that may be imposed upon, incurred by, suffered by or asserted against any Indemnified Person arising out of or resulting from any breach of such Seller's representations and warranties and covenants contained herein, except (A) those resulting solely from any gross negligence, bad faith or willful misconduct of the particular Indemnified Person claiming indemnification hereunder, (B) those in respect of taxes that are otherwise addressed by the provisions of (and subject to the limitations of) subsection (c) of this Section 4.5 below, or (C) to the extent that providing such indemnity would constitute recourse for losses due to the uncollectibility of sale proceeds (or any particular amount of sale proceeds) in respect of a Railcar due to a diminution in market value of such Railcar, or of Lease or other third party payments due to the insolvency, bankruptcy or financial inability to pay of the related Lessee or other third party (the matters contemplated by clauses (A), (B) and (C) may be referred to collectively as the "**Excluded Amounts**").

(b) TILC Seller, or TRLWT Manager on behalf of TRLWT Seller, will defend and indemnify and hold harmless each Indemnified Person against any and all costs, expenses, losses, obligations, penalties, liabilities, damages, actions, or suits or claims of whatsoever kind or nature (whether or not on the basis of negligence, strict or absolute liability or liability in tort), that may be imposed upon, incurred by, suffered by or asserted against such Indemnified Person, other than Excluded Amounts, arising out of or resulting from any action taken by such Seller, other than in accordance with this Agreement or the Loan Agreement or other applicable Transaction Documents, in respect of any portion of the Railcars, related Leases and Related Assets that are Conveyed hereunder.

(c) TILC Seller, or TRLWT Manager on behalf of TRLWT Seller, agrees to pay, and shall defend, indemnify and hold harmless each Indemnified Person from and against, any taxes (other than taxes based upon the income of an Indemnified Person and taxes that would constitute Excluded Amounts) that may at any time be asserted against any Indemnified Person with respect to the transactions contemplated in this Agreement, including, without limitation, any sales, gross receipts, general corporation, tangible or intangible personal property, privilege, or license taxes and costs and expenses in defending against the same, arising by reason of the acts to be performed by such Seller under this Agreement and imposed against such Person. Without limiting the foregoing, in the event that the Purchaser, the Administrative Agent, the Collateral Agent or the Lenders receives actual notice of any transfer taxes arising out of the Conveyance of any Railcar or Lease from such Seller to the Purchaser under this Agreement, on written demand by such party, or upon such Seller otherwise being given notice thereof, TILC Seller, or TRLWT Manager on behalf of TRLWT Seller, as applicable, shall pay, and otherwise indemnify and hold harmless the applicable Indemnified Person harmless, on an After-Tax Basis, from and against any and all such transfer taxes (it being understood that none of the Purchaser, the Administrative Agent, the Collateral Agent or the Lenders or any other Indemnified Person shall have any contractual obligation to pay such transfer taxes).

(d) TILC Seller, or TRLWT Manager on behalf of TRLWT Seller, shall defend, indemnify, and hold harmless each Indemnified Person from and against any and all costs, expenses, losses, obligations, penalties, liabilities, damages, actions, or suits or claims of whatsoever kind or nature (whether or not on the basis of negligence, strict or absolute liability or liability in tort), to the extent that any of the foregoing may be imposed upon, incurred by, suffered by or asserted against such Indemnified Person (other than Excluded Amounts) due to the negligence, willful misfeasance, or bad faith of the applicable Seller in the performance of its duties under this Agreement or by reason of reckless disregard of such Seller's obligations and duties under this Agreement.

(e) TILC Seller, or TRLWT Manager on behalf of TRLWT Seller, shall indemnify, defend and hold harmless each Indemnified Person from and against any costs, expenses, losses, obligations, penalties, liabilities, damages, actions, or suits or claims of whatsoever kind or nature (whether or not on the basis of negligence, strict or absolute liability or liability in tort), that may be imposed upon, incurred by, suffered by or asserted against such Indemnified Person, other than Excluded Amounts, as a result of the failure of any Railcar or Lease Conveyed hereunder to comply with all requirements of applicable law as of the applicable Delivery Date.

Indemnification under this Section 4.5 shall include reasonable fees and expenses of counsel and expenses of litigation. The indemnity obligations hereunder shall be in addition to any obligation that any Seller may otherwise have under applicable law or any other Transaction Document.

ARTICLE V

COVENANTS OF SELLER

Section 5.1. Protection of Title of the Purchaser.

(a) On or prior to the date hereof, each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall have filed or caused to be filed UCC-1 financing statements, STB or Registrar General of Canada filings (each in form proper for filing in the applicable jurisdiction) naming the Purchaser as purchaser or secured party, naming the Collateral Agent as assignee and describing the Railcars, related Leases and Related Assets Conveyed by it to the Purchaser as collateral, with the office of the Secretary of State of the State of Delaware and in such other locations as the Purchaser or the Collateral Agent shall have required. Without limiting the foregoing, each Seller, or TRLWT Manager on behalf of TRLWT Seller, hereby authorizes the Purchaser and/or any assignee thereof to prepare and file any such UCC-1 financing statements. From time to time thereafter, each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall authorize and file such financing statements or cause to be authorized and filed such continuation statements, all in such manner and in such places as may be required by law (or deemed desirable by the Purchaser or any assignee thereof) to fully perfect, preserve, maintain and protect the interest of the Purchaser under this Agreement, and the security interest of the Collateral Agent, in the Railcars, related Leases and Related Assets that are Conveyed hereunder and in the proceeds thereof. Each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall deliver (or cause to be delivered) to the Purchaser and the Collateral Agent file-stamped copies of, or filing receipts for, any document filed as provided above, following such filing in accordance herewith. In the event that a Seller, or TRLWT Manager on behalf of TRLWT Seller, fails to perform its obligations under this subsection, the Purchaser or the Collateral Agent may perform such obligations, at the expense of such Seller, or TRLWT Manager on behalf of TRLWT Seller, and each Seller, or TRLWT Manager on behalf of TRLWT Seller, hereby authorizes the Purchaser and grants to the Purchaser and the Collateral Agent an irrevocable power of attorney to take any and all steps in order to perform such obligations in such Seller's or in its own name, as applicable, and on behalf of such Seller, or TRLWT Manager on behalf of TRLWT Seller, as are necessary or desirable, in the determination of the Purchaser or Collateral Agent or any assignee thereof, with respect to performing such obligations.

(b) On or prior to the Closing Date and any other applicable Delivery Date hereunder, each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall take all steps necessary under all applicable law in order to transfer and assign to the Purchaser the Railcars and Leases being Conveyed on such date to the Purchaser so that, upon the Conveyance of such Railcar or Lease from such Seller to the Purchaser pursuant to the terms hereof on the applicable Delivery Date, the Purchaser will have acquired good and marketable title to and a valid and perfected ownership interest in such Railcars and Leases, free and clear of any Encumbrance (other than Permitted Encumbrances). On or prior to the applicable Delivery Date hereunder, each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall cooperate with the Purchaser in order to take all steps required under applicable law in order for the Purchaser to grant to the Collateral Agent a first priority perfected security interest in the Railcars and Leases being Conveyed to the Purchaser on such Delivery Date and, from time to time thereafter, each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall cooperate with the Purchaser in order to

take all such actions as may be required by applicable law (or deemed desirable by the Purchaser) to fully preserve, maintain and protect the Purchaser's ownership interest in, and the Collateral Agent's first priority perfected security interest in the Railcars and Leases which have been Conveyed to the Purchaser hereunder. Notwithstanding anything to the contrary in this Agreement, neither the TILC Seller nor the TRLWT Manager on behalf of TRLWT Seller, shall be required pursuant to this Agreement to make any filings, registrations or recordations in Mexico or under any Provincial Personal Property Security Act or other non-federal legislation in Canada.

(c) A Seller, or TRLWT Manager on behalf of TRLWT Seller, shall not change its name, identity, jurisdiction of organization or corporate structure in any manner that would or could make any financing statement or continuation statement filed by Purchaser in accordance with this Agreement seriously misleading within the meaning of § 9-506 of the UCC (or any similar provision of the UCC), unless such Seller shall have given the Purchaser, the Administrative Agent and the Collateral Agent at least 30 days' prior written notice thereof, and shall promptly file and hereby authorizes the Purchaser or the Collateral Agent to file appropriate new financing statements or amendments to all previously filed financing statements and continuation statements.

(d) Each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall give the Purchaser, the Administrative Agent and the Collateral Agent at least 30 days' prior written notice of any relocation of its jurisdiction of organization if, as a result of such relocation, the applicable provisions of the UCC would require the filing of any amendment of any previously filed financing or continuation statement or of any new financing statement. Each Seller, or TRLWT Manager on behalf of TRLWT Seller, shall at all times maintain its jurisdiction of organization, each office from which it manages or purchases Railcars and Leases and its principal executive office within the United States of America.

Section 5.2. Other Liens or Interests. Except for the Conveyances hereunder, a Seller will not sell, pledge, assign, transfer or otherwise convey to any other Person, or grant, create, incur, assume or suffer to exist any Encumbrance on the Railcars and Leases Conveyed hereunder or any interest therein (other than Permitted Encumbrances), and TILC Seller, or TRLWT Manager on behalf of TRLWT Seller, shall defend the right, title and interest of the Purchaser and the Collateral Agent in and to such Railcars and Leases against all Encumbrances or claims of Encumbrances of third parties claiming through or under such Seller. To the extent that any Railcar or Lease shall at any time secure any debt of the related Lessee to a Seller or any of its affiliates, such Seller agrees that any security interest in its favor arising from such a provision shall be subordinate to the interest of the Purchaser (and its further assignees) in such Railcars and Leases.

This Agreement may not be modified, amended, waived or supplemented except as provided herein.

Section 6.4 Severability of Provisions. If any one or more of the covenants, provisions or terms of this Agreement shall be for any reason whatsoever held invalid, then such covenants, provisions or terms shall be deemed severable from the remaining covenants, provisions or terms of this Agreement and shall in no way affect the validity or enforceability of the other provisions of this Agreement.

Section 6.5 Governing Law.

(a) THIS AGREEMENT SHALL, IN ACCORDANCE WITH SECTION 5-1401 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK, BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO ANY CONFLICTS OF LAW PRINCIPLES THEREOF THAT WOULD CALL FOR THE APPLICATION OF THE LAWS OF ANY OTHER JURISDICTION.

(b) Any legal action or proceeding with respect to this Agreement may be brought in the courts of the State of New York in Manhattan, or of the United States for the Southern District of New York and, by execution and delivery of this Agreement, each party hereto hereby irrevocably accepts for itself and in respect of its property, generally and

(c) unconditionally, the nonexclusive jurisdiction of such courts for the purposes of such legal action or proceeding. Each party hereto irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such proceeding arising out of or relating to this Agreement or the transactions related hereto brought in such court and any claim that any such proceeding brought in any such court has been brought in an inconvenient forum.

(d) Each of the parties hereto hereby consents generally in respect of any legal action or proceeding arising out of or in connection with this Agreement to the giving of any relief or the issue of any process in connection with such action or proceeding, including the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such action or proceeding.

(e) EACH PARTY TO THIS AGREEMENT HEREBY EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION ARISING HEREUNDER OR IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM WITH RESPECT TO THIS AGREEMENT OR THE TRANSACTIONS RELATED HERETO, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER FOUNDED IN CONTRACT OR TORT OR OTHERWISE; AND EACH PARTY HEREBY AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY, AND THAT ANY PARTY TO THIS AGREEMENT MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS SECTION WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE SIGNATORIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY.

Section 6.6 Counterparts. For the purpose of facilitating the execution of this Agreement and for other purposes, this Agreement may be executed simultaneously in any number of counterparts, each of which counterparts shall be deemed to be an original, and all of which counterparts shall constitute but one and the same instrument. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or other electronic transmission shall be effective as delivery of a manually executed counterpart of this Agreement.

Section 6.7 Binding Effect; Assignability.

(a) This Agreement shall be binding upon and inure to the benefit of each Seller, the Purchaser and their respective successors and assigns; *provided*, however, that a Seller may not assign its rights or obligations hereunder or any interest herein without the prior written consent of the Purchaser and the Administrative Agent (acting at the direction of the Required Lenders). The Purchaser may assign as collateral security all of its rights hereunder to the Collateral Agent, and such assignee shall have all rights of the Purchaser under this Agreement (as if such assignee were the Purchaser hereunder).

(b) This Agreement shall create and constitute the continuing obligation of the parties hereto in accordance with its terms, and shall remain in full force and effect until such

time when all Obligations under the Loan Agreement are paid in full; *provided*, however, that rights and remedies with respect to any breach of any representation and warranty made by or on behalf of a Seller pursuant to Article IV hereof shall be continuing and shall survive any termination of this Agreement.

Section 6.8 Third Party Beneficiaries. Each of the parties hereto hereby acknowledges that the Purchaser intends to assign as collateral security all of its rights under this Agreement to the Collateral Agent for the benefit of the Protected Parties under the Loan Agreement, and each Seller hereby consents to such assignment and agrees that upon such assignment, the Collateral Agent (for the benefit of the Protected Parties) and the Administrative Agent shall be a third party beneficiary of this Agreement and the Administrative Agent may exercise the rights of the Purchaser hereunder and shall be entitled to all of the rights and benefits of the Purchaser hereunder to the same extent as if it were party hereto.

In addition, whether or not otherwise expressly stated herein, all representations, warranties, covenants and agreements of the Purchaser, TRLWT and TILC (whether as a Seller or as TRLWT Manager) in this Agreement or in any document delivered by any of them in connection with this Agreement (including without limitation, in any Delivery Schedule), shall be for the express benefit of the Administrative Agent, the Collateral Agent, the Lenders and each other Protected Party as express third party beneficiaries, and shall be enforceable by the Collateral Agent (acting at the direction of the Required Lenders) as if such Person were a party hereto.
